RAIN PREVENTS BALL GAME

Fourth Contest Goes Over Until Thursday.

BOTH TEAMS ARE IN GOOD SHAPE

Baker and Coombs, Who Are Heroes of Tuesday's Battle, Are Warmly Greeted by the Philadelphia Fans.

PHILADELPHIA, Pa., Oct. 18.—The National commission at 11:45 o'clock officially declared today's game off on account of rain.

To some more than to the world's champions of 1930 was the postponement more disappointing. Flushed with yesterday's victory at New York the fighting American League players expected to go into today's game and make it three out of four.

The Nationals, who came over from New York last night, were also disappointed over the prospect of idleness.

Shibe park had a deserted appearance this morning. A more dismal day could not be imagined.

The American league players came to the grounds before 10 o'clock. Baker and Coombs, the heroes of the squad, were greeted by hearty congratulations from admirers who had the sense to be on the grounds.

The New York players spent the morning indoors. They are in good physical condition. The men are not blue over yesterday's heart breaking defeat and express confidence in the outcome of the series.

The American leaguers outbit the Nationals more than two to one, getting twelve hits off Brown and Cheney, while Walsh held his opponents to five.

NEBRASKA STANDS IN WAY

Minnesota Sees Championship Honors if Cornhuskers Are Defeated.

NOT SO BADLY SCARED, EITHER

Gophers Have that Confidence of Triumph Which Comes Over Long Series of Victories Over Team from Lincoln.

MINNEAPOLIS, Oct. 18.—Minnesota is getting ready for Nebraska, having confidence of taking a victory Saturday.

The work of last week was encouraging to the coaches and every endeavor will be made to whip the team into presentable shape for Saturday's struggle with Nebraska.

The Nebraska team comes this year heralded as one of great speed and strength as a result of victories over two minor teams, one of them of less than high school ability.

The weakness of the defense of rivals has boosted Nebraska's strength above what close followers of foot ball believe it to really be. The Cornhuskers, though, are always strong and always put up their stiffest battle of the year against Minnesota.

The practice of Minnesota last week was interrupted by injuries to some of the men. None of these injuries is serious. They will not keep the men out of Saturday's game, but were serious enough to keep the candidates out of the practice.

This week finds about seventy men in the lineup and the work will be crowded right up to Friday night.

Heavy Line Advantage. Nebraska will present a heavy line, probably outweighing Minnesota for the first time in years.

The back field is made up, according to report, of big men of considerable speed. Little is known of tactics or attack and the Gophers are keeping their attack under close cover. It cannot be a great deal more than straight foot ball, though, as the coaches have had little time to prepare for the game, and the early practice was largely given over to trying out and teaching green men.

Minnesota has plenty of strength and in the right place, for the team is still green. Every effort will be toward pointing them up in the next five days, as most of the experimental work has been accomplished.

While Nebraska is held in high respect around Northrup field, there is no paralyzing fear of the man eaters from Lincoln in the Gopher camp. The Gophers will play them for all they have and rooters cannot but feel that some of the glowing reports from Lincoln have been exaggerated.

If Minnesota gets by Nebraska with a victory the rooters will begin to see visions of another western championship, as there is a belief that Nebraska, if as strong as reported, could lick Wisconsin, Chicago or Illinois just now.

The success of the Gopher season seems to hinge right now upon the outcome of Saturday's game.

Nebraska Foot Ball Squad Goes Thursday

LINCOLN, Neb., Oct. 18.—(Special Telegram.)—The largest foot ball squad taken away on a trip from Lincoln will go to Minnesota Thursday night at 8 o'clock for the annual game between Nebraska and Minnesota.

Twenty-one men will be taken, or two complete lineups. Following will be the Manager Eager and Coach Stehm to make the trip: Captain Shook, Harmon, Swanson, Anderson, Roney, Ellwell, O. Frank, E. Frank, Russell, Mulligan, Chasner, Loggren, Elliott, Pearson, Ross, Hornberger, Freitag, Warner, Gibson and Purdy.

The practice Wednesday night was the second secret work of the Cornhuskers, and was as long as on the preceding evening. The work of the line was still weak. The freshmen were given the ball on the 5-yard line, and in two out of four attempts carried the ball over the goal line. Batsch then told the regulars that he would keep them at it until they successfully held the freshmen ten times in succession. The next time attempts to cross the line from the 5-yard line were failures. The varsity reeled off four touchdowns against the freshmen in easy fashion.

No attention will be paid by the county commissioners to a new offer of E. A. Keen & Co. of Chicago to buy the \$200,000 bond issue to complete and furnish the new county building. Two weeks ago the commissioners began to look askance at Keen & Co. high bidders for the bond issue. Before they could reject the bid Keen & Co. withdrew it and said they would like to negotiate to buy the bonds at private sale.

Wednesday morning the commissioners received another letter from Keen & Co., earnestly requesting opening of negotiations, either by letter or by wire. "We will not negotiate with them," said Commissioner Bedford. "That is settled. We have advertised for bids and will open them November 11."

Personal Paragraphs. City Engineer G. W. Craig left last night on a business trip to Winnipeg, Manitoba. Mrs. Thomas Chambers and little son, of Mullen, Neb., are visiting at the home of Frank Dewey.

STIEHM DRIVES MEN HARD

Puts Cornhuskers Through Stiffest Practice of the Season.

MUCH FUMBLING IN BACKFIELD

Frank Boys and Jerry Warner Stars of the Day—Not Boasting Over Outlook for the Gopher Game.

LINCOLN, Oct. 18.—(Special Telegram.)—Early twilight found "Jumbo" Stehm's perspiring Cornhuskers hard at work Tuesday night, boomed on with the hope that the memorable victory of 1930 may again be duplicated next Saturday afternoon, when the two elevens, representing the universities of Nebraska and Minnesota, coached to perfection, meet in the annual struggle on Northrup field.

There was no letup for the tired regulars, for Stehm drove his men at a furious pace through thirty minutes of preliminary work, fifty minutes of fierce scrimmage, and then a half hour of rapid signal practice. When the practice finally closed the Cornhuskers had put in the longest and hardest practice since the inception of the present season.

Nor was there any glory in the Tuesday night practice for anyone but the versatile Owen Frank, his brother Ernie and the sensational Jerry Warner. These three men were the stars of the night, for they were the only players to get sunshine in on the gleam which pervaded the Cornhusker camp as time after time the scrubs burst through the line to upset the speedy Cornhusker backs or long through the guards and tackles for long gains on the offensive.

It was indeed a most unsatisfactory practice from a Cornhusker standpoint, marred by fumbling in the backfield and accentuated by poor work in the line. The supposed stonewall line of the Cornhuskers wilted under the fierceness of the attack and driven to desperation, Stehm finally substituted the "varsity" backfield with the scrubs line and the scrubs backfield with the "varsity" line. Ross, the giant colored boy, played a wonderful game, time after time breaking through the line and upsetting the Cornhusker plays before they were fairly started.

In the Frank boys and Jerry Warner, Stehm had some consolation. For Owen Frank never played in more brilliant form than at the Tuesday night practice. It was practically impossible to stop him and his work in forming interference was superb. Time after time he tore through the line and around the ends, dragging tacklers with him for yards.

General Colette in his remarks sketched briefly the hopes of Cuba for the future and the effect of the opening of the Panama canal would have on the commercial interests of the island. After a short summing up of the struggles which the Cubans made for independence, the industrial condition of the island at present, he said:

The opening of the Panama canal will be of almost unappreciable benefit to Cuba. The island lies directly across from the Atlantic entrance to the canal and contains six magnificent harbors which it is believed will be the starting point for vessels passing through the canal. Already the work of dredging these bays is in progress and we are extending every effort to increase the harbor facilities and improve our docks for the unloading of merchandise.

Very little betting on the game has resulted thus far, although plenty of Cornhusker money will go to Minneapolis. The Cornhuskers will ask odds, most of the bets being placed on the score rather than the outcome of the game. The team will leave Thursday evening, and arrangements have been made to give them a send-off by the student body.

They will be escorted to the depot by over a thousand rooters.

OLD WILL OF J. B. CALLAHAN FOUND IN DEPOSIT BOX

Discovery of a prior will of the late James B. Callahan which provides for immediate distribution of \$30,000 of his estate may result in a contest, though some of the parties will indicate whether or not there will be litigation.

When Mr. Callahan's safety deposit box was opened Wednesday the prior will was found. It differs from the last will, which has been admitted to probate, only as to the time of distribution. The earlier will provides that the property be held in trust by the widow during her lifetime, the said widow and the daughter each receiving the income of \$2,000 and receiving the principal upon Mrs. Callahan's death. The last will provides for immediate distribution of \$20,000 each to John Callahan and Mrs. E. L. Frels, son and daughter, and \$20,000 to James Callahan, son, as soon as he is "married and settled down."

In the safety deposit box were found certificates of deposit and mortgages totaling \$17,000.

COLUMBIAN SCHOOL HAS SEVERAL ROOMS CLOSED

With the exception of three rooms, in which there was no danger of contagion, the Columbian school was closed Wednesday for fumigation on account of the epidemic of diphtheria which has broken out among the children. Health Commissioner Connell has given orders that those rooms in which the disease has appeared be closed until such time as all danger of the epidemic spreading is past.

Of four suspected cases which were under surveillance only one proved to be diphtheria. The school authorities state that every possible precautionary step will be taken and believe that they have the matter well in hand.

NO ATTENTION PAID TO KEAN OVERTURES

No attention will be paid by the county commissioners to a new offer of E. A. Keen & Co. of Chicago to buy the \$200,000 bond issue to complete and furnish the new county building. Cuban Delegation Guest at Luncheon of University Club

The University club entertained the members of the Cuban delegation to the National Prison congress at luncheon at noon Wednesday. The members of the club turned out in force to honor their guests. Following the luncheon brief addresses were made by General Demetrio Del Costello Duany, Governor of the national penitentiary at Havana.

Senator Gimenes Lanier, assistant secretary of the Interior, and Dr. H. H. Hart, of New York, representative of the Russell Sage foundation. Other members of the Cuban delegation, who were present, were Senator Victor Hugo Barance, attaché of the Cuban consulate general in New York, and Judge Leon Arriens, magistrate of the court of Santa Rosa through the services of an interpreter.

General Colette in his remarks sketched briefly the hopes of Cuba for the future and the effect of the opening of the Panama canal would have on the commercial interests of the island. Judge Dismisses Barber Shop Case

After A. R. Pardun, proprietor of the Henshaw barber shop, had been discharged in police court Wednesday morning on a charge of shaving for pay on Sunday, City Prosecutor C. T. Dickinson refused to file any more complaints at the request of C. M. Felder, national organizer for the barbers' union. Mr. Dickinson said the complaints were all the same and in all cases there was no case against the defendant. He told Felder that he would file a complaint as soon as he brought in a case, but not before.

RECRUITING STATION TO BE OPENED AT HASTINGS

Lieutenant N. W. Post of the Omaha recruiting station received word Wednesday morning to establish a station at Hastings, Neb. The station probably will be installed the latter part of the week or the first part of next week.

Two years ago the station was removed from Hastings as the navy could not take care of any more recruits. A great number of sailors have done four years' service in the navy and are now dropping out, leaving many places vacant.

A CERTAIN CURE FOR CATARRH

The mucous membranes of the nose and throat are exposed to the irritating influence of dust, impure air, etc., and for this reason are the places Catarrh usually first manifests itself. But these are simply exciting causes, the inflammation and discharge being really produced by an impure and vitiated condition of the blood. It is well enough to use some local treatment to cleanse these membranes, but any one can readily see that if the inflammatory matter is left in the blood, such treatment cannot possibly have any permanent effect. S. S. S. cures Catarrh by cleansing the blood of all impure catarrhal matter and irritating germs and at the same time builds up the system by its fine tonic effects. When S. S. S. has purified the blood, the mucous surfaces are all nourished and made healthy. There can be no inflammation of the membranes then, because the blood is pure, and every tissue receives nourishment instead of irritating matter. Our book on Catarrh will interest every sufferer of this disease, and it will likewise give proper advice as to what is best to use as a local aid while S. S. S. is purifying the blood. This book is free to all, and we will also be glad to give any special advice you may feel you need. S. S. S. is sold at drug stores.
