Birch Whitcomb of Empire, O., arrived in the city last evening for a special visit with his sister, Mrs. Henry De Long. They have not met for twenty-three years. John T. Collins, a local real estate dealer, began suit in the district court yesterday against M. J. Kelly to recover a commission of \$250 claimed in connection with the sale of some South Main street property to Joseph Rosenfeld.

A decree of divorce was granted yesterday by Judge Woodruff to Mrs. Claudia G. Evans from Henry B. Evans. They were married here on December 4, 1908. She is 29 and he is 25 years old. She alleged cruelty. The application for divorce created much comment and sympathy for the young husband as well as the wife. A telegram was received here last evening announcing the death of J. D. Crookwell and stating that his body would arrive from St. Louis at 2 o'clock this morning. None of the details were given. Mr. Crookwell was one of the pioneer business men of Council Bluffs and for nearly forty years conducted a wall paper, book and art store on Broadway, between Main and Fourth streets. Three years ago the business was closed out and Mr. Crookwell retired from active work. His health quickly gave way and for the last two years he had been living in the south part of the time in Louisiana, but later with his son in St. Louis.

Three new divorce cases were filed in district court yesterday afternoon. Alice Moon asks to be relieved of the presence of Willie H. Moon, whom she married in 1917. She alleges that he deserted her on March 1, 1908. She asks the custody of their boys, aged 15, 14 and 10 years. Minnie A. Shanor seeks the same relief from G. Shanor. They were married in Butler county, Pennsylvania, in 1881, and separated in May, 1908, when she says he deserted her. Before their marriage she was the owner of one-third interest in 200 acres of land in Shelby county, and she asks in addition to the divorce a decree restoring her title to the land. Harriet L. Harrington is plaintiff in the third suit, in which she charges Riley D. Harrington with desertion. She asks for the custody of their child, a son, Layton A. Harrington. In this suit only the original notice was filed.

Some rainy day when business is quiet, drop over to A. Hospe Co., 407 Broadway, and hear the latest Victor records played on the wonderful Victrola.

WEST BLUFFS CLUB MAY TRY TO PUSH CASE FURTHER

The West Council Bluffs Improvement club will hold a meeting on Tuesday evening for the purpose of discussing the new phase of the street railway situation. Some of the responsible members stated last evening that a new appeal would immediately be made to the Interstate Commerce commission for further consideration of the 5-cent fare proposition; that the matter was not properly placed before the commissioners, and that the only question fully presented related to jurisdiction. W. C. Boyer, one of the active club members, stated yesterday that Judge Scott, attorney for the club, had only one day to prepare his case and could not possibly present it in proper form. Mr. Boyer said he had been told by some of the best lawyers in the country that the commission would be compelled to order a straight nickel fare whenever the situation was clearly shown to them. The members of the club say it will be done this time.

Another matter that will be considered at the meeting Tuesday night will be the attack on the street railway company's charter. The original charter expires on the 29th of this month and the company must then operate under the Lake Manawa Interurban line's charter, which was acquired by the absorption process. This old charter had fifty years to run and still has an unexpired balance of thirty-five years.

The city council has passed a dozen or more resolutions and ordinances upon competent attorneys say repaired about all of the defects in this charter. This was in connection with the extensions of the car lines and designation of streets to be traversed.

Among the most prominent is one sung by Ed Gilmore, principal comedian, "Work's Too Hard for Me."

PROVIDES FOR PARCELS POST

Hitchcock Asks Appropriation to Start Proposed Service.

EXPECTS LAW WILL BE ENACTED

Sum Needed to Meet Expenses of Postal Service at Large During Year Decreased by Two Millions.

WASHINGTON, Oct. 7.—Provision for establishment of a parcels post and transportation of mail by aeroplane has been made by Postmaster General Hitchcock in his annual estimates of Post Office department expenditures submitted to the Treasury department.

According to these estimates the appropriations necessary to meet the expenses of the postal service at large during the coming fiscal year will be \$200,938,453, a decrease of \$2,585,740 over the appropriations for the current fiscal year, or less than 1 per cent, the smallest on record. The most important of the new items are those providing for a parcels post. They include \$50,000 to cover the preliminary expenses on rural mail routes, and an equal appropriation to start the service in cities.

The department believes that after the initial expenses are defrayed and the parcels post is in full operation on the rural routes, it will not only bring in sufficient revenue to meet its cost, but also a surplus that can be utilized in paying the parcels post expenses on the city delivery service.

Expects Legislation Soon.

An additional item of \$50,000 is included to cover an investigation of the having for its object the final establishment of a general parcels post on all railway and steamboat transportation routes. Mr. Hitchcock is confident that legislation authorizing a parcels post on some form congress.

Another item included for the first time is \$50,000 to cover the experiments in the transportation of mail by aeroplane. Mr. Hitchcock believes that under certain conditions it will be possible to use the aeroplane to good advantage.

Fifty thousand dollars is provided for time and labor saving mechanical devices for use in post offices. An item of \$10,000 is added to be expended in giving reward to postal employees who invent improved mechanical appliances that accelerate the handling of mails. The law requires that estimates for the various departments of the government be submitted prior to October 15.

It will cost \$125,000,000 to maintain the United States navy and provide for suitable increase in the next fiscal year, according to the estimates completed by Secretary Meyer. This includes provision for two super-dreadnaughts, probably of about the size of the projected Nevada and Oklahoma, which will displace about 23,000 tons and a suitable number of auxiliaries.

This figure marks low water in the retrenchment policy of the administration so far as the navy is concerned. The estimates are the same as the appropriations for the current fiscal year. This year's appropriations were \$5,000,000 less than the estimates for the preceding year and these in turn were \$10,000,000 less than the estimates for the fiscal year 1908-1909, the last year of the Roosevelt administration.

Stephenson's Money For "Entertainment"

MILWAUKEE, Oct. 7.—After examining 725 items of amounts paid to individuals, who collectively received \$107,733 for campaign expenses, the senatorial committee investigating charges of bribery in connection with the election of United States Senator Isaac Stephenson today heard testimony that money was used for "entertainment" and not for any corrupt purposes.

No itemized accounts were returned, but Rodney Sackett, one of the campaign managers, testified he had been informed the money had been used for buying cigars and beer. It was the custom in Wisconsin during campaigns, Sackett testified, to send jugs of whiskey and kegs of beer to localities where favorable political sentiment was to be worked up. All this was given by Sackett as explaining the extent of Senator Stephenson's expenditures for the nomination of senator at the primaries in 1908.

No General Strike; Miners Have Agreed

OSKALOOSA, Ia., Oct. 7.—No general strike among the coal miners of Iowa will be called, according to an announcement by local miners' officials here today. The difficulty at the Excelsior Coal company's mines at Beacon was adjusted this morning at a special meeting of the arbitration board. The terms were not made public. A meeting of the striking mine workers was held this afternoon, following which it was stated that the men would return to work immediately.

GERMAN FARMER CHARGES WAS MARRIED FOR PROPERTY

DEATHWE, Neb., Oct. 7.—(Special Telegram.)—Charging that wife No. 2 married him two months ago for his land and other property valued at about \$5,000, Frank Gerwick, a prominent German farmer living near Odell, who cannot speak or write English, brought suit in the district court today to have the marriage annulled. In his petition he makes some sensational charges. Gerwick has ten children by his first wife, and married Anna Green, a widow, in August to care for his children.

DENVER BANKER USES SPECIAL TO SAVE TIME

HOLDREGE, Neb., Oct. 7.—(Special Telegram.)—In order to save four hours' time in reaching the bedside of a critically ill relative in Chicago, Harold Kountze, a Denver banker raced 240 miles in a special train from Denver to Holdrege today. At this city he overtook and boarded regular Burlington train No. 10. The two hours and forty-nine minutes time his special actually gained cost him very nearly at the rate of \$5 a minute.

Salaried man, what are you going to do?

THE day must come when you no longer can stand the pace, when youth must succeed you—have you provided for that time? Are you assured of independence, peace and prosperity for the rest of your life? The pace in the city throws salaried men, out of employment at a very early age in this rapid-progress period. For many the age limit is forty years. When this time comes you should have a

Farm to fall back upon

The one who owns a small farm need not worry about the future—he has the best possible insurance—a home with an income. The man in the city working on a salary must worry all the time. When he is ill his income producing ability stops. But in the country crops will continue to grow and produce an income, even though the owner be incapacitated. Besides, the man with a farm knows the pleasure of treading on his own soil. He is independent, and an integral part of the community.

There are places in the west where a five-acre farm intelligently cultivated, will give you a comfortable living. Come to the Omaha Land Show and learn all the facts about these wonderful farms and how you can provide for your future.
