In the bases running department the experts give advantage to Me-aw's men, six of whom are leaders in meti-footedness among the National bases this season as compared with 25 to the credit of the Athletics. So go comparisons, which made from any angle, see-saw from the "Giants" to the "Athletics" and back again, leaving both forces quite evenly balanced. If the weight of any one player can up the scale it will be, experts agree, one of the pitching stars. In at least one respect the series will mark a record in base ball history, for it is estimated that more than twice as many enthusiasts will seek admission to the Folo grounds daily than can be accommodated, and the accommodations will be greater than ever before provided in a base ball park is this country. John T. Brush, owner of the New York fub, has replaced the oil wooden amphibaeater at the Folo grounds, which burned early this season, with a mammoth steel and concrete structure, which, when wholly finished, is expected to be the best of the several magnificent base ball parks in the country. The number is nearly as third greater than ever before nearly one of outfield bleachers he has provided room, it is estimated, for nearly one of outfield bleachers he has provided room, it is estimated, for nearly one spectators tomorrow. The number is nearly a third greater than ever witnessed as ball granks in the country, and by the extension of outfield bleachers he has provided room, it is estimated. For nearly one spectators tomorrow. The number is nearly a third greater than ever witnessed as ball grane. Attendance records at the world series and receipts for the last six years compared in 106,200 in 16,641	Ing average of .962. In stolen bases the Rourkes drew second place with 329 pilfered sacks to their credit. just three behind the Grizziles, who finished first in that branch of the game. Batting Averages.
