STATE SCHOOL OPENS DOORS

University of Nebraska Receives Students for Another Year's Work.

NORRIS FAILS TO SEND REPLY

Fifth District Congressman Has Not Yet Said Whether He Will Be in Lincoln When President Comes.

(From a Staff Correspondent.) LINCOLN, Neb., Sept. 25.—(Special.)—The University of Nebraska today opened its doors to throngs of students from over the state and many other states of the union and streams of students were busy during the day hurrying in and out of the building, where once active school work had started. At the registrars' office there were still many students seeking to correct defects in previous registrations and old students, who had arrived yesterday and who took occasion to register today.

The total of students' registration up to Saturday night was 2,051 and this number will be slightly added to by the registrations today. This number includes only those registered for straight courses in the colleges on the city campus and does not include those who registered for partial or entire work at the agricultural college.

The first convocation of the year will be held tomorrow at 11 a. m. At this service Chancellor Avery will deliver the annual address to students.

Norris and Taft Reception.

Along with other members of the Nebraska delegation in congress, Representative George W. Norris of the Fifth district has been invited to come to this city and help in the reception, which is to be accorded to President Taft one week from today. The invitation urging Congressman Norris to be in the city on that date was sent to the Red Willow county man last week, but up to date no reply has been received from him. The affair is to be placed upon a bi-partisan basis and both democrats and republicans will aid in entertaining the president during his two hours' stay here. While the Fifth district man is an insurgent of the deepest hue and while his outcry against things as they have been has been prolonged and loud, many regulars, who disposed to look upon the matter charitably assert that they hope that Norris will be here on October 2.

Requision Refused.

Governor Aldrich, after a hearing in the matter, today refused to honor a requisition for the return of Mrs. Julia Howard to Glenwood, Ia., where a warrant was issued for her some time ago on the charge that she had kidnapped two sons of her first husband. Mrs. Howard told the governor that she had not entered the children away from the first wife, who lives in the Iowa town, but that they had come to her in accord and with the permission of their mother, the first wife of John Howard of this city. The children substantiated Mrs. Howard's story during the hearing and told Governor Aldrich that their mother had given them permission to come here to live when they had been asked by Mrs. Julia Howard.

Rushville Man Accidentally Shot.

RUSHVILLE, Neb., Sept. 25.—(Special Telegram.)—Yesterday evening while Joseph Vandenberg and George Miller were cleaning their rifles Miller accidentally discharged his weapon and the shot tore a hole through the fleshy part of Vandenberg's leg and badly lacerated it. Two doctors were immediately summoned and it is hoped to save his leg. Mr. Vandenberg is the proprietor of the Rushville Roller mills.

BACK COVERED WITH MASS OF PIMPLES

Barred and Itched So He Could Hardly Stand It. Tried Medicines, Etc., Nearly 3 Years. In Eternal Misery. Started Using Cuticura Remedies. Now Has No Sign of Skin Disease.

"My troubles began along in the summer in the hottest weather and took the form of small eruptions on the back and chest, which smarted and itched so much that I could hardly stand it. It took me nearly all over my back and kept getting worse until finally my back was covered with a mass of pimples which would burst and itch so much that I could hardly stand it. This condition kept getting worse and worse until my back was a solid mass of big, open sores which would break open and run. My undressing would be a case of blood.

"I tried various blood medicines and other remedies and gave for nearly three years and I was not getting any benefit. It seemed I was in eternal misery and could not sleep on my back or even back on a chair. I was then given a set of the Cuticura Remedies by my brother who recommended them to me very highly. I started using the Cuticura Remedies and bottle of two weeks I could see and feel a great relief. I kept on using Cuticura Soap, Ointment and also the Remedies, and in about three or four weeks these my back was nearly cured and I felt like a new being. Now I am in good health and no sign of any skin disease and I am fully satisfied that Cuticura Remedies are the best ever made for skin disease. I will always recommend them to anybody who will use according to directions. I would not be without them."

W. A. Armstrong, Carlin, Kan., May 26, 1911.

For more than a generation Cuticura Soap and Ointment have afforded the most successful treatment for affections of the skin and scalp of infants, children and adults. Although sold by druggists and dealers throughout the world, a liberal sample of each, with 25-p. book on the skin, will be sent free, on application to Foster Drug & Chem. Corp., Dept. 23, Boston.

Nebraska

Basil Mullen Must Serve Out His Term

(From a Staff Correspondent.) LINCOLN, Neb., Sept. 25.—(Special.)—No pardon is to be granted to Basil Mullen, one of the young men convicted of the murder of Ham Pak, a Chinaman, at Omaha. Mullen is serving a sentence of twenty years. His companions, Pumphrey and Almack, were each sentenced to life imprisonment.

Judge Sears and County Attorney English, who tried the case in Omaha, both recommended a pardon for Mullen, because clemency was shown to the other two men. It was alleged that he turned state's evidence. But the pardon board paid no attention to these claims. Members said that a pardon might be granted to the man after he had served a considerable portion of his sentence, but they thought it unwise to allow him his liberty at this time.

Governor Aldrich today upheld the board's action. The governor approved the recommendation for pardon for John Pettipiece of Dawes county. Pettipiece was given a year in the penitentiary for killing two horses, the property of one of his neighbors. He is said to have had considerable provocation for the deed. The board pardoned him largely because he has a family to support.

GRAND ISLAND MUNICIPAL PLANT ON PAYING BASIS

GRAND ISLAND, Neb., Sept. 25.—(Special.)—John M. Gilchrist, certified public accountant and insurance examiner for the state of Nebraska, has just completed an examination of the books of the light and water commissioner's office of this city and finds the water department of the city's combined lighting and water plant to have made a surplus over operating expenses of \$6,418 for the year ending April 30, with a total surplus of \$18,341.96 since the expert accounting was begun a few years ago, and the lighting plant to have made a surplus for the year of \$4,822, with a total surplus of \$13,858. The figures show an increased profit of \$2,000 over the profit of a year ago for the lighting plant and a decrease in profit of \$600 over the profit of a year ago in the water plant.

The city charges to the plants the amounts raised for interest on bonds, etc., charges an exact depreciation as can be ascertained, and credits the plants for hydrant service, street lighting, flushing sewers, water used in public buildings, etc. It still, however, does not take credit for the water used in street sprinkling. For fire hydrants the plant is credited for \$40 per hydrant, an average low price charged by private companies in cities having no municipal plant. For electric lights the sum of \$6 per month is credited to the plant, the monthly schedule being observed, though in the business section lights burn all night. The present administration has had some doubts as to the correctness of this system of crediting.

In his report to the mayor and council the expert accountant says: "The idea has been to show just what the results would have been if the plant was owned by a private corporation, and if it was a private corporation the city would undoubtedly have to draw warrants, and in all probability, for greater amounts. Take, for instance, the fire hydrant rental, which with you is \$45. In the city of Omaha the private corporation charges an average of \$61. The cities of Lincoln and Fremont charge \$45. York is the only place I know of where the charge is less than \$45. I believe the city should continue the practice of paying for all public service. The only debatable ground, in my judgment, is the amount to be charged."

PIERCE DEMOCRATS DIVIDED

Robert Lucas is Sprung as Candidate for Congress at the Last Moment.

PIERCE, Neb., Sept. 25.—(Special.)—Pierce has been the Mecca toward which the democratic politicians of the Third congressional district have been giving their attention the last three days. Thursday Prof. H. N. Preston of Fremont and the private secretary of the late Congressman Latta, arrived on the morning train to put in some looks for Dan Stephens of Fremont. W. L. Rose of Fullerton followed Preston closely in an auto and soon was closeted with the leading lights. A trip was then taken to Plainview, where it was learned that the friends of Fred H. Free were working like beavers for that gentleman for the congressional nomination and that a delegation from this county would be asked for at the county convention. That evening one of the leaders of the county democracy was busy interviewing the faithful here, but the subject discussed was kept from the public knowledge. The plot came to light, however, at the county convention when announcement was made that Robert Lucas, an extensive ranchman and stock raiser of Foster precinct, was a candidate for the congressional nomination before the democratic convention called to meet at Norfolk tomorrow. The impression prevails generally that the candidacy of Mr. Lucas was sprung at this time by democratic leaders at Pierce who have little love for Mr. Free and have shown their feeling towards him in the past. The plot evidently was to discredit Mr. Free in his home county by injecting another candidate and thus divide the county at the congressional convention. After the announcement of Mr. Lucas' candidacy the instructions that the friends of Mr. Free expected would be unanimously passed went by the board and the manipulation of the scheme to give Mr. Free the double cross took a half day off to hug themselves.

PLATTE MEN FOR STEPHENS

Thirteen Out of Sixteen Delegates to District Convention for Fremont.

COLUMBUS, Neb., Sept. 25.—(Special Telegram.)—Platte county democrats in convention today selected the following delegates to attend the congressional convention at Norfolk Tuesday: John E. Hugg, Joe Lachnit, Fred Peratt, Fred Schamadaka, John Gibbon, J. C. Byrnes, E. A. Harms, Blake Maher, W. N. Hensley, Edgar Howard, G. E. Speise, H. W. Luedtke, J. B. Kyle, Fred Fruchs, Louis Lightner, and Jerry Carrig. While the delegation is not instructed, thirteen out of the sixteen are for Dan Stephens of Fremont.

FRANK BROWN STICKS BY MAN WHO HAS BACKED HIM

(From a Staff Correspondent.) LINCOLN, Neb., Sept. 25.—(Special.)—Mayor Frank W. Brown of this city has returned from a ten days' hunting and fishing trip to northwestern Nebraska. While in that part of the state the former executive of this city, who is said to have distinct gubernatorial aspirations and whose boom has already been projected by numerous out-of-the-state democrats, declares that he has been making numerous tests of Bryan sentiment among men who are avowedly out of plumb with the state's last fall by William Jennings Bryan.

"There's no use talking, after a fellow gets through discussing the matter with a lot of these so-called radical wets or anti-Bryan men all, to a man, admit that he is all right and that right down in their hearts they admire him and feel that he is yet a potent power in the activities of the party," said Mr. Brown. "On the surface a lot of them may take the first few minutes giving Mr. Bryan hail Columbia, but when they get through with that they generally take another few minutes admitting that they still will not vote for him and to the democratic party, both in the state and nationally."

SUPREME COURT MEETS ON SECOND OF OCTOBER

(From a Staff Correspondent.) LINCOLN, Neb., Sept. 25.—(Special.)—At the next term of the state supreme court, which will be called October 2, the case of the state against the American Surety company will come up for argument. The company attempted to prevent the collection of an incorporation tax by the state and later W. T. Thompson, who was at that time attorney general, made moves toward dissolving the company from doing business in the state. This was on account of a failure of the company to comply in full with the provisions of the Junkin anti-trust act.

Golden Wedding at Table Rock.

TABLE ROCK, Neb., Sept. 25.—(Special.)—The golden wedding of Mr. and Mrs. Isaac Reynolds was celebrated here with a surprise party at their home six miles east of Table Rock. Among those present were two daughters, Mrs. Lou Segrist and Mrs. Peter Gergens and a niece, Mrs. John Power of Humboldt, the only relatives of the aged couple living in this vicinity. Two sons live in the western part of the state, a third at Seattle, and a fourth in Canada. Mr. and Mrs. Reynolds were married at Princeton, Bureau county, Illinois, in 1861, and located at their present home in 1882.

Loose Eye in Coracoid Flight.

BROKEN BOW, Neb., Sept. 25.—(Special.)—Earl Luther, working on a ranch south of here, will lose an eye as the result of a coracoid flight. The boys working on the place were engaged in a sham battle when a flying cob struck Luther in the eye. He was brought to town for treatment, but the physician gives no hopes of saving the eye.

Scalded by Steam or scorched by fire, apply Bucklen's Arnica Salve. Cures piles, too, and the worst sores. Guaranteed. 25c. For sale by Beaton Drug Co.

CALUMET

The BAKING POWDER

That Makes the Baking Better

Failures are almost impossible with Calumet. We know that it will give you better results. We know that the baking will be more uniform throughout. We know that it will be more evenly raised. And we know that Calumet is more economical, both in its use and cost. We know these things because we have put the quality into it—we have seen it tried out in every way. It is used now in millions of homes and its sales are growing daily. It is the modern baking powder. Have you tried it? Calumet is highest in quality—moderate in price. Received Highest Award—World's Pure Food Exposition.

For information and literature see the agent of any railway or write GEO. E. WALTON, Gen. Agent 236 So. Clark St., Chicago, Ill.

Nebraska

POLICE MAGISTRATE IS DISTRICT OFFICE

(From a Staff Correspondent.) LINCOLN, Neb., Sept. 25.—(Special.)—Police magistrates for villages and cities may be nominated at a primary election because the office is a district office and not a municipal office, according to the opinion handed down today by Assistant Attorney General Frank Edgerston. The assistant attorney general was called upon to make a decision when a case from Kearney was submitted. There the name of W. L. Hand was written on the republican and democratic tickets for the office. According to the ruling, he becomes the nominee of both parties.

BRYAN CLUB OF CUSTER COUNTY IS REORGANIZED

BROKEN BOW, Neb., Sept. 25.—(Special.)—The old Bryan club of Custer county, which has been dormant for several years has again raised its head and effected a reorganization with Ross G. Moore as chairman, J. Carlin, vice president, W. B. Shaffer, secretary, and E. C. Orr, treasurer. Committees have been appointed to work the county and bring in all delinquent taxes. The organization claims to be both democratic and populist and the adopted resolutions, extolling the merits of W. J. Bryan, endorse him as the only logical candidate for president.

ALDRICH WILL NOT ATTEND LA FOLLETTE MEETING

(From a Staff Correspondent.) LINCOLN, Neb., Sept. 25.—(Special Telegram.)—Governor Aldrich today declared that he would not attend the La Follette progressive conference, to be held at Chicago, October 16, and asserted he would take no active part in the presidential campaign from now on. "That's a matter which is up to the people under our new primary law and while I do not repudiate La Follette I will take no steps to influence sentiment for him and against Taft," he said.

To Properly Treat Obstinate Wrinkles

Particularly where wrinkles and furrows are long and deep, the massage devotees is apt to rub too hard and too frequently," says Dr. Limoges. "Such treatment loosens the skin, causes muscles to sag and aggravates the wrinkled condition—just the opposite result from what she seeks. "Better than massage, or anything else, for the most obstinate wrinkles and 'crow's' feet, as well as the finest lines, is a formula well known in France, which American ladies may readily avail themselves of, as you will have no difficulty procuring the constituents from your druggists. It is this: One ounce powdered saxifrage in one-half pint witch hazel. Rub the face, neck and hands in this daily. The effect is really marvelous, not only as to wrinkles, but also in case of double chin and baggy cheeks. The application is cooling, soothing, tending to relieve fatigue and insomnia."—Adv.

CURBING THE PLATTE RIVER

Dodge and Saunders Boards Will Build Facilities Near City of Fremont.

FREMONT, Neb., Sept. 25.—(Special.)—The county boards of Dodge and Saunders met in joint session here yesterday afternoon to decide what should be done to keep the Platte river from running to the north side instead of to the south. It was decided to put in 1,000 feet of fascines extending from the east end of Fremont toward the wagon bridge. The contract was let to J. N. Maher for \$1 per foot.

Fremont's postal savings bank opened Saturday. As soon as the window opened there was a rush of school children who wanted to be first on the list. Zoe Gumpert, daughter of H. Gus Gumpert, was the first depositor. Nearly all the depositors were children. A number of inquiries about depositing money were made by Greeks and Italians who are working on the railroads here, and it is probable that the bulk of the business will come from them.

THOMAS CARS are built in the Thomas Plant at Buffalo and are sold only through authorized Thomas Dealers, who agree to conduct properly organized Service Shops, and to render to Thomas Owners the necessary Technical Service which will keep the car throughout its entire life in the highest possible state of efficiency that the wear and tear of constant use will permit.
