### TAFT VISITS CITIES ON SOUND

President Addresses Large Open Air Meeting in Seattle at Noon.

### TAKES DINNER WITH BALLINGER

Executive Then Takes Boat to the Navy Yard at Bremerton and Goes from There to Tacoma.

SEATTLE, Wash., Oct. 10.—President Taft spent the night here and arose refreshed for a hard day's work, which was to include two speeches in Seattle and Tacoma before large audiences, and a visit to the Puget Sound navy yard.

His first two engagements were social ones, being a breakfast with Congressman Humphrey and participation in the christening of his eleven weeks old nephew, Charles Taft Snowden.

At 11 o'clock the president, with a military escort, left the hotel for a parade throughout the business streets, which were gay with bunting. The escort was composed of a battalion of the Twenty-fifth infantry, a machine gun platoon of the Twenty-fifth infantry, two companies of marines, naval militia and national guard companies. The high schools and state university dismissed their students, who mingled with the crowds and made the air ring with their cheers.

At noon the president addressed a great open air meeting on the vacant square at Fourth avenue and Jefferson street, speaking from a platform that had been erected in the center. He spoke for more than half an hour in a demonstrative and sympathetic tone.

Immediately after the meeting the president went to the residence of the former secretary of the interior, Richard A. Ballinger, where he ate dinner. The other guests numbering less than a dozen. From the home of Mr. Ballinger the president went direct to the harbor front, where a steamer was waiting to convey him across Puget Sound to the Puget Sound navy yard at Bremerton, and then to Tacoma.

A big public meeting in Tacoma tonight will end the day's work.

**Sends Telegram to Mrs. Bliss.**  
President Taft, when he learned of the death of former Secretary of the Interior Cornelius N. Bliss, sent this dispatch to Mrs. Bliss in New York:

I extend to you my heartfelt sympathy in your present irrevocable loss. Mr. Bliss' high character and great heart bound many friends to him with hoops of steel. As one of them I share their sorrow at his loss.

WILLIAM H. TAFT.

Christening of the Snowden baby took place in the president's suite in the hotel. The Snowdens reside at Vancouver, B. C., and the baby is already famous because the mother came to Seattle last summer in order that the baby should be born in America and be eligible to the presidency. President Taft attended the wedding of his niece, who is Miss Louise Taft, daughter of Henry W. Taft of Connecticut, and has always been greatly attached to her.

### Coatesville May Lynch Second Man to Avenge Woman

COATESVILLE, Pa., Oct. 10.—Another lynching is threatened as the result of an attack made tonight upon Annie McElhaneey, a student at the Coatesville High school by an unidentified negro.

The police has not been brought to such excitement since the lynching of Zake Walker here August 13.

This evening Miss McElhaneey, who is the daughter of William McElhaneey, a farmer, was on her way home from school when she was attacked by a negro. The girl fought her assailant until almost dropped and just as she was being overpowered, Frank Wynn, a farmer, appeared. The negro hurled his victim to the ground and, leaping the fence, escaped. Wynn gave the alarm and a score of farmers, armed with shot-guns, took up the chase. For nearly an hour they kept the negro in full view, but darkness aided him to escape.

ALTOONA, Pa., Oct. 10.—Following the arrest tonight of John Plowden, a negro, 23 years old, who is charged with having attacked Mrs. Perkins, wife of a farmer near here, a heavy guard was placed about the Hollidaysburg jail, where he is confined, to prevent mob violence. The neighborhood, when it learned of the attack, became inflamed with indignation and many threats were heard.

It is charged Plowden entered the home of John Perkins, and, after binding and gagging Mrs. Perkins, attacked her.

### Splendid for Old People

When the human system declines the accumulated poisons in the blood cause rheumatic pains in the joints, muscles and back. These warnings should be promptly relieved and serious illness avoided by using the following prescription which shows wonderful results even after the first few doses. It will eventually restore physical vigor. "One ounce compound syrup of Sarsaparilla; one ounce Toris compound; half pint of high grade whiskey (or sherry wine if it is preferred). This to be mixed and used in tablespoonful doses before each meal and at bed time, the bottle to be shaken each time." Any druggist has these ingredients or will quickly get them for you. Any one can mix them.

This treatment has the double effect of rheumatism eradicator and system builder. A prominent druggist states that this prescription is constantly being refilled. Those who have tried it are enthusiastic over the results.

### ACHATES RESIST QUEER CASE

Unable to Decide Who Has Right to Insurance Policy.

### BENEFICIARY MAY NOT BE KIN

Fraternity Organization Objects to Paying Wife Who Was Not Named as One to Receive the Money.

(From a Staff Correspondent.)  
LINCOLN, Oct. 10.—(Special.)—Sordid romance peeps out in a case which is to be submitted to the state supreme court at its next week's sitting. The supreme lodge of the Royal Achates is resisting the claim of Mrs. Mary Goff to \$1,000, which she avers is due her on the death of J. A. Lippa.

Under the laws governing the organization of insurance companies no one can be made beneficiary thereof unless he or she is a relative or dependent upon the insured one. In other words, those to whom an insurance policy is issued must have an insurable interest in the insured one. In the case at bar Mrs. Goff is resisted as being a niece of Lippa, with whom she says she lived up to the time of his death. She says further that they had lived together without legal sanction.

The name of the woman and circumstances connected with her life are said to have led Lippa to believe that she was the fabled "long lost" niece who had once lived in Ohio and of whom he had not heard since he left the state years before. The meeting took place at Columbus, where the couple lived for some time.

The fraternal organization objects to paying the wife whom Lippa left, while it is also at sea with regard to giving the amount of his policy to the woman with whom he lived. Whether Mrs. Goff can be called dependent upon Lippa is a question which is to be settled before the adjustment of the insurance difficulty can be made.

**STATE BOARD CONSIDERS PAYING SEYMOUR'S EXPENSES**  
(From a Staff Correspondent.)  
LINCOLN, Oct. 10.—(Special.)—The matter of the expenses incurred by Henry Seymour, secretary of the State Board of Assessment and Equalization, on his recent trip to Richmond, Va., to attend the national tax commissioners' gathering, was taken up by the state board today. As the warrants have been issued for the claims presented the board is in rather a peculiar situation with regard to the consideration of the matter.

The vouchers which were drawn amounted to \$22.25, one being a voucher presented by General Agent McGinnis of the Northwestern railroad, over which route a ticket to Richmond, Va., with Pullman and dining car accommodations, was sold to the secretary of the State Board of Assessment. The amount of this ticket was \$19.40, the voucher being approved by Auditor Barton through his deputy, John Shahan.

Another voucher for \$2.85 was presented and included expenses for hotel and other transportation expenses. The latter voucher was signed by Secretary of State Wait and Deputy Marsh. Later Secretary of State Wait drew pencil marks through his name and that of his deputy. Mr. Wait asserted today he intended the voucher should not be sent back to the auditor's office, but one of the office force took it back and a warrant was drawn by the auditor. The voucher now on file in the latter's office shows that the pencil marks made by Secretary of State Wait have been erased therefrom, the paper being torn in the process.

There is a dispute whether Mr. Seymour was authorized to attend the Richmond meeting at the expense of the state. Mr. Seymour contends he was given a commission by Governor Aldrich, but the latter contends that he did not think the expenses of the trip were to be paid by the state.

Several of the state departments have appropriations set aside for the purpose of paying the expenses of state delegates to national gatherings, among them being the National Guard, the Board of Charities and Corrections, the State Library commission, and the insurance department of the auditor's office. Just what action will be taken in the Seymour matter the members of the board have not been able to figure out so far, in view of the fact that the official has already obtained the expense of the trip which he made.

### FOUR PERSONS PROBABLY DEAD

Owner Had Recently Refused to Pay Fifteen Hundred Dollars Demanded in Black Hand Letters.

WHEELING, W. Va., Oct. 10.—Four persons are believed to have perished at Benwood, a suburb, early today as the result of a black hand outrage when a big frame tenement housing forty persons was blown up and, taking fire, was consumed. The house was conducted by Edward Kollinsky, who, with his family and a large number of boarders, were asleep when a heavy charge of dynamite was exploded at one corner of the building.

A woman with two children in her arms stood for a moment at a window and then fell back into the flames. A similar scene was enacted when a man attempted to escape from one of the upper stories.
