

Nebraska TEACHERS SHOULD ATTEND Crabtree Urges Boards to Send Them to State Meeting. IN THE INTEREST OF EDUCATION

Mrs. Margaret Davis Appeals Her
Murder Case to Supreme Court
After Conviction in Cedar
County.

(From a staff correspondent.)
LINCOLN, Neb., Oct. 6.—(Special.)—
State Superintendent J. Crabtree has
written a letter to boards of education
throughout the state in which he has
indicated that they would do well to
send at least one of their teachers to
the state meeting at Omaha at the ex-
pense of the district. His letter with
reference to the attendance at the big
meeting says:

"Permit me to suggest your arranging
for your teachers to attend this meeting.
It certainly shows enterprise and pro-
fessional interest on their part to go to
the personal expense of attending the
state association. Since the school profits
fully as much as the teacher from this
attendance it is recommended that noth-
ing be deducted from the teachers' sal-
aries for the days spent in attending
the association.

"On the return of the board members
and the teachers, let the board and
teachers and parents who are interested
meet and listen to reports from the state
association.

"The chief reason why Nebraska holds
the honor of the lowest per cent of
illiteracy is because of team work among
teachers and the sympathy and co-
operation of school boards and parents."

Mrs. Margaret Davis, who is now
serving a life sentence in the state
penitentiary for the murder of Ira
Churchill on a Cedar county farm
November 2, 1910, today appealed her
case to the supreme court. It was
taken under advisement.

In her petition for a second trial, the
woman alleges Churchill wronged her
while she was employed as a domestic
on the latter's ranch. She claims he
refused to marry her after making a
promise to that effect.

After procuring a revolver, she went
to a barn where Churchill and a farm
hand were milking. According to the
evidence at the district court trial, she
fired three times at the man. The hired
hand attempted to interfere, but the
woman pointed the gun at him and he
ducked.

Several reasons are named in the
appeal for a new trial. She alleges that
the instructions to the jury were far
from being in line with legal procedure.

Election Proclamation.
The general election proclamation which
is being prepared by Governor Aldrich
calls for the election of a representative
from the Thirtieth district, which is
Lancaster county. Representative Minor
died since the legislature convened, but
no nominations to fill the vacancy were
made at the primaries. At the general
election, November 7, voters in the dis-
trict can elect by writing names on the
ballot. The governor's proclamation
calls for the election of three judges of
the supreme court, two regents, one rail-
way commissioner, one congressman in
the Thirtieth district and twenty-nine dis-
trict judges.

Aldrich Talks in Kansas City.
Governor Aldrich will deliver an im-
portant address in November before com-
mercial clubs at Kansas City, Mo. He
will speak of the necessity of state con-
trol of interstate rates and their relation
to the producer and consumer.

Guyre Goes to Chicago.
Labor Commissioner Guyre has gone to
Chicago to confer with an organization
that desires to find homes for 100
families. While there he will visit a
religious denomination that is seeking
land for colonization purposes. Mr. Guyre
recently started a movement to organize
a state association for the purpose of
finding locations for homesteaders. This
organization has not been perfected and
yet he is receiving many calls for infor-
mation in regard to the price and quality
of land.

Guthrie is President of the Senior Class at State University

LINCOLN, Neb., Oct. 6.—(Special.)—
Announcing his candidacy at the eleventh
hour, Richard Guthrie of Lincoln de-
feated Searle Holmes of Omaha for the
presidency of the senior class at the
state university by a vote of 92 to 47
Thursday.

The candidacy of Guthrie was kept
secret until the morning of the election,
it being presumed that Holmes would be
the unanimous choice of the class. On
Thursday morning it was found that
Guthrie had the solid support of the
engineering and forestry departments,
while Holmes relied solely on the ac-
ademic students for support. The engineers
and foresters turned out for the election
en masse and had little difficulty in plac-
ing their candidate in the chair.

Guthrie is a "barber" but has been prom-
inent in the military department and is
one of the best known men in the senior
class. His opponent is a member of the
Phi Gamma Delta fraternity. Both are
members of the innocents. The meeting
was largely attended, and immediately
following the election of a president, ad-
journing to a later date, when the re-
maining officers will be chosen.

Nothing further has been done in the
matter of the resignation of Prof. H. R.
Smith of the agricultural department. At
the earliest, Prof. Smith will not leave
the university before December 1.

News Notes from Deshler.

A. B. Ude's resignation as village trustee
was accepted at the regular meeting of
the council last evening.

E. J. Cannon of this place was awarded

school, recently wrecked in a windstorm,
and will put a force of men at work in a

Miss Emma, daughter of Philip Wer-
ner, was united in marriage this after-
noon to Reinhold W. Wesselmeyer, son of
P. W. Wesselmeyer, a prominent farmer
and stock raiser of Thayer county. The
wedding took place in St. Peter's Lutheran
church here, Rev. William Cholecher
officiating. A banquet was served at the
home of the bride's parents in the evening,
over 600 guests being present.

Nebraska State Land Board Served With Papers in Van Ness Suit

(From a Staff Correspondent.)
LINCOLN, Neb., Oct. 6.—(Special.)—
The members of the State Board of
Public Lands and Buildings have been
served with papers in the injunction suit
started against them by C. G. Van
Ness of Grand Island, who seeks to pre-
vent the state officials from discharging
him from the soldiers' home at that
place. A summons was brought to the
office of Governor Aldrich but due to the
fact that he is out of the state ser-
vice was not had upon him.

Much interest is being shown in the
form of notice served upon the state
officers, they supposing that Commandant
Hoyt was the real defendant. A copy of
the notice served upon the head of
that institution would denote this fact,
but on the papers served here today,
Hoyt is merely implicated with the state
officials. Further the papers show that
when Van Ness asked for an injunction
this was granted to him temporarily by
County Judge Mullin in the absence of
the district judges. This means accord-
ing to the state officials that if Van
Ness loses in the lower court he will
be allowed to supersede the judgment of
that court and can remain a member
of the home until the matter is taken
on appeal to the state supreme court.

Several of the members of the board
are in favor of making a strong resis-
tance to the suit. Governor Aldrich
when the matter was first brought to his
attention several days ago, asserted that
Van Ness when discharged from the home
after remaining there, became a tres-
passer on state property and that the
only recourse he had would be to get
a court order reinstating him to mem-
bership in the institution.

Van Ness has been regarded as dis-
turber at the home and a violator of
the rules and regulations which govern
members of the institution. He was
one who attempted to join the state
officers and commandant from retain-
ing any part of the pension of mem-
bers of the home. He took part in the
Joe McGraw uprising against Com-
mandant Eli Barnes and he now starts
a suit against the present commandant.
Governor Aldrich regards the in-
junction as an unwarranted interfer-
ence in the discretionary power of the
commandant and the state officers who
admit and discharge members of the
home in accordance with regulations
which they are by law empowered to
make.

Ouster Proceedings Against Two South Omaha Officials

(From a Staff Correspondent.)
LINCOLN, Oct. 6.—(Special Telegram.)
—Attorney General Martin will today file
writ of ouster against John J. Ryan and
Joseph Pivonka, two South Omaha fire
and police commissioners. In the writ he will
charge Pivonka and Ryan with accepting
a number of saloon keepers' bonds signed
by the same person, which is a direct
violation of the statutes of the state.
He will also charge them with keep-
ing an efficient police force and allowing
saloons to operate on Sunday.

CHARGES FILED AGAINST NEMAHA COUNTY ATTORNEY

(From a Staff Correspondent.)
LINCOLN, Neb., Oct. 6.—(Special.)—A
complaint has been filed with Governor
Aldrich asking that County Attorney
Fred G. Hawxby of Nemaha county be
removed for failure to enforce a law and
perform a duty enjoined upon him by
that law. The complaint is filed by Henry
Morgengren, who alleges that the
county official failed to prosecute Wil-
liam Seaman, who was indicted by a
grand jury in May, 1907, for burning a
laundry building in the city of Auburn.

Hawxby came into his present office in
January, 1910, but the Morgengren com-
plaint alleges that Seaman has been
around the city for the last sixty days
and that the official had made no effort
to start proceedings against him.
It is probable, according to word given
at the state house, that a hearing will
be held in the matter before the gov-
ernor. Hawxby's friends contend that
the complaint which is filed under the
provisions of the Sackett law cannot
materialize, as the law creating the of-
fice of county attorney, clearly sets out
that he is charged with not pursuing com-
plaints when he does not regard the evi-
dence sufficient to convict. The clothing
of the county attorney in this event with
discretionary power, believe Hawxby's
friends, precludes the possibility of his
prosecution for the violation of the Sack-
ett law.

Bonds Defeated at North Platte.
NORTH PLATTE, Neb., Oct. 6.—(Special.)—
Wednesday a special election was
held in this city on the question of vot-
ing \$72,000 bonds to buy a site and erect

a city hall in this city. The result of
the election was that 288 votes were cast
for the bonds and 323 against. Taxes
have been increased in this city about 15
per cent and the strike on the railroad
no doubt caused the people to care less
about making such an expenditure. The
main reason for wanting the city hall
was to provide a place for the fire de-
partment instead of the temporary places
which are now located in each ward.

FEDERAL JUDGE TO NAME SUCCESSOR TO ANDERSON

The question of who is to succeed
United States Commissioner Gustave An-
derson, who died early in the week in
Chicago, is rapidly becoming one of mo-

point the new commissioner, but as yet
nothing relative to the matter has been
done. Business for the local commis-
ioner's office is being transferred to Lincoln
until the appointment of Mr. Anderson's
successor.
