CLEARS COMPLEXION OF ALL AGE MARKS

Writing for the Boston Globe, Mae Martyn says: "The woman who dreads using face powder will find splendld relief from her complexion ills by using instead a lotion made by dissolving 4 ounces of spurmax in 4-pint hot water, adding 2 teaspoonfuls glycerine. Or in cool weather, to make the lotion dry more quickly, use 1/2pint witch hazel instead of the water.

"This simple, inexpensive lotion far surpasses face powder, as it gives lasting beauty to the skin. It stays on better and does not show on the skin like powder. For whitening and refining a coarse, muddy or sallow skin, this lotion is unequaled. It takes away that shiny look and makes the skin satiny and youthful looking. No beauty seeker should be without this wonderful complexion beautifier, as a few applications will make any face look years younger. -Adv
