FAST TRACK FOR AUTO RACES

Saturday's Program to Be Staged
This Afternoon on Speedway.

FIVE BIG EVENTS FOR TODAY

Tomorrow's Card Postponed Until
Friday on Account of Military
Parade—Good Events for
Saturday.

With the track in the fastest possible condition the motor races will open this afternoon at 3 o'clock on the Omaha speedway with the program which was scheduled for last Saturday afternoon, but had to be called off on account of rain.

A trip was made to the track yesterday afternoon by W. L. Huffman in company with several of the leading drivers, and the statement was given out that the track could not be in better condition. The sun of yesterday, and the wind which accompanied it was just what was needed and the fastest racing ever seen on the Omaha speedway is predicted both by the promoters of the event and those who will participate in the races.

Up to yesterday afternoon forty-four cars had been entered for the four days of racing. Seventeen makes of cars compose this number and in most cases there are from one to three cars of one make entered in the races. The Cuttings, Colby, Ford and Marmon companies have entered two cars each. One Fiat has been entered and will race against time only.

The Paige-Detroit has been entered by

E. R. Wilson, the new local agent for this line, and the car to be raced is the same one that made a splendid showing in the Brighton Beach races and then drove to Omaha and entered in the Omaha Motor club endurance run.

Tomorrow there will be no races on account of the military parade, but the races will be resumed Friday when the second day's program will be held. Saturday will be the big card day and Sunday will see the close of what is predicted to be the best race meet ever held in the city. For today there will be five events: three twenty-five-mile races, one fifteen-mile race and a ten-mile obstacle race.

Pioneer Grocer Drops Dead Upon Street

Charles Bloch, aged 72 years, one of the oldest residents of Omaha and for the last two decades a grocer at 509 North Twenty-fourth street dropped dead of heart disease while delivering groceries at Twenty-fourth and Ohio streets at 10 o'clock yesterday. His body was taken in charge of by Coroner Crosby.

The only witness to the old man's death was Steve Maloney of the Omaha police department. Mr. Maloney was looking into a matter at Twenty-fourth and Ohio streets when he saw Mr. Bloch fall over into the mud near the sidewalk. Thinking the aged man had been taken with a fit Maloney ran to his assistance. He turned Bloch over on his back and asked him where he lived. Bloch gave Maloney his address and then straightened out. Dr. Livan was sent for, but found the man dead when he arrived.

Arthur Remington Expires Suddenly

Arthur Remington, died at his home Monday from heart failure. He had returned from an evening spent at the Orpheum theater, when he was attacked by a sinking spell and died shortly after. Mr. Remington was a member of the firm of Remington & Kessler, merchant tailors, and was 33 years of age. He had lived in Omaha since 1874, and had been in business for many years. He was a member of the Omaha club, and other social organizations. He leaves a widow, daughter of the late J. E. McCormick, but no children.

The funeral of Mr. Remington will be held from the residence, 302 Harney street, Wednesday afternoon at 2 o'clock.

Rev. T. J. Mackay will officiate. The pallbearers will be Judge W. A. Redick, Isaac A. Cole, Joseph Barker, A. G. Benson, C. T. Kountze and Osgood Eastman.

M'LAUD IS APPOINTED STATE DEPUTY FOR ELKS

Charles McLaud of York has been made state deputy of the Elks for Nebraska, by order of Grand Exalted Ruler Sullivan of New Orleans.

Advantages of the Maxwell

Power—a world of it—enables the big, new Maxwell Special to cope with all emergencies. The 4 1/2 x 5 1/2 long-stroke, quiet motor develops 36-horsepower. Large valves, adjustable push rods, self-contained automatic oiling system, Stromberg carburetor and dual ignition with Splittorf magneto and batteries reinforce the motor's work. A full-floating rear axle and drop-forged "I"-beam front axle are excellent features.

(Top extra)

Style—that will make you proud of your car—distinguishes the Maxwell Special. This new ventilated fore-door, flush-side, vestibuled steel body with inside control, and a Columbia Honeycomb type radiator make it an aristocrat among cars. It is finished in Royal green, with deep, soft upholstery.

Price is the big consideration in buying a car. You buy the big Maxwell for \$1280, because that price has been made possible by the wonderful factory facilities and unequalled distributing power of the United States Motor Company.
