

First Glimpse of the New Fall Skirts

You will find our Skirt department a fashion center in itself—every new idea in style and fabric is being shown. Authoritative fall styles are a trifle wider, but still retain the graceful straight line effect. Plain panel front and back, some with side pleats. Empire waist is predominate. A chic and charming style is obtained in the use of many buttons in trimming.

Serges, fancy homespun, mannish mixtures, chiffon broadcloth and a stunning new corduroy velvet.

Lengths 34 to 39 inches.
Prices \$5.95 to \$14.75.

The new Middy Blouse Skirt, of all-wool navy blue serge, is deserving of special mention—very popular for school wear.
Sizes 22 to 26.
Price \$5.50.

GLYCK DRAWS FIRST CLAIM

Foxholm, N. D., Man Gets Big Prize in Berthold Reservation.

WORTH TEN THOUSAND DOLLARS

Thousands of landseekers brave the heavy rain to attend drawing that is held at Minot, North Dakota.

MINOT, S. D., Sept. 6.—E. Glyck of Foxholm, N. D., drew homestead No. 1 in the Berthold Indian reservation today.

The name of the winner was announced by Judge James W. Witten today to the thousands of landseekers who assembled here from every corner of the United States and braved a heavy rain to attend the drawing.

The claim drawn by the winner, who has his first choice of the 160,000 acres of fertile soil, is valued at from \$10,000 to \$15,000.

Promptly at Ten O'Clock.

According to the plans of Judge Witten, who is in charge of the drawing, Robert Hanna, young son of Congressman Hanna, walked blindfolded to the center of the huge platform strewn with envelopes promptly at 10 o'clock and picked up an envelope.

Douglas Devine, son of former Governor J. M. Devine, will draw No. 2 and then the boys will alternate in picking up envelopes. The drawing will continue three days.

Mr. Glyck, who drew claim No. 1, is 23 years of age and owns 121 acres of land two miles from Foxholm, N. D.

He is an American and came to North Dakota several years ago. In 1893 he married Miss Clara Clifford of Illinois. Mr. Glyck is in Wisconsin and left no address when he departed.

No. 2 was drawn by John Wolden of Dulworth, Minn., and No. 3 by Edwin A. Duval of Minot, N. D. Of the first seventy-three names drawn, fifty-four were those of North Dakota residents and ten from Minnesota.

The lucky ones from other states than North Dakota in today's drawing were:

No. 4, F. N. Blenkhoff, Mount Idaho, Wis.
No. 5, Anna Dodge, Timberlake, S. D.
No. 6, Matt Simons, Grand Rapids, Mich.
No. 21, Thomas W. White, 510 Indiana avenue, Des Moines.
No. 26, Hugh McCaffery, Watertown, S. D.
No. 42, Myrtle, Williams, Owasco, Ia.

NAME COMMITTEE TO DRAW UP BRIEF IN RATE CASE

Membership of Body that Will Present State's Side of Case in High Tribunal Announced.

(From a Staff Correspondent.)

LINCOLN, Neb., Sept. 6.—(Special Telegram)—Commissioner H. J. Winnett of the Nebraska Railway commission has appointed George A. Henshaw of the Oklahoma Railway commission, Henry T. Clarke of the Nebraska commission and Attorney John M. Marshall of the Kansas commission as members of a committee to prepare a brief and present it to the supreme court of the United States in the Minnesota passenger rate case. The appointees were recommended by their respective commissions.

Iowa and South Dakota have not yet chosen their committeemen. Mr. Winnett announces that the committee is to select its own chairman.

A. J. Vierling of Omaha has informed Governor Aldrich that a press of business duties will prevent him from serving on the committee appointed by the governor to draft an employers' liability bill to present to the next legislature.

DES MOINES FORT IS DAMAGED

Two Cavalry Stables Destroyed and One Set of Quarters is Badly Damaged.

Reports were received Tuesday morning at the headquarters of the Department of the Missouri of a disastrous fire which occurred Monday afternoon at Fort Des Moines. Damage to the amount of \$50,000 was incurred. Two cavalry stables were completely destroyed and one set of quarters was badly damaged.

DEATH RECORD.

Mrs. Mary McVey.

Funeral services for Mrs. Mary McVey will be conducted Thursday morning at 7 o'clock at St. John's church. Twenty-fifth and California streets, and the body will be taken to Plattsmouth for burial. Mrs. McVey died early Tuesday morning at her residence, 278 Burt street. She was 56 years old, and died of paralysis. The McVey family came to this city from Plattsmouth about eleven years ago.

Rush of Settlers Going to Dakota

Fillings for Mellette and Bennett County Land Greater in Number Than at Bonesteel.

The Northwestern offices in Omaha are in receipt of reports indicating that the rush of settlers to Mellette and Bennett counties in South Dakota, soon to be thrown open to settlement is likely to be much greater than that which occurred some years ago when the Bonesteel country went upon the market.

In view of the probable rush to the agricultural section of South Dakota the Northwestern has arranged to place 175 coaches in the service to handle the crowds going to Dallas and Gregory, where registration will begin October 1.

While registration will be at Dallas and Gregory, it is expected that most of the prospective settlers will go on to Winner, the last town on the western extension of the Northwestern. This town, while in Trip county, is but one-half mile from the Mellette county line, and Mellette is one of the counties in which the free land is located. The next town west is in Mellette county and is without a railroad, though it has a population of 200. It has been named Carter and gives promise of becoming the seat of government as soon as the county is located.

SOUTH DAKOTA LAND GOES UP

Half Section Advances Thousand a Year for Fifteen Years.

SIOUX FALLS, S. D., Sept. 6.—(Special.)—A good illustration of how South Dakota farm land has advanced in value during the last twelve or fifteen years is furnished by the sale a day or two ago of what is known as the John McDonnell half section farm near the village of Montrose, McCook county, west of Sioux Falls. The farm was sold to Frederick McNeil for \$25,000 per acre, or an aggregate of \$125,000 for the 500 acres. The half section was purchased by McDonnell about fifteen years ago for a sum less than \$2,000, so that during the fifteen years he was the owner of the tract the land increased at the rate of about \$1,000 per year. In addition to profiting from this great increase in the value of the land, McDonnell each season during the fifteen years raised good crops on the farm, the crops alone having paid for the land many times over.

LARRABEE MAY MAKE RACE

State Senator at Fort Dodge Likely to Enter Contest for Governor Next Election Time.

FORT DODGE, Ia., Sept. 6.—(Special Telegram)—State Senator Frederick Larrabee, interviewed today concerning a report he will run for governor at the next election, said: "I have given the matter no serious thought, but friends are urging me and I may have something to say later on."

INDIAN BIDS AT ST. LOUIS

ST. LOUIS, Sept. 6.—(Special Telegram.)—The Interior department at Washington yesterday notified the Business Men's league the proposals for Indian supplies would be received at St. Louis and Chicago this autumn instead of Chicago and Omaha.

In the past the Interior department received bids at St. Louis, New York, Chicago and San Francisco. Bids for articles which St. Louis can sell cheapest will be served here and similar consideration will be accorded Chicago. Merchants of other cities can, and probably will, enter the competition at both St. Louis and Chicago.

PRISONER IS SENT TO THE COUNTY HOSPITAL

Several Others Plead Not Guilty When Arraigned in Criminal Court.

Morris Nicholson, a 15-year-old boy, charged with wife and child abandonment, was so sick he hardly could stand up because Judge Estelle when he was arraigned in criminal court Wednesday. He pleaded not guilty and begged to be sent to the county hospital. His request was granted. He is threatened with appendicitis.

Charles Madden pleaded not guilty to a charge of grand larceny from an Illinois Central railroad car. Dan Hulin pleaded not guilty to a charge of breaking and entering the home of Dan Lynch and stealing some jewelry. Joseph Bell pleaded not guilty to a charge of assaulting Antonio Dominguez with intent to rob.

HILL SPEEDING MAY BE FATAL

NEW SHARON, Ia., Sept. 6.—(Special.)—While speeding a car down a steep hill last night Montgomery Powers, a chauffeur and mechanic received injuries from which he lies at the point of death at an Oskaloosa hospital. The car becoming unmanageable ran into a ditch and turned over twice, lighting on its wheels.

HEAVY RAIN IN SOUTH DAKOTA

SIOUX CITY, Ia., Sept. 6.—Dispatches from South Dakota report heavy rainfall, one to two inches, over a large part of that state last night and today.

POST CARD DAY AT IOWA FALLS

Citizens Send Out More Than Fifteen Thousand Advertising the Town.

IOWA FALLS, Ia., Sept. 6.—(Special.)—This city's first "Post Card day" was a big success and thousands of post cards were sent broadcast all over the country by citizens of Iowa Falls, calling attention to the beauties and opportunities of the city as a place for a home and business. It is estimated by Postmaster W. E. Wolden that over 15,000 post cards were mailed on "Post Card day." The details of the day were arranged by the Commercial club and a systematic canvass made of the city in the sale of the cards and as the majority of those solicited responded the occasion was a very successful one. On the basis of 15,000 approximately \$300 was spent in making the day a success.

M'HUGH PUTS IN HURD LETTER

Attorney for Rock Island Seeks to Show Rate Cannot Be Based on Physical Values.

(From a Staff Correspondent.)

LINCOLN, Neb., Sept. 6.—(Special.)—W. W. McHugh of Omaha, representing the Rock Island railroad company at today's hearing before the state railway commission on the physical valuation of that road and the Burlington, secured the admission as evidence of letter issued by Chief Engineer Hurd of the physical valuation department to his assistants. The letter was an interpretation of various terms used by engineers, and indicates that Mr. Hurd includes in his scheme of valuation the intangible value of the road. It is understood that the roads secured the introduction of this evidence in order to prove that rates cannot be based on a strictly physical valuation, other factors being required.

SUES MISSOURI PACIFIC ROAD

Arkansas Farmer Hurt in Wreck at Union Wants Twenty Thousand.

NRAHASK, City, Neb., Sept. 6.—(Special.)—Amos A. Hubbard of Salado, Ark., has filed a suit in the district court here against the Missouri Pacific railway for \$20,000 for injuries received in a railway wreck at Union on October 19, 1910. He claims to have boarded the main line train at Omaha and went to sleep in one of the chair cars and while at Union in the switching of the cars there was a collision and the plaintiff claims he was rendered unconscious and remained that way until he reached Kansas City and has not been able to work any since that time. He is a farmer and had been up north in quest of land and was returning home when the accident occurred, but as yet has no clear recollection of how it happened or what he did after he was injured and today all of that time is a blank.

CHILDREN SCHOOL PRINCIPAL III

HILDRETH, Neb., Sept. 6.—(Special.)—The public school opened today, a day late, with Miss Anna Eggenberger in charge of the following corps of teachers used by the city: Assistant principal, Miss Pearl O'Neal, grammar department; Mrs. Jennie Pool, third and fourth grades; Miss Velma Satchel, first and second grades; and Miss Elsie Cuderkirk, primary. Mr. August Eggenberger, principal, is convalescing from an attack of typhoid fever, and his sister has taken charge of the school until he is able to enter the work.

Mrs. Amanda Popejoy.

POPEJOY, Ia., Sept. 6.—(Special.)—Mrs. Amanda Popejoy, aged 58, the wife of the late I. L. Popejoy, the founder of this town, died last night at her home here. Mrs. Popejoy was born in New Hampshire in 1852. She and her husband settled in Iowa in 1855.

HIDES BOMB UNDER HIS COAT

Italian is Arrested in Connection with Explosions in New York.

HE IS HELD UNDER NEW LAW

Police Hope to Connect Him with Recent Outrages—Can Be Given Seven Years for Having Bomb in Possession.

NEW YORK, Sept. 6.—With a dapper young Italian, believed to be one of the country's master criminals, in their hands, the police today spread their nets for the gang of bomb throwers, blackmailers and kidnapers that have terrorized the Italian settlement here for the last four years. Giuseppe Castabile, who was arrested yesterday with a dynamite bomb under his coat, will be arraigned today under the new law which makes the mere possession of a deadly weapon a felony, but the police hope to prove against him far more serious crimes.

"In many ways, Castabile is the most important prisoner we have ever entertained," said Police Inspector Hughes. "There have been seventeen bomb explosions in the Italian quarters in the last month; how many of these Castabile, who was known as 'The Fox' and his underlings are responsible for, I don't know, but I hope to fasten enough on him to remove him from the scene of operations for some time."

The detention of Castabile in \$5,000 bail proved the value of the "new deadly weapon" law; and for the mere possession of a bomb "The Fox" may be sent to prison for seven years. This law was passed particularly to assist the police against elusive Italian criminals whom it is difficult to convict because their victims are afraid to testify against them.

Civic Questions on League Program

Executive Committee of Municipal Organization Lays Plans for Meeting in Omaha.

(From a Staff Correspondent.)

LINCOLN, Neb., Sept. 6.—Tentative plans for the annual meeting of the Nebraska League of Municipalities in Omaha November 18 and 17, have been made by Councilman Louis Berka of Omaha, Ed Lehmkuhl of Wahoo and City Clerk Orman of Lincoln, members of the executive committee of the league. Final arrangements depend upon the approval of President R. P. Starr of Loup City and Mayor Miles of Hastings, other members of the committee who have not yet arrived in Lincoln.

The tentative program includes addresses by State Fire Commissioner Johnson on "Fire Protection System," Prof. Crowley of Creighton university on "Purification of Water," Chief Donahue of Omaha on "The Berulion System," ex-Mayor Dan L. Love of Lincoln on "Municipal Ownership of Public Utilities."

The third day of the session will be given over to discussions on uniform systems of accounting, paving, repaving and grading, and the methods of assessing the cost of such improvements. City Engineers Dohsen of Lincoln and Craig of Omaha will lead in the latter discussions.

MRS. BOYNE SUES TO GET COIN HUSBAND LOST AT PLAY

Number of Men Alleged to Have Been Involved in Separating Him from His Money.

(From a Staff Correspondent.)

LINCOLN, Neb., Sept. 6.—(Special.)—Seeking to recover \$4,250 which she alleges her husband lost in two gambling houses in Grand Island, Mrs. Marie Boyne today brought two suits in the Lancaster county district court against twenty-four alleged gamblers. Willard C. Boyne is the husband who is said to have been fleeced.

The first suit is brought against Frank Phillips, James Durban and Fred Latham, who are gambling house proprietors, and against Harvey Thompson, Ed Hart, John Britt, Fred Palmer, Ed Morenci, Warren Kennedy, Clinton Brumley, Henry Peck, F. H. Dugan and Eli Decker, whom Mrs. Boyne declares were "steers" for the establishment. In this place she claims that her husband lost \$1,250 in nine games between October 22 and December 4.

In the second suit, William L. Bowman, Harvey Thompson and Harry C. Roll are charged with doing the active work in separating Boyne from his coin. Nella Nelson, William Wilson, Ed Harte, Ed Morenci, Henry Peck, Clinton Brumley, John A. McMillin, F. H. Dugan, Fred Latham, Fred Palmer, Warren Kennedy, John Sullivan, Jacob Sullivan, Dan Sullivan, Richard Fuester and Charles Schaefer are charged with officiating as "steers." This company is said to have secured \$2,000 from Boyne.

In case Boyne ever won any of the games in which he participated, his wife falls to mention the fact in her petition to the court. She states that Boyne has assigned to her all his claims in the matter.

MORAN GRANTED NEW LICENSE

Revocation of Permit of the Kearney Saloon Keeper is Reconsidered.

KEARNEY, Neb., Sept. 6.—(Special.)—Martin M. Moran, saloonkeeper, charged with violating the Slocum law, convicted in police court and freed by a jury in district court, was granted a new license by the city council after a sharp fight, the vote standing four to two, some of the members of the council being absent. City Attorney S. C. Calkins was called before the council before the reconsideration of the revocation of the license was begun and the matter discussed with him. The council was at first disposed to keep Moran shut out because the district judge did not decree that a new license should be granted, but the city attorney held it would be legal, although the precedent for such a license had not been set. The license is provided for by statute, for the council to take the initiative in the matter. Moran was represented before the council by his lawyers.

WRESTLER AT FRASER, IA., CANNOT CONTROL GAS BAG AND IS CARRIED HIGH INTO AIR

BOONE, Ia., Sept. 6.—(Special.)—Kid Ross, a wrestler from Iowa, who was on for an exhibition wrestling match at the Labor day celebration in Fraser got a ride in a runaway balloon which carried him 2,000 feet in the air and two miles over the Des Moines river toward Ogdon. Ross had never before taken a ride and jokingly asked the balloonist if he could not go up instead of the regular man. Being told yes, the youngster got on the trapeze and was off. In going up the balloon caught on a clump of trees and in swinging around the ropes caught on the parachute and tied the same in a knot. Ross had nothing to do but hang on and await death, as he thought. However, the man called up the distance and gradually drifted back to earth, with Ross unhurt but frightened.

HARRISON COUNTY Ministers Organize

Preachers from Different Towns Form Federation to Discuss Matters of Mutual Interest.

LOGAN, Ia., Sept. 6.—(Special.)—A ministerial federation was organized here yesterday by the ministers of Harrison county.

Rev. J. Thompson Baker, Presbyterian church of Logan was elected president; Rev. Clarence A. Miller, Christian church of Modale, vice president, and Rev. W. A. Gardner, Congregational church of Dunlap, secretary and treasurer.

The meeting will be held in the different towns in the county on the first Monday each odd month. Mondamin being selected for the next place of meeting.

The organization has for its object the discussion of questions of special interest to the clergyman, social and religious fellowship and the transacting of business that may warrant the co-operation of the church.

Rev. A. O. Broyles of the Baptist church of Logan, Rev. Mr. Aukerman, Presbyterian church at Woodbine, and Rev. C. S. Lyders of the Methodist church of Logan were appointed a committee on constitution and bylaws.

DOCTORS HAVE MADE MISTAKE

One-Fourth of Cases at Lincoln Reported as Typhoid Were Not This Disease.

(From a Staff Correspondent.)

LINCOLN, Neb., Sept. 6.—(Special.)—One-fourth of the typhoid fever cases reported in Lincoln since August 24 are mistaken diagnoses, according to Special Health Physician H. H. Waite, who has been commissioned by the city council to investigate the cause of the typhoid epidemic in northeast Lincoln. Twenty-five per cent of the cases so reported are now completely recovered, according to Dr. Waite's investigation. This would be impossible if the disease were true typhoid.

Merrick-Bastian.

AUBURN, Neb., Sept. 6.—(Special.)—Miss Myrtle Bastian was married to Richard L. Merrick at the home of her parents, Mr. and Mrs. Lewis Bastian. The marriage service was read by Rev. R. W. Pearson of the Methodist church. The bride's wedding gown was white satin. About twenty-five guests were present. Mr. and Mrs. Merrick, after spending a short honeymoon in Kansas, will be at home in Auburn.

DAWSON MAN MAY LOSE SIGHT

DAWSON, Neb., Sept. 6.—(Special.)—Frank Raven, a tenant on the Miles ranch south of Dawson, met with an accident that cost him the sight of one eye and the possible loss of the other. He was driving nails when a piece of steel flew off, striking his eyes. Mr. Raven was taken to Omaha for treatment.

HARMAN MEETS OPPONENT

Democratic and Republican Candidates for Railway Commissioner Introduced at Fair Grounds.

(From a Staff Correspondent.)

LINCOLN, Neb., Sept. 6.—(Special.)—C. E. Harman and T. L. Hall, democratic and republican candidates for state railway commissioner, met each other for the first time today. The two would-be commissioners were at the state fair grounds when a mutual friend introduced them.

"You're a big, slim fellow, aren't you?" was Harman's greeting to his rival.

"Yes, and you're a 'little, stubby man,'" retorted Hall.

The two candidates visited together several minutes, joking each other as to the three results which the election would bring forth for one or the other.

LINCOLN, Neb., Sept. 6.—(Special.)—One-fourth of the typhoid fever cases reported in Lincoln since August 24 are mistaken diagnoses, according to Special Health Physician H. H. Waite, who has been commissioned by the city council to investigate the cause of the typhoid epidemic in northeast Lincoln. Twenty-five per cent of the cases so reported are now completely recovered, according to Dr. Waite's investigation. This would be impossible if the disease were true typhoid.

DOCTORS HAVE MADE MISTAKE

One-Fourth of Cases at Lincoln Reported as Typhoid Were Not This Disease.

(From a Staff Correspondent.)
