Students Rehearse for Taft Meeting

A mass meeting was held at the Omaha High school Friday morning and the students were arranged as they are to stand when President Taft gives his address next Monday morning at 9 o'clock.

The 1,000 students of the school formed a massed semicircle about the east steps of the building, with the cadet regiment in full dress uniform in front. After the students were assembled, Principal McHugh spoke briefly and then introduced Prof. C. E. Reed, the new vice principal and athletic director, after which he took charge of the meeting.

"It is the duty of every student, boy or girl, in this school to support athletics," said Prof. Reed. "I am heartily in favor of athletics in this school myself and hope that all will give their support, both financially and by showing their enthusiasm by cheering the foot ball team in the games this fall. We have a good team this year and the lads have all been practicing hard ever since the season started. There is no doubt but that we will have a winning team to represent the school this year."

George Grimes, the head cheer leader for the foot ball games this season, ended the meeting by putting the students through a brief drill of the new yell.
