

BRIEF CITY NEWS

Have Root Print It. Has, Elec. Fixtures, Burgess-Granden. On. Mech. Wis.—Expert auto repairs. Keep Your Money and Valuables in the American Safe Deposit vaults in the Bee building. Boxes rent for \$2 per year. Out of Town Dealers should not fail to visit the immense holiday display of the Carpenter Paper company. Rummage Sale—A rummage sale will be held Wednesday, Thursday and Friday at 211 South Twentieth street. Bullter Represents Veteran Firemen—Ex-Chief J. H. Butler, has been elected by the Omaha veteran firemen to represent them at the funeral of General C. F. Manderson. Hospital Association Meets—The annual meeting of the members of the Wise Memorial Hospital association will be held Sunday in the vestry room of Temple Israel at 3 p. m. New Residence for Liggett—Architect H. A. Raapke has completed plans for a brick residence and garage, to cost \$12,000 to \$14,000, for Guy Liggett at Fort and Douglas, Dundee. Peeping Tom Suspect Taken—Charles Parker, who claims his residence in Minneapolis, was arrested last night upon the complaint of a number of residents in the vicinity of Twentieth and Ohio streets, who charge him with acting suspiciously. Parker is thought to be the "Peeping Tom" who has been annoying the residents in that neighborhood for some time and who has been the cause of numerous complaints. Van Tine-Johnson—Miss Gertrude Johnson, daughter of Johannes Johnson, and Ralph Van Tine were married by Rev. Charles W. Savidge at his residence Saturday afternoon at 8 o'clock. Mrs. Callahan, Administratrix—Mrs. Mary Callahan, widow of the late James E. Callahan, was named executrix of the Callahan will in county court Saturday and the will was admitted to probate. The petition for probate estimates the value of the estate at \$45,000. Porter Takes Trinkets—An uncontrollable desire to steal something led to the downfall of Fred Galbraith, a colored porter, last night. He was seen to take several trinkets of paltry value in a 7- and 10-cent store and Officer Fahney was notified and the arrest followed. Will of Arthur Remington Filed—Will of the late Arthur Remington, leaving his entire estate to his wife, Georgiana Remington, and naming her as executrix, was filed and admitted to probate in county court Saturday. The petition for probate estimates the value of the estate at \$20,000, though it is understood to be considerably greater. The heirs at law are Arthur A. Remington of Omaha, Frank Smith of Brooklyn, N. Y., Mrs. Remington, Frank Remington of Omaha, and Alex. Smith, residence unknown, a nephew. Officers Hold Two Snappers—Patrick O'Connor, who says he is from Chicago, and Vincent Roma, who is a new arrival employed in Omaha, were arrested on the carnival grounds last night by Sergeant Vanous and Officer Nichol, who suspect them of being responsible for some of the complaints of purse snatching and pocket picking. When searched O'Connor was found to have in his possession at least six pairs of dice and a number of other suspicious articles. Both suspects are under 18 years of age and are being held pending a close investigation. Convincing Arguments for Booth—C. M. Booth, a woodworker employed in a local plant, would up after a night of revelry in a lodging house on Thirtieth street near Webster and engaged in a wrangle about the Union Pacific strike. Other lodgers attempted to eject him, whereupon a free-for-all fight began. Officer Neaman ordered to be nearby and rushed in to restore order. No sooner did Booth spy the officer, who was off duty in citizen's clothes, than he accused him of being one of the strike-breakers and attempted to assault him. The police surgeons took three stitches in Booth's face. HURON PUBLISHER WINS SUIT AGAINST COUNTY MURON, S. D., Oct. 8.—(Special).—In circuit court here Judge Alva E. Taylor directed the jury in the case of Jackson vs. Beadle county to return a verdict in favor of the plaintiff. The case grew out of the reduction of a bill presented to the county commissioners by Mr. Jackson for the publication of election notices for the last general election. The original bill was reduced \$174.00 and for the recovery of this amount Mr. Jackson brought suit, with the result that the court after hearing the evidence, allowed the plaintiff the rates prescribed by law for such publication. A similar case pending brought by Sol Pruner at that time publisher of the Yale Echo, is pending for the recovery of a like amount. A. C. Smith, then publisher of the Huron Herald, also had his bill "cut," and it is said he will ask for like treatment. These were the designated "official papers" of the county at the time the publications were made. The trial was by jury, and the verdict allows interest on the amount from December 1, 1914, at 7 per cent. Other publishers in the state have had similar experiences. A Cruel Mistake Is to neglect a cold or cough. Dr. King's New Discovery cures them and prevents consumption. 50c and \$1.00. For sale by Reaton Drug Co. Remarks of a Crane. Even the manufacturer realizes that fame is a bubble. Some fellows are born tired and some acquire rich fathers-in-law and then the average man knows when he has enough. It's the other fellow who doesn't. The man who is looking for trouble doesn't need any sign posts to show him the way. Job may have been patient, but he never lived in the suburbs and tried to start a garden. There is probably no sorrow in life like that felt by the long-haired musician who finds himself getting bald. Many a fellow who fondly imagines that he can't live without a certain girl may later discover that he can't live with her.—New York Times.

SCHOOL AND COLLEGE WORK

Events of the Week in Nearby Educational Field. POOR AVERAGE FOR 'FRATS' Statistical Showing in Missouri University—Dress Extravagance in Boarding Schools—Educational Notes. All the Hastings college classes have elected officers for the school year. Senior Veve Russell, president; junior, Bedford Johnson, president; sophomore, Chris. Blinn; freshmen, Rodney Dunlap. The Kappa Tau Phi elected Ray Crawford of Blue Hill as president, Chris. Blinn as vice president and Charles V. White of Hebron as secretary. This organization is working very hard for the inter-society debating prize to be given this year by P. L. Johnson, as an incentive for efficient work in that department. The Eta Phi Lambda entertained the newly organized sorority at Fisher's Tuesday evening. Raymond Brown, president of the organization, presided as toastmaster and Bedford Johnson gave the address of welcome, which was ably responded to by Miss Ruth Capps, president of the new organization. The first number of the Hastings Collegian, the college publication, is ready. The Collegian has the same management chosen, Miss Lavina Kelly of Beaver City, Neb., Raymond Brown of Hastings being general manager. The Broncho college annual, is to be taken up this month and a staff selected for its publication. The junior class will probably publish the year book this year. E. J. Taylor of Loup City has given the college an endowed scholarship of \$1,000 to be assigned to a worthy student each year. WESLEYAN UNIVERSITY. Freshmen and Sophomores Agree to Abolish Annual Class Scrap. The dramatic club met on Thursday and elected officers for the year. The club will present at least one play a semester and the work will be arranged so that all members will be able to take a part. The new officers are: President, Earl Lobb; secretary, Margaret Kopner; treasurer, Walter Spaulding. At a meeting held on Tuesday the athletic board adopted a policy which is an advanced step in the treatment of the men of the second foot ball team. Hereafter all coyote clubs who do creditable work throughout the season will be given the letter "R" signifying "Reserves." Rev. O. H. Pritchard, pastor of the First Christian church of Bethong, was the speaker at the Friday evening meeting of the Young Men's Christian association. Friday afternoon the Aelion society held open house at the home of Miss Amelia Wood. The guests were entertained by music and light refreshments were served. The Theophrastan girls received informally at their house on last Tuesday. An orchestra furnished music, while refreshments were served to the guests. The new gymnasium is to be started next week. The work will be rushed so that the building will be completed in time for the basket ball season. The students will do most of the work upon the structure. On Saturday evening the Theo men entertained new students in their hall. An oyster supper was served and toasts by members of the faculty followed. The Orophilian girls were at home in Orophilian then Saturday afternoon, in honor of the new girls. Violin and piano music added to the afternoon's pleasure; light refreshments of punch and mint were served. In the main room was an immense bouquet of American beauty roses, while white carnations and ferns helped to carry out the color scheme in the green rooms. Joint resolutions were passed by the freshmen and sophomores on Thursday that the "free for all" class scrap would be abolished. This fight has been an annual event for years, but all feel that it should give way to some forms of contests of the regulated athletic games and trials of intellectual powers. EXTRAVAGANT HABITS. A Topic for Mothers of Girls to Think About. "The extravagant habits encouraged in fashionable boarding schools," says Leslie's Weekly, "furnish a timely topic for mothers to think about. In those schools with the wealthiest patronage, the girls, besides dressing most extravagantly, have their own automobiles, their own horses, entertain lavishly, give their parties and spend several hundred dollars on the purchase of photographs. Most of these girls may be able to spend upon this scale, but the worst feature is that they induce a certain style of life in other schools where many of the students are able to attend only at a sacrifice on the part of their families. Extravagant habits, indeed, are not confined to boarding schools, but may be found in many of our high schools. The multiplicity of societies, class organizations, badges, banners and social festivities make a sore strain on homes that have all they can manage simply to send their children to school." POOR AVERAGE FOR FRATS. Statistical Report of the University of Missouri. Fraternity members do not make as good grades as non-fraternity members at the University of Missouri, and this is shown in a statistical report on the relative standing of various groups of students, made by Dr. W. G. Manly. The report refrains from any remarks as to the probable cause. Fraternity members are usually sons of the best Missouri families, most of them have had the increased opportunities given by wealthy parents to their children, and they are social leaders in student life. When it comes to gray matter, judged by the grades made in their studies, the leadership of the first members disappears. The average grade for the men of the university, meaning thereby the percentage of credit received for work done, based on the Myer system of grading, is 81.2; for non-fraternity members, 81.5; for men in frats, 80.7; varsity athletes, 82.1. YANCKTON COLLEGE. Enrollment in All Departments Shows Gain of One-Third. Yankton begins the new college year with a most encouraging outlook and increase in attendance. The enrollment in all departments today shows a gain of 25 1/2 per cent over last year. Yankton has not known as large a senior class in her

history, and the freshmen class likewise is the largest since the organization of the institution. The new business department enrolls about thirty students and all the regular departments of the college share an additional gain. Marked enthusiasm is seen in the Christian work of the college. In many ways the faculty and students are co-operating in this important work of the college life. Organized Bible classes have begun the year's work, the young men being in charge of Prof. Scott, of the academy, and the young women being led by Mrs. Scott. The plan of work includes the study of Bible characters, daily study of the Bible, and some social features. Dr. Albert E. Winship of Boston will lecture in Yankton November 7 under the auspices of the college and public schools. The first of the series of monthly vespers services at the Yankton Congregational church, given by Prof. Dalley's choir and soloists, was held Sunday and despite the inclement weather, drew a large audience. Prof. Dalley has a trained choir of thirty-four voices and has perfected a truly meritorious organization. KEARNEY NORMAL SCHOOL. Notes of Interest from the Students and Faculty. The Culture club, organized among the young ladies of the dormitory, held its first meeting of the year Thursday evening. This club meets with Mrs. Brindley twice each month and matters of general interest to the young ladies are discussed and literary programs presented. The churches of the city have extended a cordial welcome to the students of the Normal. On Friday evening receptions were held for the students in the Methodist Episcopal and Christian churches and at the Congregational parsonage. At the latter place the Congregational Students' club was organized by Rev. and Mrs. Bayne. A recent consignment of library books is being placed on the library shelves. The electric light fixtures now in place in the library are found highly satisfactory. The indirect system of lighting is used. The Latin club met in the Latin department on Tuesday evening. This is the first meeting of the year. The club shows increased membership and great interest. At this meeting light refreshments were served. Miss Anna V. Jennings, accompanied by Misses Gertrude Gardner and Cora O'Connell, is spending the week end at her home in Davenport. State Building Inspector Burd F. Miller was in Kearney Friday and called at the Normal. The work on the south wing has progressed rapidly and is up to the third floor. On Friday evening the Catholic Students' club gave a party in the hall of the Normal. This club has a large membership and is a lively organization. The Shakespeare club, in which several members of the Normal faculty are interested, met on Friday evening at the home of Mr. and Mrs. George Buegert. Hon. N. E. McDonald. On Friday morning in chapel, Prof. C. N. Anderson, of the department of history and economics, gave a splendid talk upon the present Turco-Italian imbroglio. Mr. Anderson's talk was very instructive and interesting and gave evidence of Mr. Anderson's thorough knowledge of his subject. The Normal foot ball team left Friday morning for Lincoln where it will try conclusions with the university squad. The Normal line-up is the strongest it has ever been and ought to make a good showing against the heavy university men. In its try-out with the high school, the Normal team made a good showing. The followers of foot ball in the Normal are enthusiastic this year over the prospects. The large number of men who have enrolled make athletics of all forms the most promising in the history of the school. PERU NORMAL NOTES. Ten Members of the Faculty Are Taking Normal Training. So great has become the interest in the manual training courses by the Peru normal offered this year for the first time, that a special class has had to be formed for the ten members of the faculty who are the head of the work. Prof. Smith, who is the head of the department, has the necessary apparatus for carpentering all installed. Forge work will not be taken up till next semester. From figures on file in the state normal office the thirty-seven members of last year's graduating class who are now teaching in Nebraska high schools are receiving an average monthly salary of \$74. The average paid to all teachers

in the accredited high school of the state is a little over \$62. Misses have already been taken by the senior class to organize its staff of editors for the senior annual known as the Fruitian. Last year's class expended \$2,800 on their publication, and doubtless the class this year will try to get out "the best yet." Work on the addition to the library building is rapidly approaching completion. Educational Notes. Forty-five Chinese students are registered at Columbia this year. Most of them hold government scholarships. The new college for women that is being built at New London, Conn., has been most fortunate. Not only was a special law enacted that its board might purchase land for the institution, but numerous gifts have come almost unasked. Norton E. Plant gave \$10,000 in securities that amount to \$40,000 a year and Edward Miller has given \$10,000 to begin the second \$100,000 of the \$150,000 building. The boys and girls may be educated in healthier environment. Berlin has 25,000 children of school age, of whom 7,000 are under the care of doctors. Mrs. Ella Piase Young, superintendent of the schools of Chicago, thinks that there should be more men teachers of physical training. Out of twenty teaching only five are men, and she thinks that at least half of them should be men. She has ordered an examination to give men a chance. Council Bluffs Busy Week Ahead For People of Bluffs The present week will be a busy one for Council Bluffs. Tuesday and Wednesday about all of the surviving members of the Society of the Army of the Tennessee will assemble here to celebrate the fiftieth anniversary of the formation of the army and to hold the forty-second annual meeting of the society. This week will also mark the beginning of the Pure Food show to be given under the auspices of the Retail Grocers' and Butchers' association, lasting throughout the week. In addition to this will be the annual meeting of the Pottawattamie County Sunday School association. In special recognition of the meeting of the Society of the Army of the Tennessee the commercial club's executive committee last evening sent out a request to business men and others to display patriotic bunting and national flags as extensively as possible. HENRY C. ADDISON HELD UP BY HIGHWAYMEN Henry C. Addison, a clerk, residing at 238 Fourth avenue, was held up and robbed at 8 o'clock last evening at the corner of Twenty-sixth street and Third avenue, in front of the vacant house that was formerly the home of H. E. Fallers, the missing bridge toll taker. Addison was passing the corner on his way home when he was confronted by two men. Each of them leveled revolvers at his head and commanded him to throw up his hands. He complied without argument. One of the men then searched his pockets, finding only a fairly good watch, which they took. The moonlight revealed a valuable ring on one of the fingers of the upraised hands and this was also taken from him. The footpads were not masked, but the light was not strong enough to permit Addison to secure a very accurate description of them. SUNDAY SCHOOL MEETING TO BE HELD THIS WEEK The forty-second annual convention of the Pottawattamie County Sunday School association will be held this week at the Broadway Methodist church with afternoon and evening sessions on Thursday and Friday. After the close of the session on Thursday evening there will be a meeting of the Sabbath school workers of the city for the purpose of reorganizing the Council Bluffs Sunday School union, composed of all of the workers, teachers and officers of the city. A special request has been made for the superintendents of all the schools in the city to announce this convention and its program at the services today. It is expected that several hundred delegates will be present.

Council Bluffs IOWA ODD FELLOWS TO MEET Grand Lodge Meeting to Be Held in Council Bluffs. IMMENSE GATHERING EXPECTED Two Thousand Men Are to Be in Line, Marching to the Music of Ten Brass Bands. What is expected to be the largest gathering of Odd Fellows ever held in the state will occur here when the state grand lodge meets here October 13 to 20, beginning one week from tomorrow. Local Odd Fellows have been called upon to prepare for the entertainment of at least 1,500 members, and beginning yesterday arrangements for their care were begun. To provide accommodation for this number of visitors recourse must be had to private homes, and the request has been made for all persons having spare rooms to notify Mrs. Barbara Quinn, 1130 Fourth avenue. Every lodge in the state will be represented and some of them will send large delegations. The program provides for work or entertainment every hour, the greater part of it pertaining to the special ritual. The public feature of most interest will be the big parade at 1:30 Wednesday afternoon when it is expected more than 2,000 Odd Fellows will be in line. The parade will be provided with ten bands, which will form parts of the delegations from various big lodges of the state. Wednesday will be the day in which the greatest number of interesting features of the annual meeting will occur. At 3 o'clock the annual memorial services will be held at the Broadway Methodist church, with the conferring of the degree of obituary immediately following the memorial services. Perhaps the most important feature of the entire program from a spectacular standpoint will be the degree work that will take place at the Dohany theater Wednesday evening. It will include several of the initiatory and some of the highest degrees, exemplified by degree teams from Des Moines and elsewhere. This will be for members only and all will be admitted upon the proper password. While this work is under way the Rebekah degree will be exemplified at the Masonic auditorium by degree teams from various parts of the state. On Thursday the first degree will be exemplified by the Red Oak team. The Dohany theater will again be used and admission will be under the same restrictions that govern the secret work of the order in regular sessions. All of the prominent Odd Fellows of the state will be here during the meeting. Hough Seeks Position at County Poor Farm The county supervisors will have presented for consideration the name of one applicant for appointment as superintendent of the county farm whose qualifications for all of the duties of the position will be conceded by more than half of the people of the county. The applicant will be Warren Hough, now a resident of Council Bluffs, but for more than a generation one of the best known farmers in Crescent township. Mr. Hough announced yesterday that he would apply for the place, which has been made vacant by the forced resignation of Oliver Barritt. It was suggested to him early in the day and an hour after his consent was obtained hundreds of people had sought for opportunities to express their conviction that he was the man for the place. Mr. Hough is one of the best up-to-date farmers in the county, a trained business man and a fine accountant and would bring to the discharge of the duties of the position just the qualifications desired for the most successful administration of the affairs of the farm. There will be plenty of men in all parts of the county anxious to endorse Mr. Hough and share with the board all of the responsibility for his appointment. Key to the Situation—See Advertising Few, if any, medicines have met with the uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The remarkable cures of colic and diarrhoea which it has effected in almost every neighborhood have given it a wide reputation. For sale by all dealers.

OREGON NOW Never before has the "Call of the West" been stronger than it is today, and— Never Were the Opportunities Greater OREGON is the Land of Opportunity Her apples are unexcelled; her pears are acknowledged to be the leaders—the highest price ever paid for a car of green fruit was paid for Oregon pears, \$10.08 per box; her cherries and prunes are in the same class as her apples and pears. So is her climate; so are her sheep; so are her cattle; so are her opportunities. LOW COLONIST FARES to Oregon are now in effect, and will continue daily until October 15th. From Omaha, \$25 Write today for literature on Oregon, and consult your local railroad agent about fares. Address GERRIT FORT, Passenger Traffic Manager. Union Pacific R. R., Omaha, Neb. Wm. McMurray, Gen. Pass. Agt., Oregon-Washington Railroad & Navigation Co., Southern Pacific Company (Lines in Oregon), Portland, Ore.

OMAHA Land Show GORISEUM OCT. 10-28 Western Farms Grow Cities Settle ment of lands in the west causes demand for merchants, factories, towns and cities. Foresighted men are buying land now, knowing that a few years will mean much increased valuation and fortune for today's buyers. Hear the Wonder-Tale of the Wonder-We's

When Nerves Need Fixing "There's a Reason" LOOK BACK TO THE CAUSE, for one can never get well until the cause of sickness is removed. Perhaps it's the drug, caffeine, grown in coffee. That thing which makes the heart of the coffee drinker flutter and fail; also slowly breaks down the nerves in many people (not all). If you are one of the many affected by coffee, and really want to get well, suppose you leave off the drink which has caused the trouble, and take on well-made POSTUM for the morning beverage. In a few days you may discover why— "THERE'S A REASON" Postum Cereal Company, Limited, Battle Creek, Michigan.

The best location for a lawyer is in a building close to the Court House and the City Hall. The lawyer's time is all he has to sell. Every step and every minute saved means money to the busy man. It is a great thing to have only a few steps to go when the weather is very cold or very hot, or very stormy. The building nearest to the Court House is THE BEE BUILDING You will find it advantageous to move before cold weather. While there are not a great number of the best of them from which to choose, there are some very choice ones offered below: Rooms 200-252—Very attractive suite of rooms directly in front of the elevators, facing Farnam street. Has been occupied for years by a prominent physician, and would make desirable quarters for any line of work. This space containing 500 square feet will be vacated Oct. 15th. Superintendent will be pleased to show this suite at any time. Rent, per month \$62.50 Room 230—Is a choice corner office having a north and west exposure, making this space attractive at any season of the year, on account of good light and ventilation. We will arrange this space, 19x20, suitable for tenant, and there being a fault in the room, it affords extra protection for valuable. Rent, per month \$40.00 Room 232—Has a partition which makes two good sized rooms, private office and reception room. Two large windows furnish plenty of light from the north. This space is 16-3x20, and rental price reasonable. Rent, per month \$38.00 Room 240—Is a small well arranged room facing 17th street, having splendid light and ventilation. The size of room is 9x13-8. Rent, per month \$18.00 Room 244—Faces the east and is so arranged that by putting in a partition, two desirable rooms could be made. There are 221 square feet. Rent, per month \$30.00 THE BEE BUILDING CO. Bee Business Office. 17th and Farnam Sts.
