

Cubs Win White Sox Courtes Beat Sioux and Hold Position

ROORKES IN THE THIRTEENTH

Bunting Game Wins from the Champs from Sioux City.

IS A REAL PITCHERS' BATTLE

For Six Innings Rourke Does Not Get a Hit, and After that Hall Tightens on the Sioux City

Lads.

Thirteen innings of play was required to decide the third and last game of the series between Omaha and Sioux City. Three beautiful infield hits in the thirteenth gave the Rourke the game by a 3 to 3 score. Hall, who was on the mound for Pa's bunch, was in rare form and gave but four hits, while the Colts scored nine off Rourke, the Sioux hurler.

For the first six innings Steiger was there and over held the home boys helpless, giving no hits and no runs. In the seventh two scratch hits and a passed ball gave the Rourke two runs, with which they tied the two-run lead the Champs had already annexed. In seven innings "Blondy" Hall gave four hits and after that could not be found with a search warrant.

The cold weather held the attendance down to a small number, but the faithful bugs who did travel out to brave the icy winds were rewarded by seeing the best game of the season. The hit and run game was played to perfection by the Rourke and the nine hits made during the game as the result of beating out bunts in this line Kane and Niehoff show above all others, beating out two bunts each.

Game is Fast.

That the game was far from being tedious is shown by the fact that the entire thirteen innings were played in two hours to the minute. The first nine innings were done away with in one hour and twenty-three minutes. Both pitchers worked all the time and the snappy weather seemed to put ginger in the players, as the tempo was void of any loafing and Umpire McKee kept the boys on their toes at all times.

It was a beautiful exhibition of pitching for the first few innings. The players went out in one, two, three order. In the fourth inning Hartman singled to right, went to second when Mikesh flew out to right and scored on Reilly's single to left. The Sioux made their next and last run in the seventh when Reilly batted to center field. It was the first home run made inside the park this year.

Omaha came back with two infield hits and deked the score in their half of the seventh. Niehoff batted out a bunt, took second when Thompson was hit by a pitched ball. A passed ball gave each man a base. An infield hit by Kane scored Niehoff and Tommie ambled across the plate on Schoonover's sacrifice fly to Brown.

The "nothing doing" sign was then out until the thirteenth, when the Rourke took the game. Moore beat out a bunt, Niehoff laid down a pretty one in front of the plate and beat the ball to the sack. Thompson beat out another bunt and Stien let the ball through him, while two Rourke scored.

SCHULTE WINS TWO FOR CUBS

Twenty-First Home Run, Within Four of World's Record.

REDS BLANKED IN FIRST GAME

Rally in Eighth Inning of Second Contest, in Which Schulte's Single Put Chicago Two Runs Ahead, Brings Victory.

CHICAGO, Sept. 7.—Outfielder Frank Schulte's twenty-first home run of the season today comes within four of tying the world's record established by John Freeman of Washington in 1880. Incidentally, this home run was responsible for Chicago winning the first game, 3 to 0, from Cincinnati.

A batting rally in the eighth inning of the second game, in which Schulte's single put Chicago two runs ahead, resulted in a 4 to 2 victory for the locals. Score, first game:

BIG SALOON FIGHT IS ON

Three Hundred Fifty Witnesses to Be Called Attacking Petition.

DRYS SAY 100 NAMES WRONG

Allegation Made Persons Signed Them to Correspond to Names on Poll Books—Union's Object to Car Inspectors.

(From a Staff Correspondent.)

DES MOINES, Ia., Sept. 7.—(Special Telegram)—Three hundred and fifty witnesses will be called by the anti-saloons in the trial of the saloon petition of consent in the district court to show that many names on the petition have been altered. Attorneys for the drys say more than 100 people signed names that were not their own simply to make them correspond with the names on the poll books. The court has expressed disapproval of this plan of attacking the petitions and may refuse to permit all these witnesses to testify. The case involves the validity of all the saloons of Des Moines and has been pending before the court since early in June.

Unions Protest Inspectors.

Fred Fay, member of the international committee of the street car men, will probably be called back to Des Moines by the union to assist in settlement of new difficulties that have come up in connection with the street car trouble.

The executive committee of the union has refused to accept as conclusive the reports of the inspectors against car conductors and a deadlock is imminent.

Second Trial of Creamery Man.

Assistant Attorney General Fletcher is in Logan today for the purpose of assisting in the prosecution of Manager Darby of the Fairmont Creamery company, who was a short time ago convicted in justice court at Woodbine of misreading the Babcock cream test. He was accused of overreading it and reporting a larger percentage of butter fat than was in fact present by the test, and that this was done to destroy competition and establish a monopoly. It is expected that as this is the first case of the kind it will go to the supreme court.

Committee Goes to Fort Madison.

The Coson committee to inquire into the management of the prison at Fort Madison has arranged to go to Fort Madison on Friday as being in the vicinity of testimony there. The committee made some preliminary inquiries here and adjourned to meet at the prison, where all who have any information bearing on the management of the prison will feel free to tell their stories.

Deaf Hired Freight Rates.

The State Railroad commission has received a petition from George O. Costello, freight agent of the Great Western, an answer to the complaint of E. B. Wylie as to unjust, unreasonable and illegal freight rates along the line between Des Moines and St. Joseph. He makes a simple denial of the charges and says he will set for a hearing on the question.

The articles were filed today for the Spaulding association at Pechonatas, capital, \$100,000, for the purpose of building a lodge room. The Farmers' Co-operative exchange of La Porte increased its capital from \$20,000 to \$30,000.

Wants Further Investigation.

Governor Carroll has asked Attorney General Coson to go personally to Muscatine and to make inquiry into the situation there with special reference to the possibility of the courts taking a hand in the settlement of the button workers' strike. The attorney general has thus far found that the strike is of a private nature and that there are no ways that the state can take hold because of the superior or primary interest of the public. It is reported to the governor that as a matter of fact both the workmen and their employers have violated the agreement entered into recently. Just how to compel them to live up to their agreement is a hard problem, but the attorney general will go to the bottom of the matter and attempt to reach a solution.

Wilson Goes West.

Secretary James Wilson, who has been absent a few days on his farm in Tama county, left this week for a tour of the west. He is to speak in Denver and later at meetings farther west. He was on the program for the state fair here, but did not attend.

Postal Clerks' Officers.

Conrad C. Nelson of Chicago was re-elected president of the National Federation of Postoffice Clerks by a unanimous vote at the sixth annual convention, which closed here tonight. George F. Pfitzer of Milwaukee was re-elected secretary and treasurer, and Louis De Bow of San Francisco was returned to his old position of organizer. Other officials elected were: First vice president, Vincent C. Burke of Louisville, Ky.; second vice president, Davis M. Henshew of Salt Lake City; Salt Lake City was chosen as the meeting place for the next convention, New York City and Indianapolis being close seconds.
