MADRID, Spain, Sept. 20.—The government, acting under the imperial decree of yesterday suspending the constitutional guarantee because of revolutionary acts, has ordered the arrest of the workingmen's committees and political agitators in the disturbed districts. Three hundred persons were imprisoned in this city last night. Among those arrested here was Senior Largo Caballero, general counsel for the General Union of Labor. The general strike in this city called for today was prevented by the action of the authorities.

Thirty thousand men in the building trades received an order this afternoon to strike and it is believed that they may go out.

The military has taken into its keeping arms and munitions of every description which were on sale. Complete quiet reigned at the capital today. The whole army is under arms. At Barcelona 115 persons were arrested during the night and many were arrested at Bilbao, Sevilla, Valencia and Saragossa. Dispatches from these places report quiet today.

There have been some disorders in small individual centers. At Jativa and Carcagente rioters set fire to the public buildings and tore up the railway tracks.

Harvester Company May Be Let Off Easy and No Prosecution

WASHINGTON, Sept. 20.—That the government is ready to permit the International Harvester company voluntarily to reorganize its organization to conform to recent interpretations of the Sherman law, became known today. Pending the result of a conference between Attorney General Wickersham and attorneys for the company the threatened dissolution suit is being delayed.

Negotiations looking to an understanding between the government and the company, which were begun in Washington last summer by Edgar A. Bancroft, general counsel for the Harvester company, later were continued at Cedarhurst, L. I., where Attorney General Wickersham had in any event, this summer. They reached the stage, it is said, where it will be necessary for Mr. Bancroft to refer the question of reorganization to the company's board of directors.

Details of the negotiations between Wickersham and Bancroft have not been allowed to become public, although it is known that as one condition to non-prosecution the government insists on the business of the trust being separated into four corporations which first composed the Harvester company. The first of these is the International Harvester company, the Milwaukee Harvester company and the Plano Manufacturing company. These four companies were first to be acquired by the International Harvester company when it was formed in New Jersey in 1902, and capitalized at \$120,000,000 of which \$20,000,000 was paid in cash. The other \$100,000,000 of stock was issued for real estate plants and physical inventories.

Judge Grosscup Ties a String to His Resignation

CHICAGO, Sept. 20.—United States Judge Peter S. Grosscup today figuratively tied a string to his forthcoming resignation from the bench by declaring that if any interest, organization, or individual is now investigating his record and wants further time to cloud his nineteen years of public service by intimating he is retiring under pressure, he will not tender his resignation to President Taft October 3, as he yesterday announced he would do.

"I may as well announce now," he said in an article about his intended resignation, "if any responsible government official says a government investigation of me is pending, I will not resign and full opportunity will be given any of these to come forward and present the matter so that I can meet it as a circuit court judge and not as an individual."

President Taft at Mass Meeting and Big Street Parade

MARQUETTE, Mich., Sept. 20.—With the completion of his visit to Marquette, President Taft turned southward to the lower peninsula of Michigan and to Illinois and the states beyond the Mississippi river, where next week he will invade the west.

The program of the president's stay here made it rather an easy day for him. He was the guest of Alton T. Roberts over night and after breakfast was the central figure in a parade through the city. Other features of the day were the president's address to a mass meeting and luncheon for him.

NEMAHIA COUNTY GROWS EXCITED

While Digging a Well Near Shubert,
Claim is Made that Oil and Gas
Has Been Struck.

COMPANY IS TO WORK THE FIELD
By Experts the Products Are Pro-
nounced of Superior Quality.

MATERIAL HAULED TO GROUND
Heavy Outcroppings of Oil Stone
Found in Vicinity of Well.

GAS BLOWS WITH LOUD NOISE
Farmer Davison, Owner of Land,
Makes a Lease and is to Have
Royalty on Everything in
Way of Output.

STELLA, Neb., Sept. 20.—(Special.)—Great excitement prevails here by reason of the Nemaha Oil and Gas company having secured the test for gas in the Shubert well as a preliminary to developing an oil and gas field there.

About five weeks ago Walter Vanlaningham of Shubert was putting down a well on the farm of Austin B. Davison. At the depth of fifty-nine feet he struck a pocket of gas, which blew out of the top of the well with a roaring noise, and followed by water, sand and a frothy substance.

At the time of the phenomena, there was visiting in Shubert, at the home of Charles Gaston, a man from New York City. He says he has helped to investigate oil and gas fields all over the United States, making the test for gas in the "Eastmont" (Texas) field. He secured samples from the Davison well and claims that accurate, careful tests have been made. He asserts that the oil is superior to any he has ever seen, and adds that there are outcroppings of oil rock in large quantities and strong tracings of natural gas.

A derrick, sixty-two feet high, is to be erected, and from the Oklahoma field has been ordered heavy steel casing and the latest well drilling machines. The promoters believe that a flow of oil and gas will be found at a depth of 1,000 feet. The sand taken from the well was exposed to the sun several days and did not lose any of the oil color.

The Nemaha Oil and Gas company has made an oil and gas lease with Mr. Davison for a period of five years. This lease has already been filed with the county clerk at Auburn. The company is incorporated for \$100,000. Mr. Davison is to continue to reside on the United States land, and receive a royalty on each barrel of oil and all gas before it is removed from the land.

By the first of the year the promoters state they will be able to furnish towns as far distant as Falls City with natural gas for lighting and heating purposes at 30 cents per 1,000 cubic feet.

LOGANSPORT, Ind., Sept. 20.—To what pitch and what length a repentant prisoner may lift his voice in confession and appeal at a church service without legally disturbing the peace is a moot question and is being tested in the village of West in proceedings against John Clouse, deacon of the Zion Evangelical church.

Cereal Company Fails to Pay Up

CHICAGO, Sept. 20.—A long drawn out fight in the courts probably will follow the action of the Great Western Cereal company in failing to pay the semi-annual interest due September 1, on its first mortgage 6 per cent bonds, of which there are \$654,500 outstanding. The company has today advised the Chicago bank, which is trustee for the bond issue, that its mills are closed and that it has no funds to pay the bond interest, amounting to \$20,535.

WILL OF LEW HILL AT BAR

Attorneys for Heirs Want it Con-
strued by Supreme Court.
ESTATE WORTH HALF A MILLION
Had Given Valuable Properties to
His Nephew Before Death and
Left an Apparently Simple
Instrument.

(From a Staff Correspondent.)
LINCOLN, Neb., Sept. 20.—Attorneys from Douglas county were busy today before the bar of the state supreme court in an effort to assist that tribunal in the interpretation of the will of the late Lew Hill, a wealthy bachelor of Omaha.

Two constructions placed upon the instrument caused the difference which required the court to be resorted to in construing the provisions of the last will and testament of the deceased Omaha man. Hill owned nearly half a million dollars worth of real estate and had certificates of deposit for \$125,000 when he died. His cash on hand amounted to \$125,000, which was simple, read as follows: "I, Lew W. Hill, hereby make and declare my last will. I will and bequeath to my nephew, John W. Hill, Jr., in trust for my lawful heirs, all my estate, both real and personal, of every kind and nature, to be held by said trustee for the term of five years, and to be distributed among my lawful heirs at the end of such period. Dated this 14th day of July, 1905.

Before his death he gave the Browning, King & Co. store building, valued at \$200,000, to the two nephews named Wilson and the Her Grand hotel, valued about the same, to two other nephews, John W. Hill and Lem H. Hill. On July 20th of this year, then began the trouble among the relatives.

The other three officials will appear later, two of them being on their way back from Europe.

Two of Men Who Lynched Walker to Face Murder Charge

COATSVILLE, Pa., Sept. 20.—The most important development in the negro lynching case came today, when warrants charging two members of the mob with murder and two policemen with involuntary manslaughter were issued by Judge Butler on the recommendation of the special grand jury.

Richard S. Tucker, insurance agent, was the first man to enter the hospital Sunday night, August 13, when Zeack Walker was dragged by a mob from his bed and burned to death. The other, Walter Markwood, millhand, it is claimed, took only an obscure part in the lynching. Both were indicted for murder.

LAST DAY OF THE CAMPAIGN

Whole of Canada is Stirred Up Over
Politics.
RECIPROCIITY THE ONLY ISSUE
Expense Money All Distributed and
Preparations Are Being Made
for Getting Out the Full
Vote Thursday.

OTTAWA, Ont., Sept. 20.—The final day of the campaign for the election of members to the twelfth Parliament of Canada is notable for the unprecedented activity of both political parties, orators for and against reciprocity being scheduled to speak at hundreds of places all over Canada this afternoon and evening. The liberals and conservatives are actively engaged in preparations to bring out their full vote and a final distribution of cash for legitimate expenses is being made today. The Canadian law forbids a political party to hire vehicles to convey electors to the polls, but the use of conveyances of all kinds is being donated for the work.

The elections will be held in 24 of the 221 constituencies. Three liberals already have been elected by acclamation. They are Sir Wilfrid Laurier, Quebec, east; J. A. Ether, Two Mountains, and William M. German, Welland county, Ontario.

German is an avowed opponent of reciprocity, however. In four other districts the elections have been deferred. These are Gaspe, Chicoutimi-Saguenay, Quebec; Thunder Bay and Rainy River, Ont., and the Yukon.

Final Instructions to Workers.

HALIFAX, N. S., Sept. 20.—Politicians were everywhere active today. Final instructions were sent to the political workers today and complete arrangements for getting out a heavy vote tomorrow were made by both parties. The liberals are making a determined attempt to defeat Robert L. Berden, the conservative leader, and that gentleman has been devoting much time to the situation in Halifax city and county, which comprise his constituency.

Hon. W. S. Francis, finance minister of Canada and Premier Laurier's lieutenant, who was largely instrumental in perfecting the reciprocity agreement, is having a stiff fight in the Queen-Sheburne district, at the southern extremity of the province. The financial minister is opposed by F. B. McCurdy of Halifax, who has been reported that several hundred employees of American fishing firms which are opposed to reciprocity will vote conservative in Nova Scotia tomorrow. Many of these fishermen are residents of Minister Fielding's district. The liberal leaders, however, say they will not be injured by the fishermen vote, as many of the fishermen are in favor of the party. The Anglican archbishop of Rupert's Land, S. P. Matheson, primate of Canada, and Rev. Charles Hamilton, archbishop of Ottawa, acting for all the bishops of the church in Canada, have issued an appeal to the voters of the Dominion. The appeal concludes: "The bishops desire at this time to remind men of all political views and parties that political purity is one of the essential foundations and prosperity must rest, and in particular that to buy or sell a vote is to act the part of a traitor to your country and to invite the just contempt and condemnation of all good men."

A. J. HUNT CALLS HIM A FAKER
Former Resident of Omaha Tells of
Close Acquaintance with
Missing Kimmel and Gives
Reasons for Belief.

NILES, Mich., Sept. 20.—Niles' strange controversy over the identity of "George A. Kimmel," who represents himself to be a man long supposed to be dead, was further complicated today.

While dozens of people positively identified him as the son for whose supposed death thirteen years ago Mrs. Estella Kimmel received \$5,000 in life insurance, others were as positive that he was not the son. Then Mrs. Kimmel, 70 years old, who had asserted that the man is impersonating her son, merely to deprive her of the money she already has received and to prevent the payment of \$25,000 more in insurance to other relatives, scrutinized the man who claims her as mother.

Face to face with the woman, the "Kimmel" just released from a five-year term in the Auburn, N. Y., penitentiary, stretched out his arms and said, pleadingly: "Mother, don't you know your boy, don't discover me any longer. You know I am your son."

Mrs. Kimmel, withdrawing from the man as he attempted to embrace her, stood sternly scanning his face. "No," she said, "I don't see in you any positive resemblance to my son."

"Mother Not Beneficiary."
The meeting took place at the home of Mrs. Harry L. Fox, who already had accepted "Kimmel" as a cousin and positively identified him as the son of Mrs. Kimmel. It was made known that Mrs. Kimmel has no direct interest in any money which the insurance companies refuse to pay on the ground that the son is still living, but that a \$30,000 policy is held by a daughter, Mrs. Edna Kimmel Bonfield, and another \$5,000 policy is held by a distant relative.

"I would have no selfish motive in denying the identity of my son if he were alive," said Mrs. Kimmel.

"For years I have felt certain he was dead and I cannot believe that this man is he. It seems that some motherly instinct ought to tell me the truth, yet when I look at him I do not recognize him. He only puzzles me. It has almost prostrated me to look upon this strange man and have people insist that he is my son."

"Kimmel" on looking at the woman said he was positive she was his mother. "I wanted to take her in my arms," he said, "for she looked the same as she did years ago. I love her with all my heart and cannot understand why she should insist that I am dead."

"Still, I will not worry her, and if she continues to disbelieve me, it shall be as she wishes. But I know I am Kimmel, for I recognize everyone."

Opinions Differ as to Identity.
To test his acquaintance with Niles "Kimmel" was escorted about the street. He repeatedly pointed out the landmarks and related former incidents which the townspeople said were correct. Nodding to people, he called them by their full names, but most of them professed not to recognize him as the real Kimmel.

"Now to prove I am familiar with the town," said Kimmel, "I will tell you that behind that hill there is a big red brick house on the south side of which is a large elm tree, from which we used to swing when boys."

The statement was correct. Meantime scores of people who went to the Fox home to identify Kimmel came away with conflicting opinions. Some of the reasons given for opposing the belief that it was Mrs. Kimmel's son were:

Henry Dean, Druggist—Because he remembers that Kimmel when young had brown eyes, whereas the present claimant has light gray eyes.
Dr. F. M. Bonham—Because he performed an operation on Kimmel's eye, which left a scar that could not have been eradicated, whereas the new "Kimmel" has no such scar.
George Francis, Chief of Police—Because he knew the real Kimmel from a boyhood up to the time of his disappearance and this man has no physical resemblance to the former; is positive he is not the man.
Charles Montague—Because the newcomer uses poor grammar, whereas the other Kimmel was distinguished for his polished English.
L. E. Wood—Because he does not see any resemblance to the earlier Kimmel.
Evidence for Kimmel.
Among the evidences put forth by those who claim "Kimmel" is the man, he says he is:
Joseph Wilson, Janitor of the Niles First National Bank—Because "Kimmel" on first seeing him shouted, "Hello, Joe!" he recognized Kimmel as a former employe of the bank.
W. B. Brinkley—Because this man remembered once having rented a rig to which was hitched a horse with white eyes.
Dr. J. F. Brown—Because he found on
