

Coats and Suits at Moderate Prices

For Girls, Juniors and Small Women

This season we have laid special stress on garments at very moderate prices, but still of the same high grade which has long characterized this store.

COATS

The coats for Juniors and Small Women show many entirely new and original designs, many of which are found here exclusively. The man-tailored coats of mannish mixtures are daily increasing in favor. Prices are \$11.75, \$13.50, \$14.75, \$17.50, \$19.75, \$22.50 and \$25.00.

For girls, there is almost an unlimited variety here, kerseys in blue, tan, navy, red and brown; and mixtures of brown and gray, for ages 6 to 14, \$5.90 and \$6.50. Girls' coats of fancy mixtures of brown and gray, kerseys in pretty shades of red, blue and brown and rich corduroy velvets, plush and caracul.

Also man-tailored, full lined coats which with their snug military collars, are very serviceable for school, for ages 6 to 14, \$7.50, \$8.50 and \$9.75.

At \$10.00 to \$19.75 one may choose from a beautiful showing of coats, made in the Polo style and those of velvets, broadcloths, chinchillas and mannish mixtures. Even the most fastidious little miss will find in this collection the most luxurious garments she could wish for. Ages 8 to 16.

SUITS

A suit is no doubt the most essential part of one's wardrobe and this popular priced line offers a wide selection of the most stylish and serviceable garments we could secure. Cheviots, mixtures and broadcloths in all the favored shades and plainly showing the artistic touch of the famous designers who conceived them. Suits with more to commend them could not be purchased, even in the large eastern stores, at prices so generously in your favor. Junior sizes 15 and 17. Prices, \$15.00, \$19.75, \$22.50, \$25.00, \$27.50 and \$29.75.

Small Women's sizes, 22 to 28. Prices, \$22.50, \$25, \$29.75, \$32.50, and \$35.

COURT FIGHT UPON BOARD ONE BALLOON STILL IN AIR

Judge De Graff Issues Injunction in Bridge Controversy.

ITEMIZED STATEMENT REQUIRED

Permitted Only to Pay Jurors Without Submitting Detailed Vouchers of Expenditures—Dr. Kelly's Trial October Sixteen.

(From a Staff Correspondent.)

DES MOINES, Ia., Oct. 7.—(Special Telegram.)—A temporary injunction restraining the Polk county board of supervisors and county auditor from issuing county warrants, except for jury fees, without filing an itemized statement of the account of which the warrant was issued, and having the warrant ordered by a recorded majority vote of a quorum meeting of the board, was issued today by Judge De Graff. The injunction grows out of evidence the board has been irregular in the expenditure of bridge and road funds and has not preserved a record of the expense items.

Des Moines Man Caught.

Dr. A. J. Weisman, a prominent Chicago physician, who is said to have fled the Windy City several years ago after an indictment charging grand larceny has been filed against him, was in Des Moines and Colfax yesterday. He left Colfax last night on a Rock Island train, and was captured by the Davenport police last night, who searched the train for him, as the result of a telegram sent them by E. E. Johnston, chief of detectives here. Weisman is alleged to have bounced a Chicago jeweler out of about \$600.

Dr. Weisman Caught.

The trial of Dr. Harry D. Kelly, the Council Bluffs physician who was indicted on a charge of murder, was today set for October 16. Kelly stands accused of the murder of Deputy Sheriff Clarence Woolman of Council Bluffs, and Edmund Stoen of Des Moines. He was in Woolman's custody on the way to the infirmary hospital at Knoxville, when he shot his captor and killed Stoen, a bartender.

OLD CRIME IN SOUTH DAKOTA MAY BE SOLVED

DEADWOOD, S. D., Oct. 7.—(Special.)—Is the mysterious disappearance of Edward Erby from his home near here over fifteen years ago and the later sensational Shephard murders, which were coupled with it, to be solved at last through the arrest of Genus Ward? The authorities who are now engaged in probing the latest developments in the case are of the opinion that they may now be able to clear up the mystery, and to that end are trying to get Genus Ward, who is now confined in the county jail, to tell the whole story.

Ward's arrest came about through his presentation at the First National bank here of a certificate of deposit for \$100 in the name of Erby. The clerk at once recalling the tragedy, called the attention of the officers of the bank and Ward was questioned and then refused the cash for the certificate. He declared that he had had it in his possession some eight or nine years, and that he had found it lying in an old Bible that once belonged to Erby. Ward offered no good reason why he had held the certificate so many years before presenting it. The states attorney at once caused the arrest of Ward, who is a brother of Becher Ward, who ten years ago was sent to the penitentiary at Sioux Falls for the brutal murder of the two Shephard boys of Pluma.

Becher and Genus Ward lived near Pluma at the time of the Shephard murders. The boys disappeared and their bodies were later found buried in the Ward premises and the crime was fastened on to Becher. Genus at that time escaping complicity. Some time before that Edward Erby, a prospector, had been boarding at the Ward home and suddenly dropped out of sight. According to the story of Genus Ward, Erby left him to go to the cabin where Becher ever saw Erby. When the Shephard murders occurred, the Erby disappearance was recalled, but the officers were unable to solve it, although public opinion to some extent linked the disappearance with that of the two Shephard boys, against Becher Ward.

Now after all these years when Genus Ward presented the certificate of Edward Erby, suspicion has again turned toward him and the officers are endeavoring to learn the exact facts that befell Erby, while Genus is held pending the completion of the investigation.

PIONEER FARMER STRUCKEN WITH HEART FAILURE

SIoux FALLS, S. D., Oct. 7.—(Special.)—Charles Leuth, a pioneer resident of the western portion of Minnesota county, and one of the best known and most prominent German-Americans of this part of the state, met a tragic death, while returning to his home on a farm from a trip to Hartford. He made the return journey in a buggy, to which two horses were attached. When found by his sons the following morning his feet and legs were in the buggy, while his head and body were between the wheel on one side and the buggy box. When the body was removed from the buggy it was found to be severely bruised, which indicates that his body was in that position for some distance before the faithful horses stopped in the barnyard at the Leuth home. The dead man had resided in Minnesota county for the last thirty-three years. He is survived by a widow and several children. It is the opinion that he was stricken with heart failure and fell in the position in which he was found.

PEOPLE WATCHING FUNERAL CHEER AVIATOR RODGERS

HAMMOND, Ind., Oct. 7.—(When people watching the progress of a funeral at Akron, Ind., cheered me I flew lower over the place I knew there was trouble ahead," said C. P. Rodgers, the aviator, who was still stalled here today in his attempt to transcontinental flight. High winds, he said, forced him to postpone flying into Chicago until tomorrow and if the raw, blustery weather continued he might abandon his air journey.

TWO CHILDREN KILLED BY COLLAPSE OF NEW WALL

CHICAGO, Oct. 7.—Two children, a girl 13 years old and a boy of 5, were killed and eight men were seriously hurt today when the front wall of a new three-story brick building on the north side collapsed, burying them under the bricks. Five of the injured were workmen, the other three being passersby who were caught when the wall fell. The children's bodies were taken to a morgue and have not been identified.

Berlin II Is Only Contestant in Bennett Race Unreported.

CONDOR LANDS AT MINGO IA.

Berry and McCullough, Who Lost Their Balloon Near Mason City, Ia., Are Still Searching for It.

KANSAS CITY, Oct. 7.—With but one balloon, the Berlin II, still in the air, the race for the James Gordon Bennett trophy, which started from here Thursday, is now between the United States and Germany. Of the five balloons in the international race that have landed the Buckeye, an American balloon, has made the greatest distance, 35 miles. The Berlin II must beat this mark to lift the cup.

Where the Berlin II has drifted is problematical. No word has been received from it since the race started. Inasmuch as all the balloons that have come to earth, were caught in a storm in the Minnesota region and the German balloon started in the same direction, it is thought probable that the Berlin II has encountered the same disturbance.

The last balloon reported down was the Condor, representing France. It fell last night near Mingo, Ia., but no report of the landing was received until today.

The bags in the international race have landed as follows:

Condor, Mingo, Ia., 30 miles.
American II, Emmetsburg, Ia., 29 miles.
Million Population club, Mason City, Ia., 30 miles.
Berlin I, Austin, Minn., 35 miles.
Buckeye, Sparta, Wis., 35 miles.
The Lahm cup record was not approached. The distances traveled by the two balloons which entered solely in an effort to life the Lahm cup, follow:

Topeka, II, Duppel, Minn., 33 miles.
Kansas City II, Kennan, Wis., 40 miles.
The little pilot balloon Pennsylvania, failed to establish an altitude record, as it attempted to do. It landed near Buffalo Center, Ia., a distance of 20 miles.

Search for Lost Balloon.

MASON CITY, Ia., Oct. 7.—Captain John Berry, and Assistant Paul McCullough of Balloon Million Population club of St. Louis, in the Gordon Bennett race, who lost their balloon here, spent the day gathering up their clothing, instruments and other property which was scattered over several miles in different directions from this camp. The balloon has not been found, but is believed to be not far southwest of here. Captain Berry said he reached the great lake region before the wind changed, which sent their airship back over the course.

Pilot Honeywell Injured.

CHICAGO, Oct. 7.—H. E. Honeywell, the balloonist who landed with his balloon, Kansas City II, at Sparta, Wis., yesterday afternoon, discovered on his arrival here today that he had fractured two ribs and sustained other slight injuries in alighting.

"We were on our way back when we landed," he said. "In the morning we came low enough to discover that we were right over Ashland, Wis. We arose and in the afternoon descended low enough to see that we were headed back toward the starting point and came down to prevent losing the balloon more." Mr. Honeywell said the balloon rose to more than 10,000 feet and that the cold had been intense.

Roosevelt Addresses Oyster Bay Citizens

OYSTER BAY, N. Y., Oct. 7.—Theodore Roosevelt gave his address to the Oyster Bay citizens last night when he addressed a public meeting at the village improvement association.

Within the past few months Oyster Bay has had three murders and none of the culprits has been arrested. Colonel Roosevelt made this his theme and declared that in such cases it was the duty of every man in town to get out and help run the murderers. As the result of the expedition the village is considering the appointment of a regular police force in place of the two constables who now do duty only on special occasions.

While Colonel Roosevelt was speaking some one outside of a window shouted "Roosevelt" and in a jiffy the hall was almost deserted. It proved a false alarm and after a fruitless search for the joker the townspeople returned to hear Colonel Roosevelt finish his talk.

HURON PUBLISHER WINS SUIT AGAINST COUNTY

HURON, S. D., Oct. 7.—(Special.)—In circuit court here Judge Alva E. Taylor directed the jury in the case of Jackson vs. Beadle county to return a verdict in favor of the plaintiff. The case grew out of the reduction of a bill presented to the county commissioners by Mr. Jackson for the publication of election notices for the late general election. The original bill was reduced from \$12.00 to the recovery of this amount Mr. Jackson brought suit, with the result that the court after hearing the evidence, allowed the plaintiff the rates prescribed by law for such publication. A similar case pending brought by Sol Pruner at that time publisher of the Iowa Echo, is pending for the recovery of a like amount. A. C. Smith, then publisher of the Huron Herald, also had his bill "cut" and it is said he will ask for like treatment. These were the designated "official papers" of the county at the time the publications were made. The trial was by jury, and the verdict allowed interest on the amount from December 1, 1911, at 7 per cent. Other publishers in the state have had similar experiences.

TO UNCLOG THE PORES Remove Stiffening Skin

"Clogged pores are the cause of many complexion difficulties," according to Dr. Herman Ward. "This condition makes the skin coarse in texture, it interferes with elimination of waste matter, producing a muddy or blotchy complexion, eruptions and other defects. To open and cleanse the closed pores there is nothing more effective than ordinary mercurized wax used as it would cold cream, but not rubbed in. It should be applied at night and washed off in the morning. Mercurized wax, to be had at any drug store, will also remove the effects of the condition referred to. That is, it removes the undesirable complexion itself, with its disagreeable complexion, producing a healthy, glowing skin. Possessing a peculiar absorbing power, it flakes off the solid skin in minute particles, but so gradually there is no irritation or inconvenience. It is recommended in preference to cosmetics, as the new complexion it reveals is a perfectly natural one."—Adv.

MR. AND MRS. WILLIAM DATCHLER.

On Friday, October 6, Mr. and Mrs. William Datchler celebrated their golden wedding at their home, 519 East Broadway, surrounded by nearly all their four children, ten grandchildren and one great-grandchild. Both were born in Germany, and each came to this country in the flush of youth. Mr. Datchler in 1886 and Mrs. Datchler in 1888. Though separated by the breadth of nearly half of the continent, fate drew them to Council Bluffs and united their destinies.

Mr. Datchler was born in Erzbach, Oberant Oeruen, Germany, on December 10, 1836. He came to America in 1855, getting his first experience of the new world to Baltimore. Three years were sufficient to arouse in him the spirit that was impelling thousands to plunge into the great west, and in the spring of 1858 he came to Council Bluffs. Among the first acquaintances made here was Miss Johanna Horn, daughter of William Horn, whose name is still associated with many of the old landmarks of the city, notably Horn's park. The Horns came here in 1855 from Hamburg, where Miss Horn was born, May 2, 1845. Comradeship and identity of aspirations soon led the young people into closer relations, and on October 5, 1861, they went to Glenwood and assumed the vows that have remained unbroken and unstrained for fifty eventful years. Their associations in Council Bluffs were so happy

SHOOTING SCRAPE NEEDED TO CLEAR UP FAMILY ROW

MITCHELL, S. D., Oct. 7.—(Special.)—It took a shooting scrape between Mr. and Mrs. John Elliott of Beresford to bring their family troubles to a crisis, and which at the same time ended a series of rows which have occurred in the past year or two. The last family quarrel ended disastrously for Mr. Elliott, in which he nearly lost his life. After words of a warm character had passed between the husband and wife, she feared that he was going to blow up the house, and when the husband went to the pasture the wife followed, but found the door locked. Mrs. Elliott secured a revolver of 22 calibre and demanded that the door be opened. When the husband failed to respond to her request, she took a shot at the door, and the bullet plowed its way through the wood and into the back of Mr. Elliott. When the woman saw that he had shot her husband she became frantic over her act. At first it was thought Mr. Elliott could not survive the injury, but it was found that the bullet, while it could not be located, was believed by the surgeons to have taken a

WALL PAPER MAKERS PLEAD NOT GUILTY

CLEVELAND, Oct. 7.—Pleas of not guilty were entered in United States district court today by the eight wall paper manufacturers and jobbers who were indicted by the federal grand jury Thursday, charged with a conspiracy in restraint of trade in violation of the provisions of the Sherman anti-trust law. Penalties of \$5,000 each was furnished.

He Didn't Recognize Him.

"The spirit of your dear departed husband wishes to speak with you," announced the medium. "I don't believe it!" cried the skeptical widow. "Alas! His spirit is here—will you give it with your belief?" "I'd hate to go as far as that. But I'll tell you this—if he's not any spirit, now it's a hand more than ever he had before he died, and so I won't recognize it, anyhow. Pass on to the next woman."—Cleveland Plain Dealer.

Majestic Gift Week

begins tomorrow, Monday, the 9th. Each lady in Omaha is hereby personally invited to attend this sale of the

Great Majestic Range

See the malleable unbreakable castings. See the charcoal wrought iron body; lasts three times as long as steel.

See the beautiful polished top that needs no stove polish. See the angle iron riveted construction that cannot warp or break. See the tempting biscuits, baked to a turn in three minutes. See the stovepipe used, made of common wrapping paper. See the two gentlemen from Missouri who will show you. See the beautiful kitchen ware, worth \$8.00.

GIVEN ABSOLUTELY FREE

with each range ordered this week. See the easy terms on which we will sell this wonderful range. Remember the range does not cost you a penny more. The eight dollar set of ware is given by the factory absolutely free this week only.

The Majestic has many imitators, but there is only one genuine, and we sell it.

You don't have to take the range at once. Simply place your order and make a small payment, and range and kitchen ware will be delivered when you want them. Open evenings until 8 o'clock.

John Hussie Hardware Co.

2407-9 Cuming St. "If you buy it of Hussie it's right." P. S. Still selling Acorn Base Burners.

Suits and Overcoats to Order \$20.00 and Up

The world's smiles. They are given to those whose prosperous appearance invites the world's smiles—those who wear the world's smiles. All the world loves a winner—and winners wear garments made to their measure, not garments made for anybody. The man of quality—of positive strength of character wants—demands garments that are made for him alone. No young man truly desirous of setting higher can afford to wear garments made just for some body else. Let him figure and frame. Let us tailor your fall order.
