Peter Wind Dies of Heart Disease

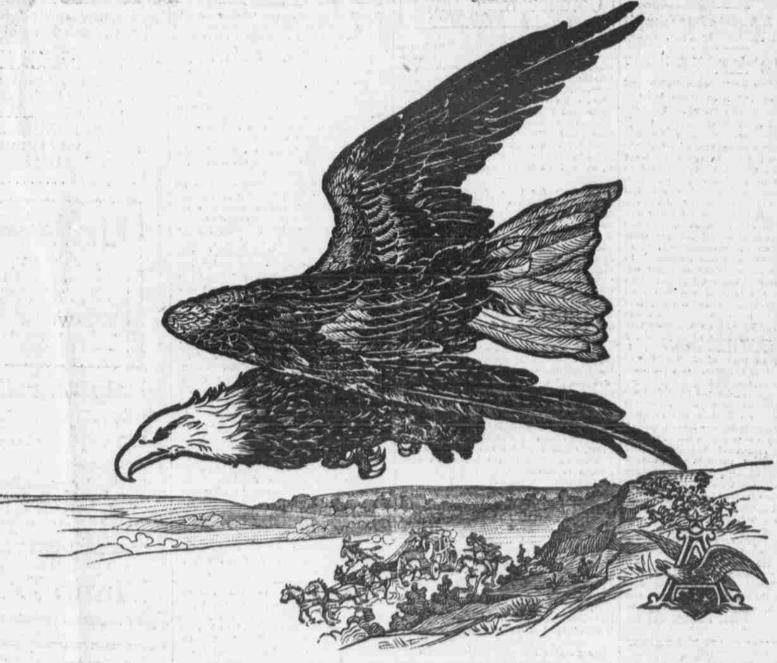

Peter H. Wind, one of the veteran contractors and builders of Council Bluffs. died yesterday morning at his home, 738 Washington avenue, from heart disease a short time after he had arisen to begin the usual day's work.

Mr. Wind was 67 years of age and for more than forty years had been prominent in the business affairs of the city For more than thirty years he had conducted a planing mill and sash and door factory on Thirteenth street between Broadway and First avenue. His factory furnished the mill work for the greater part of the building enterprises in the city for more than a generation. and as a contractor he undertook and accomplished many large enterprises. A few years ago he took his sons into the business as partners and the factory has been operated under the name of P. H. Wind & Sons.

Mr. Wind was born in Denmark et December 16, 1844. His parents planned a professional life for him and began his education for work as a teacher. When he was 18 years old his preference for mechanical pursuits became too strong and he was allowed to follow his bent. He received his first instructions in woodworking in his native land, and when he came to this country at the beginning of 1865 he was equipped with a good foundation for a successful business career. Two years later he was united in marriage to Miss Mary Hansen in this

In the years that followed Mr. wind was foremost in all enterprises designed for the upbuilding of the city, liberal with his money and time. He successfully resisted the importunities to go into politics, with the exception of one time, in 1900, when he was nominated on the republican city ticket without his knowledge and elected almost without oppoas alderman from the Second ward. Mr. Wind is survived by his widow and ten children, three of them sons and seven daughters. Mr. Wind had been in comparatively good health until the day of his death. He had suffered a slight indisposition for the last three days, but had shown no symptoms of the tatal heart disease.

Mr. Wind was very prominent in Masonic circles and fraternal societies, including the Royal Arcanum, Modern Woodmen and Ancient Order of United Workmen. He was a member of nearly every one of the local Masonio lodges;

ARE YOU

IN THE THICK OF THINGS OR THE THIN OF THINGS?

It takes the steady nerve, the elastic step, the energetic body to meet modern conditions, and the quick mind grasps the fact that body and nerves must be properly nourished.

Weak, hesitating, doubting natures are those who lack vitality. Their kingdom is the crust or outer edgethe thin of things.
