but Are Unsuccessful in Attempt.

"Husk" Bruggeman, assisted by some timely stick work of his helpmates, easily downed the Rock Island club of Chicago

at Rourke park Monday. Unlike the Bunday game, the visitors gathered a new lease of life in the fifth. when they almost knotted the count. Their hopes were soon blasted, for the giant heaver of the Browers settled, and but two Chicago athletes reached first station

during the remainder of the game. Some sharp fielding was induiged in by both clubs. Kucera and Quinn, the center gardeners, robbed Pruchs and Miller of two seemingly safe triples, while Drummy plucked Durkee's hurried throw with one

Pucha, of late with the Superior team of the Nebraska State league, cantered in right, in the absence of Doc. Weich. His slugging abilities were demonstrated in his first two trips to the plate, when he punctured two safe ones, that resulted in three of the first four runs, garnered by the Storz. McLean's, Drummy's and Durkee's willow work was also noticeable.

In the opener, Hall hit safe, was advanced and scored on Drummy's rap to left. Drummy scored on Prucha's hit. In the Rock Island half, with Miller and Roper occupying the first and third sacks, Bruggerman fanned Rosey and Yeager. Some solid stick work gave the Brewers

four in the third and fourth innings. Two sackers by Rosey and Yeager and wild heaves by Hachten and Drummy resulted in two scores for Chicago. The Windy city lads made a game struggle in the fifth, but fell short. Miller and Roper strolled. Roper's hit squirmed through Eastman's pins, allowing aforesaid mentioned athletes to job across. Harper scored on Hornbeck's tap to the slab. After that Owen secured a lone hit in the seventh, but it came after two were down. Wishart's spell of wildness placed the game on ice for the Storz, after raising the total to 2.

New Vice-Principal to Take Part in School Athletics

Prof. C. E. Read, the new viceprincipal at the high school, is heartily in favor of athletics. He expects to take an active interest in foot ball this year, and will accompany the team on all trips away from home. Prof. Reed was born in Ohio in

1875 and spent his early life in that state. He graduated from Wooster college in 1896 at the age of 21, but did not play college foot ball, as the ban was on the game at that time in Ohio. He took part in other forms of athletics, however, especially base

His next eleven years were spen! in teaching in Ohio and Pennsylvania. He was principal of the high school at Marietta. O., for seven years. While principal of the Ottumwa, la., high school in 1908-06. Prof. Reed was manager of the foot ball team there. Oftumwa won the high school championship of Iowa n 1908 by defeating the fast West Des Moines eleven. Ottumwa also won the banket ball championship of lows both years Prof. Reed was principal there. He was principal of the Council Bluffs high school last year and managed the foot ball team while there.

PROF. C. E. REED.

Larned Wins from McLoughlin in Straight Sets

tional Championship for Fifth Successive Year.

NEWPORT, R. I., Sept. 4.—For the fifth successive year and the eighth time in his women's tennis tournament in singles, which career, William A. Larned of Summit, N. | Started Monday morning at the Coun-J., won the national lawn tennis cham- try club. There are but sixteen entrants pionship by successfully defending his title in the tourney, and each of these players against Maurice E. McLoughlin of San has had considerable practice this summer Francisco in the challenge match, in and has played in the women's city tournstraight sets, 6-4, 6-2. McLoughlin was out- aments at the Field club. Entrance to the played in all departments of the game. Larned for twenty years has been one of the most important figures in American lawn tennis history. For six times he has ranked first and he has been second and third five years each. He has seldom since 1893 ranked below sixth.

Larned has represented America on five international tennis teams and he and McLoughlin have been picked for the team to represent this country against Great Britain in the preliminary Davis cup matches in New York this morning.

SECOND FOOT BALL TEAM AT O. H. S. TO HAVE SCHEDULE

Director Carns is Preparing for Some Out-of-Town Games for the Lads.

The Omaha High school will have a second foot ball team again this year, mays R.H.E. Athletic Director Raymond L. Carns. A second team schedule is now being arranged. One game has been secured with the second Lincoln eleven and negotiations R.H.E. are under way for games with Blair, Platts-

mouth and Glenwood, Ia.

HOLLYS WIN ANOTHER GAME

The Hollys continued their winning yesterday afternoon at Fort Omaha by defeating the Hoffmans of South Omaha by the score of & to & .

Kranda was on the mound for the Holls and pitched gilt-edged bail all the way through and was backed with fine support. Olson for the Hoffmans pitched good bail but his support was ragged at times and opportune hits by the Hollys when they needed runs gave them a lead which the Hoffmans could not overcome. Gillham was the particular star of the same, accepting nine assists out of ten of the thirteen assists of the game and had two put outs. He also was good with the stick. Summary:

HOLLYS. HOFFMANS.

Demand Was Greater Than Supply Then we learned of the great demand for

People who delayed in placing orders found they were too late. The factory could not

realize would be possible.

were spoken of.

The movement which started last year, increase its output and so at the close of the season was more than 2000 cars oversold. is being felt in a way that we did not then

Why We Now Handle

The Famous HUDSON "33"

HUDSON "33," backing our judgment with our funds-deposited

to assure our getting cars-should interest every business man.

the one advanced car of the past three years.

The Conditions which influenced us to contract for the

They give an additional assurance of the immense value of this-

Naturally we want to represent the car of the best value. We want the car that gives the least trouble to the user. Such a car means a more satisfactory business and greater profits. pied a prominent place in the industry. But everyone has not known the influence that has We were convinced the HUDSON "33" was such a car and so set ourselves to get its representation for this territory. We realized that other cars had been reduced in price because of the keen competition this new one of simplicity had created and recognized therefore what the situation would be in 1912 when the public would even more fully appreciate the greater value of the HUDSON "23."

> Our future, as we reasoned it, depended upon our getting the HUDSON. It was not easy to secure. Other dealers felt the same unmistakable preeminence of the HUDSON "33" and they, too, were after the prize.

Company Demands Much This condition of affairs placed the manufacturers in an independent position. We found that the contract for this section was not to go to the first applicant. The concern that secured it must show something more than an

ability to make sales. What the manufacturers wanted to know more than anything else was our facilities for giving HUDSON owners the kind of service

that is required from all their dealers. Finally we satisfied officials of the compan that we have the facilities to carry out such policies. Our contract for a quantity of cars was accepted. To guarantee our fulfilling all requirements we deposited a large sum of money with the manufacturers.

Did Not Act Hastily

Don't think that we rushed blindly into this arrangement. It means a great deal more us than the purchase of

could possibly mean to you. We have staked our business future with the HUDSON "33," We have made a cash deposit as evidence that we will enthusiastically and aggressively carry out the company's policies of giving service to

We have had every opportunity for thoroughly investigating what we were about. The further we went into the proposition, the more we learned about the HUDSON "33," and the more intimately we became acquainted with the officials and representatives of the company, the more were we convinced that here was our opportunity for a larger success in the automobile business.

Then we had an opportunity to examine the 1912 HUDSON "33." That car we found to be even a greater value than the 1911 model.

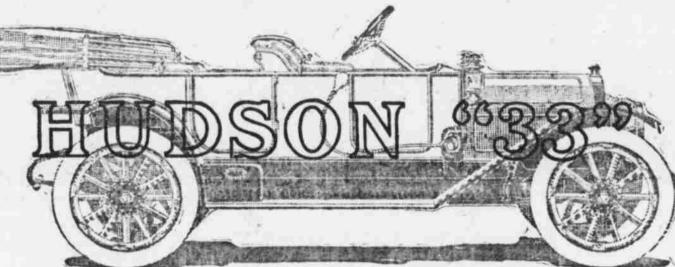

Does Such Faith Warrant Your Confidence?

The big thing which influenced us to want the HUDSGN "33" for this section, is the high standing of Howard E. Coffin and his staff of engineers and the enviable reputation of the HUDSON MOTOR CAR COMPANY. The men who make up its organization are ong the oldest in point of experience of any in the industry. They have all made many successes. They established and carried to a great success three of the best known autonobile concerns in America.

Leading dealers, in less than a month, contracted for all the cars the company could build in a year. That showed their faith.

We are backing the HUDSON "33" with our future-our reputation and our capital. That shows our faith.

Does not such faith, endorsed by such experience and judgment, warrant your confidence at least to the extent that you will buy bile until after you have first examined the HUDSON "33"?

HUDSON "33" Touring Car-\$1600 Complete

The HUDSON "33" is furnished in four models, all on the same chassis. The price of each model is \$1600 f. c. b. Detrois. The Touring car carries five passengers; the Torpedo four; the Roadster and the Mile-a-Minute Roadster two each. All models except the last are equipped with fore-doors, genuine mohair top and wind shield. Demountable Rims, extra tire rim, tire irons, 36 x 6 inch tires, highest grade black enameled lamps, Bosch magn sto, Prest-O-Lite tank, tools, etc.

"See the Triangle on the Radiator"

I want good live dealers in every good town in Nebraska and western lowa. Better look over the Hudson line before signing up 1912 contracts. Better write today for territory and dealer's proposition. Tomorrow may be too late. "Do it now."
