Last Year.

OMAHA Oct. 10, 1811.

The official figures posted after the close yeaterday showed some further reduction in the spring wheat crop, the total crop of spring wheat is now estimated at 20,000,000 bu., and this checked the decline. Values have been suffering the last week. Favorable weather may cause a renewal of the heavy movement to terminal markets, but 100 severe decline can be expected in face of the large proportion of low grade spring cline can be expected in face of the large proportion of low grade spring wheat and stiff pressure for hard wheat. The government report on corn was builtah, the 1911 crop is \$67,000,000 bu short of the 1919 crop, which means a shortage in the commercial corn supply of this country. Stocks in all positions are decreasing sharply and cash corn is bring-ing fancy premiums over futures.

Corn 1/2/2/20 higher than products were from 1/2/2/20 higher than previously, owing to the fact that Liverpool scored a sharp gain. In this connection wheat traders here took account of the world's available supplies being now 17,000,000 but less than a year ago. News of heavy frost in Argentina seemed to be judged by many dealers to take equal rank as a factor on the buying side. Almost the only offset for the bears was the better weather and large receipts northwest. December varied from 88c to 3/2/20 and wound up 1/2/2/2/2 net higher at 9/2/2/2/2 and wound up 1/2/2/2/2 up. at 6/2/2/2/2/2/2. Corn was lifted by means of foreign orders to purchase futures. December ranged from 6/2/2/4/2/2/2/2. Cash grades were in active request. No. 2 yellow finished at 7/1/2/2/2.

CATTLE—Receipts were very fair for a Tuesday and the quality of the offerings was pretty much the same as it has been of late, western rangers constituting the big bulk of the supply. For the most part prices held fully steady on both cornfed and range beeves and under the influence of a broad demand the trade was reasonably active from start to finish and the liberal offerings clisposed of in very good season.

Supplies of cows and helfers were only moderate and the demand better than it has been of late, so that the movement was free and prices steady to a shade stronger all around. Veal calves were in liberal supply but quotably firm and there was a broad outlet and practically steady market for bulls, stags, etc.

Inquiry for stockers and feeders was somewhat better than on yesterday and prices a shade stronger as far as deeirable offerings were concerned. Both yard able of the principle of the offering yard were in library able of the markets yet control of the pale western markets yet cattle. Hogs. The rate of discount in the open market for short bills is 35,63% per cent; for three months' bills, F% per cent. Evaporated Apples and Dried Frants NEW YORK, Oct. 16.—EVAPORATED APPLES—Quiet with prices unchanged: fancy, 10 cc a lb.; choice, 94,094c and prime, 94,094c.

DRIED FRUITS—Prunes, new crop. be-DRIED FRUITS—Prunes, new crop, beginning to arrive here quite freely from the coast, but most of the stock is said to be going directly into consumption and prices are firm; quotations range from 7674sc for California fruit up to 60-26s; Oregons, nominal Peaches, quiet but steady, with choice quoted at 116114sc; extra choice at 126184sc and fancy at 124c. Apricots, quiet; choice, Esp 184c. Raisins, dull, but no pressure to sell was noted in the local market and prices are firmly held; loose muscatels, 64674sc; choice to fancy seeded. \$6994sc; seedless, 667c; London layers, \$1.60.

SHEEF-Lamb receipts had all the earmarks of a late fall 'clean-up' run, average quality being low-grade. The estimate was large enough to throw some doubt on this belief, however, as a full \$1,000 head were expected, making a two-days' total of over 100,000 head. Something like 30 per cent of fresh arrivals were suitable for only the corn-field and feed-lot, bulk consisting of lambs.

In view of yesterday's duliness in feeders, the final clearance proved very satisfactory to selling interests, only a few thousand head remaining unsold. This stale supply was too small to be used as an effective bearish argument but the demand from the country seemed to be under requirements and the trend to values was undeniably easier. Good fat classes of sheep and lambs, being in the minority, met with healthy inquiry from packers, and trade opened on a steady basis.

values was undeniably easier. Good fat classes of sheep and lambs, being in the minority, met with healthy inquiry from packers, and trade opened on a steady basis.

Fat lambs with dressing promise moved around \$5.50 denoting a limit of \$5.50 or possibly \$6.00 fer something fancy. The best lambs here yesterday brought \$5.50.

NEW YORK STOCK MARKET

Quotations Remain Steady Through Day of Dull Trading.

PRICES RISE IN FIRST HOUR.

Demonstration Against Short Interests Proves Unsuccessful and Market Soon Falls Back-Copper Market Heavy.

NEW YORK, Oct. 10.-Quotations held

NEW YORK, Oct. 10.—Quotations held steady today, through an unusually prosaic session of the stock exchange. There seemed to be no business and nothing to attract business.

The only appearance of activity was in the first hour, when prices rose generally. The rise was only fractional in the active shares, except in the cases of Union Pacific and Lehigh Valley, each of which gained a point. It is probable that the buying which prompted the rise was in the nature of a demonstration against short interests. The movement was not effective and the market soon fell back.

Among the less active issues Norfolk & Western was conspicuously strong, with a three-point gain. Several of the southern railroads continued yesterday, uppward movement, but Attantic Coast Line and Louisville & Nashville, which led in the advance, fell back sharply today. Allis-Chalmers preferred, after its recent heavy break, moved upwards slowly today, but the bonds showed furince heavilness.

The statement, however, was without influence on the stock. Some gains were reported in the volume of new orders for steel products, but the increase was small in the yellow prices now prevailing, and earnings for the current quarter of some of the steel companies are expected to show large failings off. The copper market was heavy today, in sympathy with the lower KANSAS CITY Live Stock Market.
