STYLE SHOW OPENS MONDAY

All the Big Stores Have Their Imported Styles Ready to Show.

EXHIBIT TO LAST ONE WEEK

Stores Will Be Decorated and All the Goods Possible Will Be Placed in Full View of the Visitors.

All is ready for the opening Monday of the Omaha Combined Style Show, the biggest and best fashion exposition ever known in Omaha, biggest and best because the merchants are co-operating to make it so.

THE CONFLICT OF LOVE AND FAT

The average man will "jolly" with the stout girl; but she steals glances over her shoulder at that Miss Slender.

Fat women should not repine—but refine—their own lines by means of the phenominal "Marmola" tablet.

Although Marmola Tablets often take off uniformly a pound of fatty fat a day, they are quite harmless (being made of the famous laxative prescription: 1/2 oz. Marmola, 1/2 oz. P. I. Ex. Cascara Aromatic, 1/2 oz. Peppermint Water).

Much Art in Making New Clothes of Old Ones

Dresher Bros'. Experts Perform Clothes Restoration Stunts That Are Remarkable.

"Give us a collar and a sleeve and the back of a coat and we will build a new garment around it."

Dreshers, having their origin as practical tailors, have seen to it that the alteration and repair force at their cleaning establishment is made up of practical people: capable cutters, bushelers, alteration hands, etc.

Don't rely on your own judgment; if in doubt about whether or not an old garment may be made into a serviceable again ask Dreshers. Ask at the plant; at Dresher The Tailor 1618 Farnam St., or at the up-town receiving station in the Pompeian room of the Brandeis Stores.

permanent tariff commission, and I shall urge upon the congress, as long as it is my function to do so, the establishment by law of such a commission.

More Reports in December. "But, meantime, congress has enabled me to organize the present commission. They have shown by the work already done how thoroughly their future work will be, and they have demonstrated by what they have done that the material which they will place before the congress and the executive in December with reference to schedules K and L—that is, on woollens and on cottons—will be of a more valuable character and one from which more valuable conclusions can be drawn than any report of the kind ever submitted to any legislative body.

KIMMEL AND HUNT QUARREL

Former Omaha Man and Convict Nearly Come to Blows.

Hunt Calls Him an Impostor

Violent quarrel between Andrew J. Hunt of Arkansas City, Kan., formerly of Omaha, and the man of mystery at Niles, Mich., who claims to be a former associate of Hunt, marked the end of their interview at Niles, according to a report that reached Omaha Saturday.

"I remember the time I rented the room over the bank to a railroad lodge," said the man.

"There never was a railroad lodge up there," said Hunt.

REGULATION PLAN FOR THE TRUSTS

(Continued from First Page.)

Fifth—I would prohibit such corporations from issuing stock except it be fully paid in cash and property. This will not only protect the corporations and tend to give them sound credit, but will protect the public as investors in such corporations.

Sixth—I would provide for a commission of corporations, for the purpose of carrying out the provisions of such act, the same to be composed of three commissioners, including the commissioner of corporations, who shall be ex-officio a member of the commission and chairman of such commission, to be appointed by the president by and with the advice of the senate; not more than two of such commission to be appointed from the same political party.

Commission to Be Independent. I would give the commission a liberal salary of at least \$10,000 per annum for each member and a reasonable term of service (not less than six years), and provide that one commissioner should go out of office each two years, so that no president would appoint the entire commission during its term of office. I would give the commission power and authority to inquire into the organization, management of the business of all corporations organized or licensed under the act. I would provide that anyone complaining of anything done or omitted to be done by a corporation subject to the supervision of the act, or complaining that any such corporation has entered into any contract or combination, or engaged in any conspiracy in restraint of trade or commerce among the several states, or with foreign nations, or has monopolized, or has attempted to monopolize, any part thereof; or is engaged in oppressive and unfair methods of competition for the purpose of monopolizing such commerce, may apply by petition to the commission, stating the facts, or may make an informal complaint to the commission.

With wise laws, honest administrations, enlightened public sentiment, stability and security for property, the industrial development of this nation has just commenced, and remember, that material prosperity goes hand in hand with the highest development of man; but what is most needed is stability and permanency of government. Government is not a stage on which to exhibit every passing show, nor is it an institution for the trial of every experiment that popular imagination may bring for the moment invent.

HUMPHREYS' SEVENTY-SEVEN BREAKS UP GRIP AND COLDS

How they start.

All Colds start with a forlorn, gone, feeling of lassitude and weakness, as if some great illness was pending.

If you could get to know this as the first feeling of a Cold, before the Sneezing, Cough or Sore Throat set in—and take "Seventy-Seven" at once—you would never have a Cold.

WASHWOMAN GETS FORTUNE

Being Duped by a Lawyer Gives Her Right to Inherit.

Thought She Was Divorced

Judge Leslie Turns Over to Mrs. Merrill Estate of the Late John D. Condon, Who Formerly Lived in Omaha.

Supposedly divorced from the late John D. Condon of Omaha and married to John S. Merrill of Columbus, O., Mrs. Elizabeth Merrill was decreed the sole heir of Condon by Judge Charles Leslie in county court Saturday and Condon's \$25,000 estate was turned over to her.

A poor washerwoman with a husband and four children to support a few days ago, Mrs. Merrill now is a woman of means sufficient comfortably to care for herself and her family. Her good fortune she owes to a Lexington, Ky., attorney who charged her \$25 for securing a divorce from Condon, but never actually secured the decree.

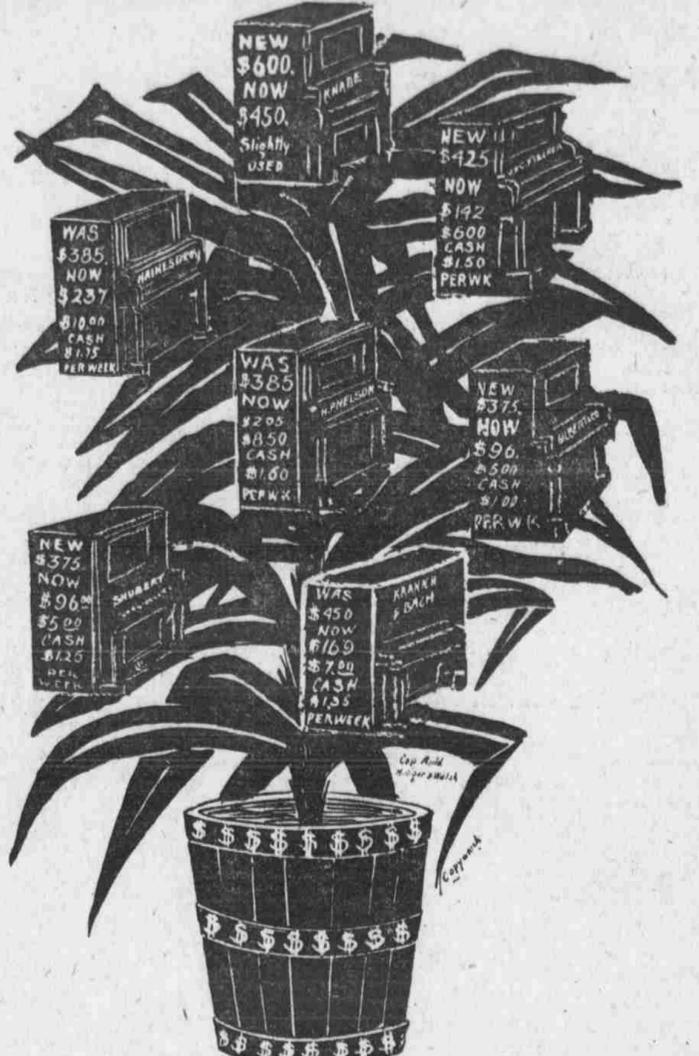

WAS CONDON'S ONLY HEIR

Mrs. Merrill is Condon's only heir, their two children being dead. Mr. Merrill is an invalid and for years Mrs. Merrill has supported him and their children.

HUSSE REMEMBERED BY SHEET METAL CONTRACTORS

The Omaha Association of Sheet Metal Contractors has presented John H. Husse with a fine mahogany casket, in recognition of his activity at the recent National Convention of Sheet Metal Contractors, held in Omaha. Mr. Husse was chairman of the local committee on arrangements and toastmaster at the annual banquet and was elected president of the national association.
