Insurance About to Expire When Man from Here is Killed

Herman Schramer, a former Omaha young man, whose parents live at 323 Marcy street, and who was killed in a street car accident at Seattle, Wash., last Sunday morning, would have left no insurance policy to his parents if the accident had happened seven and one-half hours later. Schramer was killed at 4:29 in the morning, and his insurance policy expired Sunday noon.

The fatal accident occurred on the grade leading up to Fauntleroy park, when the car on which Schramer and fifteen other passengers were riding, was crashed into by a runaway car which had broken loose from the train ahead. All the people in the car were badly injured.

FER-MIL-LAC

You've been curious about Fer-Mil-Lac, now try it.

The good drink that does good.

You'll not be disappointed in Fer-Mil-Lac's flavor.

Most drinks that are good for you aren't good to taste. Not so with Fer-Mil-Lac—It's the flavor is most alluring.

Best of all though, it's so good for your health, it will help "run down" people; for we back the energy of youth.

Every person, man or woman, over fifty, should drink it as a daily beverage. Then they'll live long lives as do the people of the Balkans whose milk and cream contains the culture that is the principle around which Fer-Mil-Lac is built.

Those who want to live long and be strong and healthy, can do so by letting Fer-Mil-Lac fight the poisons in their system. Physicians say the "friendly germs" in this drink are sworn enemies of those that break down our tissues.

All—soda fountains, hotels, buffets and clubs serve it constantly, or phone your order for family size bottles.
