

The Children's Style Show

There have been gowns and hats and shoes displayed at every turn for the older folks, but no other store has given as much careful thought to the children's needs as this one.

Tomorrow in the shoe section all the new models for fall and winter wear will be ready for fitting to little feet.

The most coveted shoe for young folks is the white buckskin, which are easily cleaned and for long wear have no equal.

Patent leather shoes with white, brown, red or cloth tops are very popular this fall.

High cut shoes of tan calf or patent leather with kid or cloth tops are stylish and very serviceable. Prices are from \$1.50 to \$3.75.

A fine display of perfectly fitting dancing slippers, ballet slippers, gymnasium and house slippers. Prices from \$1.50 to \$3.50.

Free to Boys and Girls

In the enlarged and newly arranged Shoe department we will give away during Ak-Sar-Ben a brand new Carnival fun maker. Because it's noisy, boys like them immensely, but they're perfectly safe so that girls like them, too. Get one tomorrow and start the fun.

Col. Geo. Adams Buys the Atlantic Northern

ATLANTIC, Ia., Sept. 27.—(Special Telegram.)—Col. George Adams of Council Bluffs, who has been in charge of the Atlantic Northern & Southern at the receivers' sale here today. His bid was \$402,000, or \$100,000 higher than anyone expected. The sale was attended by over 1,000 farmers and business men who have been interested in the road. Directors and stockholders were present from four counties.

President J. A. McWald of the Atlantic National bank made first bid of \$45,000 to protect the first mortgage bond holders on the north road between Atlantic and Kimballton. Former President H. S. Rattenborg raised this bid to \$125,000 to protect second and third mortgage bonds of the north division.

Shugart and Barnes, Brothers of Des Moines presented a bid of \$100,000 for the thirty-seven miles of road between Atlantic and Villisca and this was raised to \$165,000 by John Ables of St. Louis. These bids were made to protect the claims of graders and tie firms.

The next bid was made by Neil McDonald of New York and was for \$20,000 for the south road. McDonald claims he represented eastern money. He says he has built two roads for the late Jay Gould and can get Andrew Carnegie to go on his note for \$1,000,000 any time.

Col. Adams came next with a bid of \$300,000 for the whole road. This was raised by McDonald to \$400,000 and Adams then went \$2,000 better. The bid, if paid into the court, will protect all of the lien holders against the road and some of the judgment creditors. Col. Adams says he intends to extend the road at once from Treynor to Atlantic and thence through Guthrie Center to Des Moines.

It is reported that during the afternoon Col. Adams received two telegrams from Leslie M. Shaw advising him to withdraw his bid. Col. Adams says he has no intention of withdrawing his bid and the money is payable to the court in ten days if the court accepts the bid.

MEMPHIS SHOPMEN ARE OUT

Machinists of Illinois Central Strike in Sympathy with Clerks.

SUSPENSION IS PREMATURE

Heads of International Unions Send Orders to Men in All Harriman Shops to Remain at Work.

CHICAGO, Sept. 27.—Machinists employed by the Illinois Central railroad at Memphis, who are already on strike with the railway clerks, acted on Monday before the order restraining them had been issued by their international officers, according to officers of the Illinois Central machinists' locals here at a conference today.

J. H. Gora, president of the Machinists' local at Memphis today received notice that additional machinists had gone out before the order was received. W. L. Park, vice president of the Illinois Central, admitted that the machinists had joined the striking clerks, but denied that more than 150 or 200 men were out.

Clerks Start South.

Two hundred nonunion men were sent south early today by the Illinois Central railroad to take the places of striking clerks and messengers who are out at Memphis, New Orleans and other points.

There is thought to be no likelihood that the clerks' strike will spread to the shop employees. No order for the shopmen to walk out will be given until a final count of the ballots of the check vote by the various unions is completed, according to J. W. Kline, president of the International Brotherhood of Blacksmiths and Helpers.

If this vote favors a strike as an alternative to recognition of the federation by the railroad an opportunity will be given to C. W. Markham and other railroad officials to confer with the federation officials. The same procedure, according to Kline, will take place on the Harriman lines before a strike of shopmen will be called.

Other Trades Do Not Strike.

MEMPHIS, Tenn., Sept. 27.—Notwithstanding reports that all branches affiliated with the Federation of Employees of the Illinois Central railroad would go on strike today, there had been no move in that direction early this forenoon.

The strike of the railway clerks' union locally remains practically unchanged. Both sides are claiming conditions are perfectly satisfactory to them.

No disorders have occurred. To guard against a possible outbreak, however, the vicinity of the shops where the workmen are out and the freight depots are patrolled by armed guards.

ARE WOMEN GROWING BALD?

"The rapidly growing demand for hair goods indicates decidedly that full heads of natural hair are becoming scarcer every day," says Mae Martyn, noted beauty specialist.

"Only about one woman in a hundred seems to understand that alkali, as found in soaps and most shampoos, is the deadliest enemy to the hair. It practically eats the life out of the hair, causing it to become brittle, split at the ends and fall out.

"To keep the scalp clean, healthy and free of dandruff and the hair soft, bright and growing shampoo once in two weeks with a teaspoonful of cantharide dissolved in a cup of hot water. The hair will dry quickly without streaking, and there is no shampoo like this one for promoting hair-health and preventing baldness."—New York News.
