**VALE DEPICTED IN PANORAMA**

Interesting Exhibit for Land Show Coming in Special Cars.

**GIVE AWAY CARLOAD OF WINE**

Trowbridge-Bolster Company to Exhibit at Soil Products Exposition and Will Distribute Grape Juice.

One of the first big exhibits for the Omaha Land show which opens in the Coliseum next Monday arrived last evening in special cars from Salem, Ore.

The displays are representative of eight counties in the Willamette valley. A novel and interesting feature will be the panoramic painting depicting the characteristics of the fertile land in the valley. The panorama was painted by George L. Schreiber, who is already here to install the big canvas. As a painting it is a work of art and it is bound to attract much attention.

Electrical effects to show the variation of light from the break of day until sundown will make the canvas all the more realistic. W. T. Groves, who will have charge of the soil products display from Willamette valley, has arrived in Omaha and is awaiting the arrival of the exhibit. He will display fruits, grasses, forage and garden products, demonstrating the wide diversity of crops raised in his section of the country. In addition to the exhibit there will be lecturers here to give illustrated talks on the Willamette valley.

The Bolster-Trowbridge company has announced that it will give away a carload of grape juice to the visitors at the Land show. The liquor will come from California, where the company has large interests. The wines made in California are regarded highly among connoisseurs and the Trowbridge-Bolster booth at the Land show will no doubt be found very attractive to many visitors.

**Fifty Pickets Are Stationed at the Union Pacific Shops**

The fifty pickets stationed about the Union Pacific shops here by the labor organizations have been instructed from headquarters to prevent strikers assembling about the shops. Labor leaders explain that this order is given to thwart any possible violence.

Quiet has prevailed at the local shops for the last two days. Railroad officials state that everything continues satisfactory and labor leaders acquiesce in that statement.

Several union men have secured temporary positions in the city, but none has taken a permanent job. Those who are now employed in other than their regular vocation do not receive the strike benefit of \$6 and \$5 per week, but doing other work does not jeopardize their standing with the federation.

Two carloads of strikebreakers passed through the city en route to the Pacific coast, but none of them detrained. Statements from labor and Union Pacific headquarters still conflict on the number of men out and assertions that men have returned to work are denied by the union.

**Big Damage Suit on Conspiracy Charge**

Charges of conspiracy and malicious persecution were made against the Omaha Bottling company of Omaha and the Cure Bottling company of South Omaha by Julius Zeligson, head of the American Bottling company, in connection with a damage suit for \$50,000, filed in district court by Zeligson Tuesday afternoon.

Zeligson alleges the two defendants induced him to enter a business or trade agreement about a year ago. He withdrew from the organization. Since that time, according to his allegations, the defendants have sought to ruin his business and have succeeded to a considerable extent. General malicious persecution and conspiracy is alleged.

Two of the alleged malicious acts, according to Zeligson's petition, were filing of complaints against Zeligson, charging him with wrongfully taking bottles belonging to the defendants.

He was arrested on two different occasions on these charges, it being alleged that when patrons of the defendants left cases of empty bottles for them to collect Zeligson had his men take them up.

**WANTS PROPERTY THAT WAS DEEDED THROUGH FRAUD**

Joseph H. Walkup of Los Angeles, Cal., widower of the late Sarah E. Walkup, started action in county court Tuesday to secure a half of the property of his deceased wife, which he says her sister, Mrs. Isabell Cornell has sought to take from him by fraud. The estate is worth about \$50,000.

Walkup left his wife several years ago and she started suit for divorce. She never secured a decree, however, and the suit still was pending when she died. According to Walkup's allegations, Mrs. Cornell wrote him the divorce was granted before Mrs. Walkup died and asked him to deed his interest in the property to the estate so as to save the administrator the trouble of making a formal suit for it. After he had given the deed, he says, he learned his wife never secured her divorce and he is entitled to half his wife's property.

**A Dangerous Wound** is rendered antiseptic by Bucklen's Arnica Salve; the healing wonder for sores, burns, piles, eczema and salt rheum. See For sale by Beaton Drug Co.

**Mrs. Hoobler Dies in Illinois Home**

Mrs. George W. Hoobler, for many years a prominent Omaha club woman and church worker, died of paralysis Monday evening at her home in Oak Park, Ill. The funeral will be held at the Hoobler home Thursday morning. Interment will be in the family burial lot in the cemetery at Grant Park, Ill. Mrs. Hoobler was about 50 years old.

Mrs. Hoobler spent most of her life in Omaha and was one of the city's best known women. After the death of her first husband she took charge of his drug store, the Crissey pharmacy, at Twenty-fourth and Lake streets. In 1898 she with other Omaha women formed the Omaha Woman's club.

Mrs. Hoobler was deeply interested in the affairs of the Nebraska Druggists' association and for several years was its secretary. She was active in church work during most of her residence in Omaha, being a member of the First Baptist church. Mrs. Hoobler is survived by her husband, her mother, two brothers and two sisters, Mr. and Mrs. Henry G. Straight, friends of the Hooblers, left Tuesday to attend the funeral.

**Damages Granted for Miller's Death**

The Omaha Transfer company must pay Thomas B. Murray, administrator of the estate of Henry Miller, \$4,000 for Miller's death, by a verdict returned by the jury in Judge Redick's court Tuesday morning. The company gave notice of appeal. Miller was the aged man who was run down and killed by one of the transfer company's wagons at Sixteenth and Cumings streets last fall. So far as is definitely known he has no heirs and the judgement when paid will go to the state, after the attorney's and administrator's fees have been paid.

**NAVY HAS HARD TASK IN SECURING ITS RECRUITS**

Lieutenant Nathan W. Post, in charge of the local naval recruiting station, says there is no demand by young America for positions in the navy and the recruiting officers are having difficulty to secure a sufficient number of enlistments to replace those whose terms have expired. Four years ago, when the United States fleet made its tour of the world, the recruits trooped to the recruiting stations in large numbers. The terms of these recruits has now expired and they are leaving in the same ratio as they enlisted with the result that the navy force is being depleted.

The Merchant Who Has the Goods is the One Who Lets the Public Know it Through Advertising in The Bee.

**Cumbering Wrinkles and Double Chin Quickly Removed.**

The cause of wrinkles is well known to few outside the medical profession, and a real doctor, although he knows what causes wrinkles, does not prescribe for them. He is so absorbed with stomachs and livers and appendices that a few wrinkles, more or less, make him say "Pooh!" But we women know how important wrinkles and enlarged pores and blackheads are to us. Why—they are almost a matter of life and death to us sometimes. Anyway, we are glad to find out that thermoid jelly will quickly and permanently remove them. Just get an ounce and a half from your druggist and rub half a teaspoonful into your face every day. It penetrates through the outer skin and reaches the fibrous tissue beneath, needing heat-energy and nourishment. Pure thermoid jelly will very quickly bring about really marvelous results—Physical Century Magazine.

**Express is Delivered Free in City Limits**

Following the lead of the Wells-Fargo Express company, all the other express companies in the city have abolished their free delivery limit and are delivering parcels to any address inside the city limits without delivery charge. Formerly a charge was made for delivery beyond certain streets.

**MORMON WILL IS FILED IN THE COUNTY COURT**

The will of John Taylor of Salt Lake City, one of the original elders, was filed for probate in county court Tuesday by Mrs. Agnes G. Tagger, 1924 South Twenty-seventh street. The purpose is to clear Mrs. Tagger's title to a lot in Florence, which was part of Taylor's \$300,000 estate and which was sold to the Omaha woman by the executors and trustees of the estate after Taylor's death in 1887. The will was probated in Salt Lake City and the property sold and distributed in 1887. Taylor's will left his property to his four living wives and the twenty-eight children of his seven wives.

If you know of the new value of Chamberlain's Liniment for lame back, soreness of the muscles, sprains and rheumatic pains, you would never wish to be without it. For sale by all dealers.

**REFUSE DELAY ON VIADUCTS**

Council Refuses to Postpone Suits Against Two Railroads.

**CASES TO COME UP WEDNESDAY**

Ak-Sar-Ben Street Lighting to Be Continued for Grain Convention and Possibly for the Omaha Land Show.

In committee of the whole the city council Monday afternoon sent to the files the resolution of Councilman Davis, by the terms of which he proposed to instruct the city attorney to continue for forty days the hearing on the mandamus whereby the city seeks to compel the Burlington and Union Pacific railroads to repair the Eleventh street viaduct, placing it in condition for use. The viaduct case, after several continuances, is to come up in district court Wednesday.

In opposition to the Davis resolution, a protest was presented from numerous property owners along Eleventh street and in the south part of the city, all urging the council not to be a party to delaying action.

The matter of vacating Nicholas street from Sixteenth east to Thirteenth, where the proposed viaduct over the Missouri Pacific and Northwestern tracks is to be built, was discussed and the city attorney instructed to prepare the necessary ordinance, which will be introduced at the next meeting of the council.

**Want Light for Land Show.**

At the request of the Commercial club, continuation of the Ak-Sar-Ben street illumination was ordered during the convention of grain dealers. The cost will be \$500 per night. The request of the Omaha Land show that the street illuminations be kept intact and the lights turned on at night during the land show, from October 16 to 28, inclusive, was referred to the finance committee.

The offices of the city hall were ordered closed today from noon to 3 o'clock, in respect to the late General Manderson.

Health Commissioner Connell stated that to repair and equip the Emergency hospital at Ninth and Douglas would cost about \$2,500. He thought that as many county cases would be sent there for treatment, Douglas county should stand one-half of the expense. The city council will take this matter up with the county commissioners.

Sureties on the bond of the late Toif Hanson, given to indemnify the city in case of accident by reason of the subway under the sidewalk in front of the Shukert building on South Sixteenth street, between Farnam and Harney, asked to be released because of the death of Hanson. The request was denied, the council holding that as the subway still

**How to Make Your Old Complexion New Again.**

(Women's Fortnightly Journal)  
 The quickest and most natural way to renew an old complexion is to remove it. We all know that the outer skin should throw off the dead matter clogging the pores of its own accord, but what with cosmetics, smokes, dirt, wind and all the other hardships we impose upon it, the outer skin becomes discouraged and only half performs its function of throwing off dead and disfiguring skin particles. The result is—pimples, sallowness, liver spots, etc., etc.  
 The only safe as well as sure process to clear the complexion of these blemishes is to apply pure colated balsam at night. Get an ounce and a half from your druggist, and you will be delighted to see that it wastes no time in beginning its work of clearing and actually removing all blemishes from the skin. Your complexion can be kept clear and lovely by using colated balsam, which invigorates, whereas the majority of cold creams and lotions clog and retard elimination of waste matter from the skin.

remained, the bondsmen continue to be responsible.

**Favor Weight Inspectors.**  
 The ordinance providing for levying a tax upon retail coal men, ice, hay and grain dealers was recommended for passage. The fund to be derived will be about \$2,000 and is to be expended in paying salaries of inspectors who will see that these dealers give correct weights. The inspectors will be known as deputy inspectors of weights and measures.

Fred Mengedoh, owner of a row of apartment houses on Maple, between Sixteenth and Seventeenth streets, filed a petition, asking for the removal of City Electrician Michaelson from office, charging that he had been neglectful in the discharge of his duty and had refused to grant a permit for the turning on of the electric current. Mr. Michaelson explained that the wiring of the Mengedoh buildings is not completed, and that when it is, he will issue the necessary instructions for connection.

**NEW WALL IS STARTED WEST OF CARTER LAKE**

Everything is in readiness to begin the reconstruction of the sea wall at the west end of Carter lake. The plans for reconstruction have been prepared in the office of the city engineer and this time the work will be done under the direction of that department of the city. The engineering department has discovered that the collapse of the wall was due to the fact that in dredging the lake, the excavation had been done too close to the footing of the old wall.

**Variable and Universal Line Spacing**  
 One of the satisfying conveniences of the **Smith Premier Typewriter** which saves time is the variable and universal line spacer.

This device brings the writing point just where you want it in order to insert a letter or word in any given line of typewriting, and also permits of writing on the line of ruled paper even though the distance between lines varies. At the right hand end of the platen you will find a small knob. Press this knob and you can bring the paper exactly to the line required.

The perfect alignment of the Smith Premier typewriter need never be marred in making corrections, once the operator learns to use the variable and universal line spacer. Also writing on the line on ruled paper is as simple as writing on unruled paper because of this device.

And yet it is but one of the 28 Smith Premier advantages.

The business men of Omaha are generally acquainted now, with the fact that this is the typewriter office that doesn't "pester" a man to buy. They ask for a demonstrator with full knowledge that "all" their time, from then on, will not be taken listening to typewriter salesmen. They feel safe—that's why they call.

**The Smith Premier Typewriter Co.**

**Save the Coupons**  
 They May Be Exchanged for Tickets to the **Omaha Land Show**

**Ak-Sar-Ben Coliseum, October 16th to 28th**

*The big show of big things with something to amuse, educate and edify all classes and ages for thirteen big days*

Again The Bee readers are among the most favored! They now have an opportunity to see free the stupendous Land Show, covering two full city blocks. The tremendous show begins at the Ak-Sar-Ben Coliseum in this city next Monday. FIVE COUPONS LIKE THE ONE BELOW, CONSECUTIVELY NUMBERED, will entitle the holder to one ticket to the big show. The five coupons will not be honored unless presented within FORTY-EIGHT HOURS after publication of the last coupon of the series of five presented. For example: the coupon No. 1 and four consecutive coupons, 2, 3, 4 and 5, will be accepted at the business office of The Bee, if presented before 6:00 a. m. Monday. No coupons will be accepted after Monday, for the last one will appear Sunday morning and must be presented within forty-eight hours. The first coupon was printed in the Monday evening Bee, October 9th.

**Another advantage for The Bee readers**  
 Cut this coupon out and bring it, with four others, consecutively numbered, to the Business Office of The Bee and get a free ticket to the Land Show.

**Land Show Coupon No. 2**  
 OCTOBER 11, 1911.

On presentation of any five coupons, numbered consecutively, at the business office of

**THE OMAHA BEE**

They may be exchanged for a ticket good for one admission to the **Omaha Land Show**

These coupons must be presented within 48 hours of date of last one of series of five offered.

**White Bread Eaters**

**Beri-beri! What's That?**

A recent press dispatch from Paris to the New York American quotes Thomas A. Edison as saying, that in France:

"They (the French) do not unbalance the wheat for the sake of appearance, but retain the gluten qualities in an extraordinary way. I think that most of the indigestion in America comes from the desire to make bread look pretty, and in so doing, unbalancing the wheat, taking from it qualities most essential to nutrition and health.

"It has been found in countries where that dreaded disease known as beri-beri flourishes (Beri-beri is a fatal disease attacking the nerves and nerve centers) that in the process of polishing and whitening rice, elements are taken from the food that if allowed to remain and be fed to patients suffering from the disease, actually cures them."

In the making of white flour, the vital elements of the hard, outer coat of the wheat are "thrown away," because they darken the flour. Nerve starvation is a natural result.

No one can "beat" Old Mother nature. She places in wheat and barley certain elements (Diastase, Potash, Lime, etc.) up under the outer shell. Diastase is the element which helps to transform or digest starch and make it useful for the body. The Potash goes to rebuild the gray matter in the nerve cells.

**In the making of Grape-Nuts**

these brain and nerve-building elements are purposely preserved, among them the valuable Phosphate of Potash, (grown in the grain) the essential tissue salt of all gray nerve matter.

For growing children, for men and women who work with body and brain, there is no better food than Grape-Nuts.

Grape-Nuts contains all the meat of the wheat and barley from which it is made. A dish of Grape-Nuts and cream is the cereal part of the daily morning meal of hundreds of thousands of people all over the world.

**"There's a Reason"**

POSTUM CEREAL COMPANY, LIMITED, BATTLE CREEK, MICH.
