The Musician--The Economist
The Artist--The Expert Mechanic

To look over our stock of pianos that we have on display and sale. We guarantee to satisfy all. The musician will find the highest and sweetest of tone qualities. The economist will find our prices much less than at other piano houses. The artist will find the exterior finish on our pianos real artistic and very beautiful. The expert mechanic will find the construction of each and every piano such as to insure great and lasting qualities. The careful buyer must look first to the quality. To be of high quality, the piano must be constructed of the best material, put together by thoroughly competent workmen. Ten days ago we placed on sale quite a number of new pianos, also some that were slightly used. We have a few left which we must and will dispose of before the beginning of Ak-Sar-Ben. Prices on really high grade, well known makes, both new and second hand, will range from \$75 to \$260. Former prices on these pianos were from \$225 to \$550. Every one of these pianos guaranteed to be in first class condition and will be sold on terms to suit the convenience of the purchaser.
