

SUNDAY ORDINANCE BEATEN

Henshaw Master Barber Dismissed by Police Judge Crawford.

DID NOT CHARGE FOR SHAVE

By Following Fardun's Plan It is Pointed Out that Other Masters Can Easily Avoid Violating the Ordinance.

Master barbers who are opposed to the Sunday closing of their shops have solved the problem of keeping away from the provisions of the ordinance without putting themselves in jeopardy. This was established in police court Wednesday morning when A. L. Fardun, proprietor of the Henshaw barber shop, was dismissed. He was accused by the journeyman barbers of having accepted money for a shave given a patron in violation of the ordinance.

The star witness for the prosecution, a journeyman, declared on the stand that he received a shave and a tonic, for which he paid 15 cents. His testimony was shattered by Fardun, and one of his barbers, Milton Scott, who declares that it had been thoroughly explained to the patron when he entered the shop that a shave would be given free, but that 15 cents would be charged for a tonic.

Schools Get Revenue from Outside Pupils

If the school board at the special meeting to be held next Monday decides to allow some children from outlying districts to come into Omaha schools without paying tuition they will be discriminating against about 100 pupils who pay tuition every year.

The revenue to the school board from that one source during the fiscal year of 1910 amounted to \$2,756.01, and the amount will average about \$3,000. The students are sent in to J. F. Burgess, secretary of the board if they are found by the principal to live outside the city and the tuition is collected. High school students pay \$47 a year, pupils in the eighth to the fifth grade, inclusive, \$20 a year, and the youngest children \$5 a year. It is estimated that there are about sixty-five in the high school and twenty-five or thirty in the grades.

Leading Instructors to Address Teachers

Plans for the coming state teachers' convention were discussed Wednesday afternoon by Miss Edna L. Latham, president of the association. Superintendent Graff and E. V. Parrish of the Commercial club. The teachers will come from all over the state for a three days' convention, November 7, 8 and 9, and the task of caring for them and keeping them interested will be a difficult one. The program for the convention will contain the names of President Frost of Berea college, Berea, Ky.; Dr. Davidson of Washington and Henry G. Curtis, formerly secretary of the National Teachers' association. President Frost is famous throughout the south as an orator and will probably discuss educational problems among the Kentucky mountaineers. The general theme of the meeting will be the physical welfare of children in the schools.

Death Follows Duel Fought by Convicts Condemned to Hang

FOLSOM, Cal., Sept. 20.—Jake Oppenheimer, murderer and robber, condemned to die, added another murder to his list this afternoon when he killed Francisco Quijada, also condemned to die, with a piece of iron bar in the corridor of the prison here.

The killing was the result of bad blood that has existed between the two men for several months. Both figured in a recent attempted jail breaking, and both were sentenced to hang under a new law which makes it a capital offense for a prisoner to attempt to break jail. Oppenheimer is one of the most notable criminals of the west. He has killed two men and figured in several attempted jail deliveries.

AFFAIRS AT SOUTH OMAHA

Councilman Franck May Be Called to Face Criminal Charge.

Petition Favoring Annexation to Omaha Put in Circulation—Accountant Arrives to Audit Books.

According to word issued yesterday, John Franck, president of the city council, will probably have to face a criminal charge for the illegal sale of liquor on August 15. This determination was the outcome of a conference held Monday between Dean Ringer and County Attorney

Mr. Ringer some time ago approached the county attorney on the matter of filing a complaint for perjury against Franck in connection with the trial for the sale of liquor on Sunday, August 6. At that time the county attorney refused to act unless affidavits from several reputable witnesses were placed in his hands. Later developments determined the prosecution to try Franck on a charge of selling liquor on primary day. The Board of Fire and Police Commissioners threw the second charge out on the score that the matter had already come before their tribunal in a previous trial that ended with the exoneration of the councilman.

Mr. Ringer then took the new issue up with the county attorney, who advised that an action be brought through the city prosecutor in the police court or in the county court. Mr. Ringer has not yet determined which tribunal he will select for the action. Under the law if a conviction is obtained in a court of justice against a salaried officer for the violation of the liquor statutes his license is withdrawn by the operation of law without further trial before the board.

Accountant Has Arrived.

James Raffan, auditor for the Arthur Young company of Kansas City, will arrive this morning to begin the work of auditing the public accounts. This was announced yesterday by Edward Frazer, manager for the auditing company. The mayor and council have not yet signed the contract with the auditing company, but a meeting of the finance committee of the city council, together with the mayor, city attorney and city treasurer, will be held Thursday morning in the office of the mayor for the purpose of completing the details of the contract. There is still some question among the councilmen as to the advisability of going back over the city books for a number of years. The city treasurer has pointed out certain matters that make such action prudent not to say imperative. Mayor Trainor and some of the council are also considering the problem of installing a double entry system of bookkeeping in the city offices.

Annexation Petition Circulating.

After long threat the annexation petition was put into circulation yesterday. As yet the paper is being passed with considerable caution and circumspection, for the reason that the annexationists have not thoroughly completed their organization. The petition is thus early gotten out in order that the annexation, if brought to a successful issue, will become effective before the commissioners for Omaha are chosen.

PARISIAN STYLES ARE READY

Omaha Combined Style Show to Exhibit the Latest Creations.

JUST AS EARLY AS NEW YORK

Shipments Are Made Direct to This City in Bond and Thus Some Valuable Time is Saved to the Merchants.

Latest Parisian styles will be shown in Omaha on the same day they are shown in New York, thanks to the special efforts Omaha merchants are making for the Omaha Combined Style show, which will open Monday.

Goods can be shipped in bond direct from Europe to Omaha without being stopped at New York. Foreign goods shipped to New York merchants have to pass through the New York customs house, which requires nearly a week. Consequently New York cannot show Parisian gowns a day earlier than Omaha.

More important gowns, hats and fabrics will be displayed in Omaha store windows than ever before. Visitors will find everything here in the way of latest fashions that they could find in New York or Chicago.

The show, in which all the important stores will combine by making special display in their windows and throughout the various departments, will have the effect of extending the Ak-Sar-Ben festival period. It opens three days before the Ak-Sar-Ben carnival, and with ten days of Ak-Sar-Ben, will make a continuous carnival period of two weeks. Those who want to come to Omaha during the early days of Ak-Sar-Ben, instead of during the big week, will find the added attraction of the style show.

LADY MONKEY INVADES QUARTERS OF BACHELOR

When William L. Jagger returned to his bachelor cottage at the Rod and Gun club Monday, after a day's absence, he ran excitedly over to the club house and yelled:

"Come and help me. A female has taken possession of my house and refuses to leave. When I ordered her out, she made faces at me. What shall I do?" Five or six men ran to his assistance. They went with him into the house and there found a female, but not of the human race. It was a monkey that had escaped from Fatty's place, on the road to the club. By entangling the Miss Monk with eatables, she was captured and taken back home.

THROUGH CARS NOW GO OVER THE UNION PACIFIC

It also marks the loss of a large number of through cars that had gone over these roads previous to their severance of the through traffic agreement. The through car service will be taken over by the Union Pacific.

McCarthy Will Not Be a Candidate

LINCOLN, Neb., Sept. 20.—(Special Telegram.)—Former Congressman J. J. McCarthy of Ponca, who is selected as the head of the La Follette league in this state, arrived in the city last night. With reference to the assertion that he intended to make the congressional race in the Third district, Mr. McCarthy said he would in no wise become a candidate for the place. Too much campaigning, including next spring's primaries and fall election, was given by him as a reason why he declined to enter the fray.

CITY COUNCIL PROCEEDINGS

Bridges Fails in Effort to Prevent Junket by Comptroller.

LOCUST STREET VIADUCT WAITS

Railroads Concerned Are Given Until March Next to Begin Work—Water Company Must Raise Pipes.

More trouble threatened the city council for a moment Tuesday evening over the question of Comptroller Cosgrove's going to Atlanta as a delegate to the municipal convention, but it blew over without mishap. Councilman Bridges, who has objected to the trip for the comptroller as a fifth member of the party, because he said that too much money had already been spent, by that department for junkets, made further objections.

"When I objected on this question Monday afternoon," said Mr. Bridges, "I asked Mr. Cosgrove to tell publicly why he added \$200 onto his expenses for his last trip, six months after the trip had been completed, why didn't answer and he doesn't now. I want to know something about that and think the council has a right to know."

The information was not forthcoming, however, and Mr. Bridges could get no one to vote with him on the proposition. Councilman Schroeder wanted to vote against Cosgrove, but could not without trying to prevent the councilmen from going, so he refrained.

Don't Pull Out the Gray Hairs

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is to a great extent true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.
