State Preparing Case Against Two Police Commissioners.

RINGER TO BE SPECIAL ASSISTANT

Deputy Attorney General Ayers Spends Day in Magic City Going Over Law and Facts in Ouster Proceedings.

Deputy Attorney General Ayers spent the greater part of yesterday in conference with Dean Ringer relative to the ouster proceedings to be brought against two of the commissioners of the fire and police board.

Mr. Ayers arrived early in the forenoon and at once went into conference with Mr. Ringer, who, it is understood, will be appointed special assistant attorney in the case.

The two attorneys went carefully over the evidence and the law and it is said that Mr. Ayers expressed himself as quite certain of a conviction against the two commissioners.

"One question of law caused some discussion when I was in Lincoln some days ago," said Attorney Ringer. "We went carefully into the matter and cleared it up beyond a doubt."

Mr. Ayers has been working on the case for several days and will introduce the petition to the supreme court as soon as he has collected the notes of his report which is nearing completion.

It is understood that the case will be introduced into the trial will be clear cut. Some hint that an attempt would be made to throw the burden upon Chief of Police Briggs had been reported. The prosecution expects to attack the commissioning of such points as may not be applicable to the chief of police.

Effort at Suspension. Another development of the work of the prosecution is the intention of having the commissioners suspended as soon as the petition is introduced. This can only be accomplished through the district court when three elective officers of the city make charges against the accused before the court. It is understood that two and probably three members requisite to such action have already signified their willingness to go before the court to file charges against Ryan and Pivonka.

In case of the charges being filed before the district court the commissioners accused are suspended from all rights and powers of their office and it is within the power of the mayor and council to appoint competent persons to fill the positions in the interim of vacation or until the case is determined.

Celebrate on Parade Day. South Omaha will celebrate the afternoon of the day on which the electric parades takes place in Omaha. This was determined at the regular meeting of the Booster's club last night in the council chamber.

A demonstration on a grander scale had been projected, but on account of the scarcity of time and the ill-Sar-Ban celebration it was deemed advisable to select a time when the Omaha festivities would not be interfered with by the local turnout.

The meeting of last night was well attended. It was determined to adopt a button and an initiation fee of 50 cents for all such as join the association hereafter.

It was the sense of the meeting that the celebration planned be more or less restricted to athletic and wild west feats of skill and daring. A vast number of visitors visit the packing plants during the week and it is the hope of the merchants that the visitors will stop and view the city with its attractions.

The matter of a club banquet was put over until a later meeting. The report of the committee appointed to interview the officials of the packing houses relative to the restriction of foreign labor was read and approved. The old committees were all appointed for the occasion. Adjournment as taken until next Thursday night which will hereafter be the regular meeting night of the club.

Howard at It Again. Jerry Howard, defeated candidate at the recent primaries, has now turned his undivided attention to the elimination of cheap labor from the packing houses and South Omaha generally.

Mr. Howard announced his intention of making a round of the business places. He will speak today at Cudahy's plant.

Go East for Reunion. John Sullivan and Albert Noe, two of the oldest and best known cattle salesmen in South Omaha, left last night for Chicago, where they will attend the reunion of the firm of Clay-Robinson Commission company.

From the local offices of Clay-Robinson Messrs. Sullivan and Noe were selected as being the oldest and most intimately connected with the firm. Mr. Sullivan has been with the firm for twenty years and his companion about the same number of years.

Asks Sewer Damage. Mrs. Mary J. Schmidt, 206 X street, complains to the city fathers that her property has been damaged and made uninhabitable by objectionable features annexed to Jettor Creek sewer and asks damages to the extent of \$700.

Mrs. Smith alleges that she can no longer use her home because of the sickness residence. She also avers that sickness

An Obligation

When a concern advertises its wares it immediately assumes an obligation, because an advertisement, morally considered, is a promise to pay. Statements to the public must be backed up by delivering the goods. The obligation must be met. You would not accept a promissory note of an irresponsible person. Neither should you accept a statement in an advertisement as true unless made by a responsible concern. You buy because an advertisement has attracted you to an article. When you pay for a suit or shirt or dress you should receive all that was claimed for it before you bought. The use of what you paid for should be as good as what you claimed for it. Backing up promises and delivering the goods are integral parts of our system. We omitted these details years ago. Today we are harvesting our crops. Come and partake of the harvest.

Golden Anniversary of Christian Church

Congregation Celebrates Notable Event Last Evening, with Many Members Present.

Nearly 300 persons gathered at a banquet in the vestry rooms of the First Christian church last night to celebrate the fiftieth anniversary of the existence of the church. Judge Slabough presided and acted as toastmaster. Many of the elder members of the congregation told of interesting incidents that occurred when the church was in its infancy, and several aged members who assisted in organizing the First Christian church fifty years ago told of the growth of the congregation when the church occupied the building on Harney street next to the Walton blacksmith shop, which was only recently demolished.

Among those who spoke were: Judge Slabough, Rev. J. M. Kersey, Prof. E. Graham, J. H. Kirshen, Mrs. J. Burns and Mrs. J. Gill.

NOW THINKS G. A. R. ALL RIGHT

Veteran Quite the Order, but is Soon Glad Enough to Return to Camp.

A local Grand Army of the Republic man who gave up his affiliation with the Grand Army of the Republic because he got a position in the postal service in Omaha and thought he didn't need the Grand Army of the Republic had to call on that organization when he lost his position through eastern influence, according to other army veterans. Through Senator Brown the Grand Army had his position restored to him and now he thinks the Grand Army is a pretty good thing.

Suffered With Diarrhoea

For two days I suffered terrible agony with Diarrhoea and Gripping pains, when a friend recommended Wakefield's Blackberry Balsam to me and I sent out and got a bottle. The effect it had on me was wonderful. It quickly relieved the pain, quieted me and I went to sleep soon after commencing to use it. I have not woken up I was cured and have not had an attack of the trouble since.

I have been subject to bowel trouble and have tried a good many other remedies with no satisfaction, but this one is just what I needed and I take pleasure in writing you this letter telling of my experience with it. Very truly yours, R. STACK, 8th and Buffalo Ave., Chicago.

Hundreds of people (grown people and children) are living today who owe their lives to Wakefield's Blackberry Balsam. It has cured hundreds if not thousands of cases of Diarrhoea and summer bowel troubles in the past sixty-five years after other remedies have failed. So every-
