#### MAHONEY'S HOUSE IS RAIDED

One of Ten Heirs Who Own Disorderly Place in Third Ward. OWNERS HAD BEEN NOTIFIED. Police Officers Say It is One of the Worst Resorts in Omaha with Which They Have Had to Contend.

John J. Mahoney, candidate for police judge, who has started a crusade to clean out the Third ward of illegal voters, is one of ten heirs who own the property at 724 South Thirteenth street, which was raided by the police Saturday night in which twenty-eight whites and negroes were arrested for being inmates of a disorderly house and from which raid the city netted \$179 in fines Monday morning. The raid was waged by Detective Mahoney and Sergeant Madsen Saturday night. According to Steve Maloney the place at 724 South Thirteenth street was the toughest hole in town. He said he notified Mr. Mahoney two or three different times to clean the place out in accordance with the demand made by the Albert law. In addition to that Mr. Maloney asserts that County Attorney English and Assistant County Attorney Fitzgerald all notified Mahoney to clean the place out, which according to Maloney was never heeded. The police found four women who were nude and several in this attire. There were both white and black women in the place and in every room empty bottles. In one room four bottles partly filled with beer were taken as evidence and for which the occupants of the room say they paid \$1 each.

**Are Taken to Station.**  
 The entire party of twenty-eight was taken to the police station. There were sixteen men and twelve women. The lessee of the building, George W. Brown, was not arrested with the party, but was apprehended later and fined \$25 and costs in police court Monday morning. Bessie Woods, charged with running a disorderly house, was also fined \$25 and costs. All the white people who were in the building at the time of the raid were released on bonds of \$10 each. They all failed to appear in police court and their bonds were forfeited. In all twelve failed to appear.

Mr. Mahoney asserted that he did not know that the place was of such a class as a resort. He said he was never notified to clean out the building until a week ago and then he asserted that he ordered Brown to clean it up if it was not a square place. Steve Maloney said Mahoney told him he had no right to raid the building Saturday night and it was a piece of spite work because of Mahoney's activities in cleaning out the Third ward of illegal voters. Mr. Mahoney said he told Mahoney he was not better than anyone else although he was a member of the police department. "Several reports have been coming into this office," said Mr. Mahoney, "about the place at 724 South Thirteenth street. I notified Mr. Mahoney personally to close up the place so it was not being run straight. Now that Mr. English and also Mr. Fitzgerald have also spoken to Mr. Mahoney about the building, but

it seemed to have done no good. I started a raid on that street Saturday night and I will continue until I get the entire neighborhood cleaned out. This place I speak of has been the toughest one in town and I don't care who it belongs to, it is going to be closed if I have to raid it every night, which I intend to do."

#### Charles Gates to Wed Bride in East

MINNEAPOLIS, Sept. 25.—Charles Gates, son of J. W. Gates, who died recently in Paris, and Miss Florence Hopwood, daughter of Mr. and Mrs. Frank T. Hopwood of Minneapolis, will be married Wednesday in Uniontown, Pa., at the home of Miss Hopwood's uncle, Robert F. Hopwood. Miss Hopwood, her parents and a small party of friends tonight are en route to Uniontown. The announcement that the wedding will take place in Uniontown came as a surprise here, as it had been announced that Miss Hopwood was to be married at her home here. Arrangements for the wedding were made quietly and it was not until Miss Hopwood left Minneapolis for the east that the change in plans became known. The bride and groom at the wedding will be Miss Margaret Clemens of St. Charles, Minn. Wayne Dogue of Detroit will be best man. Advices from Port Arthur, Tex., say that Mr. Gates has made arrangements to be there in two weeks, thus making an European trip impossible. After the wedding in Uniontown Mr. Gates and his bride will leave in a private car for their honeymoon.

#### HAMILTON MAY NOT BE TRIED AGAIN FOR MANSLAUGHTER

Robert Hamilton, the young man who ran down and killed Elliott Robinson while driving an automobile July 4, 1910, probably will not be tried for manslaughter again. The possibility of securing a conviction is so slight that in all probability no attempt will be made and the case against Hamilton will be nipped, according to County Attorney James P. English.

#### Absorption Process Makes Faces Young

(From The Home Maker.)  
 Success has at last come to scientists who for years have sought some effective method of removing the outer facial skin in cases of unsightly complexion, which would be both painless and entirely non-injurious. The new process is so simple, the means so ordinary, so inexpensive, the wonder is that no one had discovered the same long ago. It has been amply demonstrated that common mercurized wax, to be had at any drug store, completely removes, by gentle absorption, all the withered, lifeless cuticle showing the youthful, rose-like skin underneath. The mercurized wax is applied at night—like cold cream, but not rubbed in—and washed off in the morning. The absorption also cleanses clogged pores, increasing the skin's breathing capacity and capillary circulation, preserving the tone, color and natural beauty of the new skin.—Adv.

Young Hamilton was tried for manslaughter last winter. The jury disagreed. Hamilton was readmitted to bail. Al Shultz, who is serving a three-year term in the state penitentiary at Lincoln for running down and killing the late William Krug while driving an automobile, is the only man convicted under the automobile manslaughter law.

### Today the New Reigns Supreme

The new garments, fabrics and requisites are holding a reception—it's their day of entertainment and admiration. It's your day of securing style-knowledge, of planning purchases and figuring on costs. If you didn't come yesterday, come today—the occasion is too important to miss entirely. Many of yesterday's visitors will be present today as enthusiastic buyers. In fact, although we only intended this "Style Show," or opening, as a slight-sewing occasion, visitors took hold of the affair and turned it into a busy buying carnival. There is a reason for this, of course. We account it too the general excellence of the merchandise and to the remarkable fairness of pricing. We think you will agree with our decision when you come tomorrow.

#### A Harmless Way to Darken the Hair

A Little Sage and Sulphur Makes Gray Hair Vanish—A Remedy for All Hair Troubles.

Who does not know the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition? As a matter of fact, sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature graying, than sage and sulphur, if properly prepared. The Wyeth Chemical Company of New York put up an ideal remedy of this kind, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is thin or turning gray, get a bottle of this remedy from your druggist today and see what it will do for you. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.
