Strickler Talks on

Virgil O. Strickler, formerly of Omaha, but now of the board of lectureship of the mother church of Boston, lectured ure, though the annexationists are more last night at the First Church of Christ. Scientist, to a large audience. He spoke of the healing power of faith, and of the religious aspect of Christian Science, and went on:

"Christian Science is essentially a practical religion. It has been called applied Christianity. There is the same difference between Christian Science and other systems that there is between mathematics and engineering. Mathematics does much good in many ways, but it is not until the rules of mathematics are applied to human affairs that we see brought out great bridges, railroads, subways, lofty buildings and other things that are of public utility, and ings of Jesus are understood and applied to human affairs that we see the sick healed, sinners liberated from bondage to evil habits, and other practical things done for the betterment of humanity.

Favorites Win in Straight Heats at State Fair.

SPRINGFIELD, Ill., Oct. 6.—Favorites won in straight heats this afternoon at the Great Western circuit races at the state fair, the feature being the close brush between It Will Tell and Branham Baughman in the 2:15 pace for a \$5,000 purse. In the second and third heats It Will Tell came up to the favorite's nose, only to lose by a step at the tape. "Pop" Geers drove an easy race with Lady Willow, taking the other big event, the 2:20 trot, in easy style. trot, in easy style.

PROPER TREATMENT FL CATARRH The first thing to be done in the

treatment of Catarrh is to begin the use of a medicine that will have a direct effect on the source of the disease; in no other way can any curalive progress be made. S. S. S. does this more quickly and satisfactorily than any other medicine, It is the most penetrating of all blood purifiers, thoroughly, yet gently, expell-ing all catarrhal matter and impurities from the circulation, and by its fine tonic properties strengthening and building up the system in such healthy manner that it is enabled to overcome the depressing effects of Catarrh. Some local treatment is often desired to open the air passages of the head and nose and relieve the congestion and "tickling" of the throat, and other unpleasant symptoms. There are many helpful measures which may be resorted to, and there are others which may be harmful, and to aid Catarrh sufferers we have prepared a special treatise on the disease which will be of great value to any who suffer with this rouble. This book together with any medical advice free to all who write and request it. Take S. S. regularly and according to directions, and it will certainly remove the cause and cure your Catarrh. S. S. S. is sold at drug stores.

Annexationists Confident They Will Have 1,500 Names on Petition,

NAMES TO CLERK SATURDAY

Opposition Declares Hundreds Will Be Shown Not Names of Registered Voters-Antla Making Determined Fight.

A spirit of confidence was evinced at the meeting of the annexationists last night when W. A. Farnsworth, the chairman, reported 1,300 names on the petitions turned in, with probably 300 more outstanding. The committee claims that it will have 1,500 names to submit to the county clerk Saturday, when the petition will be filed. Word from Omaha brought the intelligence that the uptown petition

The meeting last night indicated that the promoters of the merger were preparing for a battle royal with those who are opposed to the measure.

"We are confident of winning," said W. A. Farnsworth. "There will be a fight, but the more fight there will be, the stronger will grow the sentiment in favor of the merger."

Mr. Farnsworth took occasion to say that the annexationists were personally for the Burlington and he claims that of all political complexions and that there was absolutely no question of partisan politics in the movement. This state-Orr of Atchinson, is attorney for the defense. crats and republicans, who protested against any induction of politics into the

movement. Following the filing of the petition Saturday the lists will be open for inentrance of the Rome hotel to her room spection by the anti-consolidationists, that hundreds of names on the petition are not those of registered voters.

The antis are making a determined fight and it seems to be admitted by those who have been through the fight before that the anti organization can con-

trol the votes to a great extent. The Murphy plan of enjoining the county clerk from the acceptance of the petitions on the score that the proposed merger is illegal and unconstitutional does not meet with the popular hope of success. The great trust of the antis is the fact that Omaha in its charter has not made adequate provision for the Christian Science merging of the two cities. They claim that both the local fire and police departments will be annulled by the merger. Both sides, it is understood, will soon

Yesterday the employes about the hall wanted a vacation to view the military parade in Omaha. Some one telephoned the mayor. His honor refused to entertain the motion because he had granted a half holiday already this work. Then some of the old war horses, being urged thereto by the young and frivolous ones, wandered casually into the executive would Les Shamblem left yesterday for The Hyannis, where he will enjoy a few days office and remarked that there would probably be a "holiday today." mayor said he had not heard of it. The aggressive spirit of this store is again shown in the Fall clothing prices and matchless va'ues. Such a stock was never shown to better advantage. The suits and overcoats we offer you are full of worth ness and economy and the like of them is not elsewhere for the money.

Nowhere in This Section

is it possible to see so vast a stock of men's, young men's and boys' clothing as here at the "Nebraska." So large a business requires a large stock to keep it going, and when things go out fast they must come in fast, and that is the way the stocks are kept fresh. Your Fall Suit-what about it? Isn't it time you made a change? We are offering some very tempting things in the men's and young men's Fall suits and overcoats, that are worthy of your looking at and worthy of your buying. Nothing in the land to equal our clothing in style, fit and workmanship and the prices are low. They are added attractions here.

At this price you get a real suit made of exceptional cloth, well tailored, correct in style and a perfect fit.

Me have seen clothing and sold it for many years, but we have never been able to offer such values as we offer at \$18.00.

The "Gods" were with us when we selected these suits and you will profit by our good fortune if you buy one. The colorings and shadings in the newest and nobbiest effects are truly wonderful. As to fit you will be the judge before our triplicate mirrors.

\$22⁵⁰ \$25 \$30 \$40

The above prices introduce you to the merchant tailor kind, but only as far as quality, fit, style and workmanship will go. The price creates the gulf between us and the merchant tailor. The clothes are the same—the workmanship is tailor workmanship-the fit is better, and you don't have to bother with vexatious delays and numerous visits to the sartorial artist,

Better methods

demanded

"We must adopt new methods of farming and pursue them with eagerness and intelligent enterprise." Pres. William H. Taft at Syracuse, N. Y., Sept. 16, 1911. This was the keynote of the president's plea for more

intensive farming. He sounded a note of warning-a warning that there must be less thought of extension of area and more thought of intensive farming.

The movement from the farm to the city, he declared, must be stopped and the lure of the country made stronger. The almost virgin states of the west must be developed so they can support a population that will be doubled within the next fifty years. This development must come if this country is to be self-sustaining.

Action in line with that which the President urges is being taken by the
