ALDRICH BACK FROM SOUTH

Governor Returns from Conference with Executives.

FILE BRIEF EARLY THIS MONTH

Ouster Suit Against the Two Members of the Fire and Police Board of South Omaha is Delayed.

(From a Staff Correspondent.)

LINCOLN, Neb., Oct. 5.—(Special Telegram.)—Governor C. H. Aldrich returned from his trip to St. Louis today after a conference with Governors Harmon of Ohio and Hadley of Missouri, relative to the brief that will be submitted in the United States supreme court defending the right of the state to regulate interstate traffic.

Governor Aldrich says the brief as it has been finally prepared contains many of the ideas he has advanced in favor of the rights of the state. The other executives upon the special committee took much the same view as he did himself upon these questions. The brief will be filed October 10 at Washington.

South Omaha Suit Delayed.

It was made known today that the ouster suit to be filed against Members Ryan and Pivonka of the South Omaha Board of Fire and Police Commissioners will not be ready for filing this week. It has been the desire of the governor to push this prosecution, but the attorney general in preparing the case has not been in a hurry to submit the filings until every branch of the suit is covered and he has sent to South Omaha for more information. The case will probably be ready early next week.

EXCITING LEGAL CONTEST FOR HOMESTEAD IN CUSTER

BROKEN BOW, Neb., Oct. 5.—(Special.)—An exciting contest has just closed in the land office here, in which Frank Williams disputes the claim of Miss Margaret Schoonmaker, residing near Whitman, Williams, who is living on the nearby claim of Miss Carrie Drake, a niece of Miss Schoonmaker, charged that his opponent did not live on her section subsequent to its location in 1904 until the year 1908 and had therefore forfeited her right of entry. Miss Drake, one of the Williams witnesses, and as before stated, niece of Miss Schoonmaker, took the stand and proceeded to read the land office until called down by Williams' attorney, who threatened to withdraw from the case unless she subsided. Seventeen witnesses accompanied the contestants to Broken Bow, and it took two days to gather in all of the evidence. The case has gone to the Department of the Interior at Washington.

Over one hundred and fifty hunting licenses have been issued from the county clerk's office since the beginning of the season. Some scattering ones went to outsiders, but the bulk of them was taken out in the county, Callaway and vicinity coming in for the biggest share. This indicates that Custer is well patrolled by game wardens and the people realize the necessity of taking out permits.

CORNHUSKERS IN NEED OF BETTER TEAM WORK

LINCOLN, Neb., Oct. 5.—(Special Telegram.)—With the opening game of the season less than a week off the practice Wednesday night recalled that the Cornhusker squad was still several days behind the perfection attained in the teamwork at the opening of the season last year. Brilliant individual playing is the only redeeming feature of work of the veterans and new men, but as usual the teamwork of the Cornhuskers is decidedly ragged.

Elliott has received word from his uncle that he may remain at school during the foot ball season if he so desires, and the worry over the possible withdrawal of the big lineman ended. Elliott has been playing a great game and probably will be used alternately at guard and center with Hornberger. Warner has replaced Potter at quarter and is running the team smoothly. Coach Stiehm expects a hard game in the opening contest with Kearney Normal and will put in his first team with Gibson probably in the fullback position, Warner at quarter, Purdy and O. Franke, halfbacks.

Three Weddings at Nebraska City. NEBRASKA CITY, Oct. 5.—(Special.)—There were three weddings in this city yesterday, the first being that of John Seyfer, a prosperous young farmer of Wyoming precinct, and Miss Alice Whipple, daughter of one of the leading farmers of that precinct. The wedding was a quiet one.

In the afternoon Andrew Hansen, a young Danish farmer from near Sterling, was married at the home of Mr. and Mrs. Nelse Christiansen in this city to Miss Martha Rasmussen of Wyoming precinct. It was a home wedding and the house was covered with floral decorations.

Gerhard Beyke of Watson, Mo., and Miss Catherine Larson of the city were married last evening and will make their home at Watson. The bride and groom were the same age—42.

New Pastor at Central City. CENTRAL CITY, Neb., Oct. 5.—(Special.)—Rev. J. P. Anderson, late of Huron, S. D., has been called to the pastorate of the Presbyterian church of this city, which has been vacant since the resignation of Rev. Williams last winter. He occupied the pulpit last Sunday and immediately afterwards a call was extended him, which he accepted. Rev. Anderson had not had a permanent charge for some time before coming here, he and his wife having been traveling extensively in the west and elsewhere, and when the call was extended he was able to take up his pastoral duties at once. He will occupy the pulpit here next Sunday at the regular hours. Local church-goers were very favorably impressed by his first appearance here.

Beatrice Couple Arrested in Texas on Charge of Forgery

BEATRICE, Neb., Oct. 5.—(Special.)—Sheriff J. L. Schiek and wife arrived home last night from Sherman, Tex., bringing with them Mr. and Mrs. Lloyd P. Lapsley, who were arrested at that place last Sunday morning on the charge of uttering and passing a forged check amounting to \$200 on the First National Bank of this city last Friday. Mr. and Mrs. Lapsley were married less than two weeks ago in this city, and departed for San Antonio, Tex., the next day after the check was cashed. They were taken off the train at Sherman, where they were held until the sheriff from this city could go after them. Until recently Lapsley was employed as assistant engineer at the plant of the Beatrice Poultry and Cold Storage company here.

Mrs. J. B. Fulton, an old resident of Beatrice, sustained a broken shoulder and several ribs about the body by falling down a stairway at her home, on Leroy C. Walker and Miss Grace Lockenour, both of De Witt, were married here yesterday by Rev. W. A. Mulligan.

Mrs. Jessie E. Wait yesterday filed a petition in the district court for divorce from Gleason Wait. She asks the custody of their three children and alimony. The defendant is a son of Addison Wait, secretary of state, and recently located in the city.

ALGONA MAN ENDORSES TWO WORTHLESS CHECKS

MASON CITY, Ia., Oct. 5.—(Special.)—News reaches this city to the effect that Liverman A. L. Cheney was nicely flummoxed out of \$200, and it was done so prettily that the cheerful liverman believes that he almost got his money's worth out of it. A fellow by the name of Reed about two weeks ago put in his appearance at Algona, and represented that he was a sign poster for the American Tobacco company, and he carried stationery that might indicate that he was thus connected. He seemed to be thoroughly versed in the business and knew just what to do. He closed contracts with the lumbermen for the lumber he would need and then went over the town engaging vacant lots upon which to erect his signs. He contracted but paid nothing. After going through the necessary form to establish his credit, he then went to pay his livery bill to Mr. Cheney. He presented what he said was a salary check for \$200 which needed an endorsement before he could get it cashed. Mr. Cheney endorsed it and he got it cashed. In the afternoon Mr. Reed appeared again with a salary check of \$75 and this Mr. Cheney signed and this was cashed. That night Reed disappeared and has not been heard of since. The salary checks turned out to be obligations Cheney had to pay, and he has paid them like a man. The detective associations have been notified and it is believed that Reed will soon be in the custody of officers.

BOONE OFFICIAL FINDS HE IS NOT A CITIZEN

BOONE, Ia., Oct. 5.—(Special.)—Archibald Patterson, cashier of the Boone State Bank, ex-county auditor and a pioneer and prominent Scotch resident, learned yesterday afternoon that he is not a citizen of this country, while appearing as a witness for some aliens who were being naturalized. A government inspector happened to be in the court room, and he questioned Patterson. He learned that he was seventeen years old when his father arrived here, and had passed his twenty-first birthday when his father became naturalized. Patterson thought he became a citizen when his father did, forgetting about having reached his own majority. He has been a prominent factor in county politics and at state republican conventions. He is now banker and notary public. He will at once take out necessary papers. John Nylander, a township officer from Ogedon, was in the same predicament yesterday, and he is also to become a citizen. The inspector stated that the official acts of these two men are all O. K., as there was no intentional violation, merely technical.

Box Car Burned at Grand Island.

GRAND ISLAND, Neb., Oct. 5.—(Special Telegram.)—The burning of an empty box car in the Union Pacific yards near the shops last night occasioned much excitement and gave rise to rumors that an effort had been made in connection with the strike to fire the shops. After a thorough investigation the officials this morning gave out the statement that the fire was caused by sparks from a passing locomotive regardless of the rumors to the contrary. No blame is attached to any men or to any set of men.

Home Remedy for Double Chin and Wrinkles.

(Ladies' Home Magazine.) Whether openly, or down deep in her heart, every woman deprecates the coming of wrinkles, "crow's feet" and a double chin, as well as enlarged nostrils. The wise woman doesn't attempt to patch up her face with patent creams, lotions, cosmetics, etc. She realizes these are only temporary aids to her appearance. If every woman knew that she could go to her drugist and get an ounce and a half of old-fashioned, thermized jelly, and by rubbing half a teaspoonful into her face daily, she could rid herself of her wrinkles and "crow's feet," her double chin or her blackheads very quickly—why?—the answer is, there would be fewer women wearing wrinkles and the other things above mentioned, and incidentally—she would learn that the real trouble lay not with the outer skin, but the fibrous tissue underneath. This new heat-giving nourishment, and thermized jelly will supply it as nothing else will.

Mrs. Wolcott Sues the Northwestern

MADISON, Neb., Oct. 5.—(Special.)—Mrs. Nora Wolcott, who was an employe at the Northwestern railroad eating house at Norfolk Junction at the time the same was destroyed by fire, has brought action against the Northwestern Railroad company to recover \$12,000 damages and \$1,200 hospital and medical expenses which she alleges she has sustained. She says in her petition that she was in her room in the eating house when the fire occurred, sick and unable to clothe herself, and it was necessary for her husband to wrap her in the bed clothing and carry her from the burning building, and that by reason of the fire and her removal from the building she suffered a severe shock to her nervous system from which she cannot recover, and which has totally destroyed her earning capacity. She further alleges that at the time of the fire she was receiving from the railroad company the equivalent of \$5 per month.

Man Accused of Assault. BROKEN BOW, Neb., Oct. 5.—(Special Telegram.)—Joseph Jaros, 27 years old, was brought here from Sargent this afternoon by Sheriff Kennedy charged with criminal assault against 15-year-old Frances Matoszek of this place. Jaros had a hearing before Justice Leach yesterday afternoon and was bound over to the district court in the sum of \$1,000. He denied the charge, but the girl swore to his identity.

Bishop Williams at Central City. CENTRAL CITY, Neb., Oct. 5.—(Special.)—Word has been received that Bishop Arthur L. Williams of the Episcopal diocese of Nebraska will preach at the church here next Sunday. The hour has not yet been announced. The pastorate of Christ's church is still vacant since the resignation of Rev. F. C. Taylor last spring.

NEBRASKA CITY NEWS NOTES

Frank Gorty is Unable to Give Bond and is Returned to the County Jail.

NEBRASKA CITY, Oct. 5.—(Special.)—Frank Gorty, who tried to kill his wife by shooting her through the left breast and then stuck table forks into his own breast, was taken before County Judge Wilson last evening and his preliminary hearing continued until November 3 and he being unable to furnish the \$2,000 bond required by the court was returned to jail. The wife is gradually recovering from her wounds and hopes to be able to appear against him at that time.

Captain L. Enyart, president of the Farmers' bank of this city, and one of the large realty holders of this state, who was injured in a runaway accident about a month ago in the northwestern portion of the state was brought home last evening in an automobile, driven by his nephew, Frank Enyart, and he made the journey bolstered up on three feather beds, the auto being driven slowly the entire two hundred miles or more. It is feared that the injury to his hip will be slow of recovery because of his age.

Marcus Slight while hunting yesterday on the bottoms east of this city shot and killed a large grey eagle that measured twelve feet from tip to tip of wings. This is the first eagle that has been killed or seen in this part of the valley for the past twenty years. He had it stuffed and will present same to the Eagles' lodge of this city.

Minden Carnival Successful. MINDEN, Neb., Oct. 5.—(Special Telegram.)—The first day of the Kearney County agricultural fair race meet and Minden street carnival was an immense success. The second day was called off entirely, but the program will take place on Friday and Saturday the same as if no rain had come.

GAGE COUNTY FAIR OPENS WITH LARGE ATTENDANCE

BEATRICE, Neb., Oct. 5.—(Special.)—The Gage county fair opened here yesterday with an attendance of 5,000. The chief attraction was Aviator Charles F. Walsh, who made three successful flights in a Curtiss machine. Coming to earth after his first flight between Beatrice and Ellis Mr. Walsh stated that he had attained a maximum height of 1,000 feet and traveled at the rate of sixty-five miles an hour. The day was perfect and the exhibitions were greatly enjoyed by the large crowd. Mr. Walsh's wife and two children are here with him. The program for the fall festival last night consisted of an illuminated boat parade on the river, a slide for life by Prof. Harmon from the dome of the Paddock hotel and concerts by the Beatrice and Steinauer bands.

National Coursing Meet at Sutton. SUTTON, Neb., Oct. 5.—(Special.)—Nearly 200 of the fastest greyhounds in the world have been entered in the national Waterloo cup, plate and purse \$4,000 stakes to be run here October 16 to 14. This is the largest and most classy coursing event held and is attended by hound fanciers from every state in the union. The 200 jackrabbits now in training at the coursing lot are big, strong fellows, and it will take a fast pair of hounds to catch one before he makes his escape.

Westerville Firm Assigns. WESTERVILLE, Neb., Oct. 5.—(Special.)—Ralph M. Baker & Co. have made an assignment to Tom Baker of Ansley, George W. Cox was a partner in the business. The firm lost \$2,000 in conducting the business in a little over ten months' time. A. G. Daniels of Ansley has been placed in charge of the store.

The Oliva Cloak

The inspiration for this splendid cloak came from far-off Poland where they are worn, not by the women, but by the men. But the idea, before it reached us, had to cross France and France leaves nothing as she finds it. A magic touch or two and the rather clumsy "talma" becomes a garment of beauty and distinction. The Oliva Cloak is one of the most practical winter garments ever designed. With the big collar turned up it protects you from head to knee. It is warm, light and comfortable. YOU need one. Send us the coupon below, and we will tell you how it is made of Fleisher's Knitting Worsted, one of the thirteen FLEISHER YARNS

—the yarns that your grandmother used, better to-day than ever—made of the finest, warmest wools—soft, elastic, wear-resisting. You will be enthusiastic over their beauty.

Better methods demanded

"We must adopt new methods of farming and pursue them with eagerness and intelligent enterprise." Pres. William H. Taft at Syracuse, N. Y., Sept. 16, 1911.

This was the keynote of the president's plea for more intensive farming. He sounded a note of warning—a warning that there must be less thought of extension of area and more thought of intensive farming. The movement from the farm to the city, he declared, must be stopped and the lure of the country made stronger. The almost virgin states of the west must be developed so they can support a population that will be doubled within the next fifty years. This development must come if this country is to be self-sustaining.

Action in line with that which the President urges is being taken by the OMAHA LAND SHOW

Experts here will demonstrate how to make western farms pay better—produce bigger crops and yet conserve the productivity for later years. Men will show farmers how to do just the things President Taft urges should be accomplished. Learn how to make your land produce better crops.

Don't be "Luke Warm"

"Luke Warm," never accomplishes very much! Doctors will prescribe either very cold applications or very hot ones; the temperature between the two doesn't count for much. "Warm Up" to your work no matter how small the job; even the loftiest sky scrapers are held together by LITTLE steel rivets, but the rivets are put in SIZZLING HOT. An advertisement that cannot pull an exclamation of enthusiasm from YOURSELF, isn't going to impress a casual reader very much. An advertisement that DOESN'T look like the scores of ads that SURROUND it, is going to get the QUICKEST reading, and THAT'S an advantage. The advertisement that is written without injecting heart, soul, brain and originality into it is going to make as much of an impression as a cricket's chirp in a saw mill. The man who fills a \$50 newspaper space with listless tommyrot is like the fellow who keeps axle grease in a cut glass bowl. Enthusiasm has built greater fortunes than conservatism; a business optimist is a lubricant for the wheels of industry, while the I-Am-Content-With-The-Business-I-Am-Doing sort of a fellow is the brake that slows commercial machinery. YOU have the belt shift in your OWN hands and can shift onto the HIGH speed or the LOW. The writer fairly oozes with enthusiasm and is willing to sell it at so much per ounce; he has gained—and earned—a reputation for constructing heated advertisements that climb high into the tube of business mercury. He may be accused of other things, but it shall never be said he is "Luke Warm!"
