

With the railroad now rests in the hands of the representatives of the international unions involved.

After two conferences held during the day in the office of W. F. Kramer, secretary of the Blacksmiths and Helpers' international union, it was made known that no definite action would be taken until Tuesday.

Even should President Markham refuse another conference it is thought the union leaders will wait the ultimate outcome of the efforts of their president to reach an agreement with Julius Kruttschnitt, vice president of the Southern Pacific railroad, on a similar controversy.

SHOPMEN ARE NOT SURPRISED Had Anticipated that Kruttschnitt Would Not Confer with Federation.

Railroad shopmen in Omaha are not in the least surprised at the decision of Julius Kruttschnitt, director of maintenance and operation of the Harriman lines, in refusing to enter into a conference with the representatives of the non-federated union of shop workers.

Should there be a strike, in no event could it occur inside of thirty days, say the local labor leaders.

As an organization, the shopmen do not expect to hear anything from San Francisco or elsewhere that could possibly have any bearing on their case before the middle of next week, at the earliest.

The presentation of war scenes was preceded by a season of speecimaking, participated in by Charles Eppien, president of the Omaha I. O. O. F. lodge, who bade the visitors welcome to Omaha on behalf of the local German citizenry, and Mayor J. C. Dahlman, who spoke feelingly of the part the German-Americans have played in keeping America a free land and assured the visiting Teutons of the hearty welcome and the thoroughly good time which awaited them here.
