ODD FELLOWS PUSH WORK

Busy Day Put in by Members of All Branches.

REBEKAHS ELECT OFFICERS

Margaret Holcomb of Broken Bow Elected President—Grand Lodge Holds Session at Night to Conclude.

(From a Staff Correspondent.)

LINCOLN, Oct. 19.—(Special.)—The grand lodge of both the Odd Fellows and the Rebekahs and the militant rank held sessions all day today in order that they might adjourn tonight instead of continuing their meeting until tomorrow. Election of officers for the coming year was the chief business transacted by the Rebekahs, the results being as follows:

Margaret Holcomb of Broken Bow, president; Mrs. Elizabeth Reynolds of Chadron, Miss Fanny DeBow of Coleridge, vice president; Susan F. Kierstead of Tipton, warden; Emma L. Talbot of South Omaha, secretary (re-elected); Mary E. Stunt of Omaha, treasurer (re-elected).

Miss DeBow was formerly warden and Mrs. Kierstead was formerly chaplain. The latter is an appointive office.

Appropriations were made to cover expenses incurred by the regimental adjutants during the year. A discussion of plans for a summer camp—known as Odd Fellows as a cantonment—took place, but no definite action was taken in the matter at the present assembly. The report on the new membership of the order showed the greatest gain since the militant order was installed in the Nebraska district, eighteen years ago.

The patriarchs of militant rank held a session during the day. The report of Commander E. S. Davis showed that the department has increased about 15 per cent during the past year. According to figures, there are now over 700 in this department of the order, while last year at this time there were 60. The report of the treasurer shows the order to be in good financial condition.

At the state house the other sections of the order were in session. Routine matters were the order of the day and both were rushing with all speed possible to get the work done in time for the way without making it necessary to hold an extra session. By noon both assemblies had fairly well cleared up their work, and the Rebekahs moved to the election of officers, while the Odd Fellows listened to addresses delivered by Grand Master Bryant of St. Louis and Grand Secretary Wilkerson, both of the Missouri jurisdiction.

After Perkins' Place.

Five persons have applied for the position soon to be vacated by Secretary Clerk Perkins of the State Railway commission. The statute limits the salary at \$2,500 a year and the commission has been paying \$2,400 to Mr. Perkins. The applicants for the place are H. C. Lett, a traveling man, 2559 Vine street, Lincoln; J. S. Hedgecock, Central City; L. E. Caldwell, Havelock; E. J. Strelight, Lincoln; August Reuting, South Omaha.

DUNBAR MAN'S LIFE SAVED BY GIVING UP SEAT IN CAR

DUNBAR, Neb., Oct. 19.—(Special.)—In the Missouri Pacific wreck last Sunday at Fort Crook, near Omaha, Agent C. V. Denmore of the Missouri Pacific here was a passenger, and had just a moment before given up his seat to an old gentleman who was looking for a seat, and had gone to the back part of the coach to find another seat. He had barely found one when the crash came, and all in the seats of the coach where he was first sitting were killed outright, including the man he had been kind enough to vacate his seat for. Mr. Denmore is married and has two little children.

William West and wife of Chehalis, Wash., have been here this week visiting their brother, Dick West. They have just returned from a seven months' tour of Europe and are on their way home. Mr. West is mayor of his western home and prominent and well-to-do.

At the county Sunday school convention held at Palmyra this week, the United Presbyterian church of this place won the banner silk flag for the largest attendance of officers and teachers. This is their third year of consecutive victory and speaks well for the interest of their members.

The Burlington painters were here last week and this week adding the finishing touches to the new Burlington depot at this point.

Infantile paralysis in children and some adults is showing alarming progress in Otoe county. Men Suspected of Robbing Store Held in Merrick County

CENTRAL CITY, Neb., Oct. 19.—(Special.)—With the only possible clue for tracing their identity furnished by a letter in his custody two men whom he believes may be wanted for robbing a store somewhere. Monday morning Marshal Al Roth of Silver Creek telephoned the sheriff that he had received word that two suspicious characters were lurking in the country about five miles west of Silver Creek. He went down to Silver Creek, and after tracking the men located them ten miles north of that place. He at first supposed that they were two men wanted for breaking jail in another county, but they did not answer to their description. However, when he overtook them they were carrying a heavy bundle, which upon examination proved to consist of bolts and pieces of new cloth, such as silks, serges, etc., and also a woman's bear skin coat. The men were unable to give a satisfactory account of themselves and so the sheriff brought them into Central City and lodged them in jail. The only clue as to their identity is furnished by the address on an Omaha paper in which the goods were wrapped.

On this paper was written the name "Dr. McLaron." Now the sheriff is trying to ascertain the whereabouts of Dr. McLaron so that he may locate the town where the goods were stolen. In the meantime the men are being detained in the county jail.

NOTES FROM BROKEN BOW

Case Against Elmer Scheringer Set- tled Out of Court with Consent of Prosecutor.

BROKEN BOW, Neb., Oct. 19.—The case of Elmer Scheringer, who was under \$500 bonds, charged with obtaining money under false pretenses, has been settled out of court; the young man's father, Mark Scheringer of Callaway, coming forward and making restitution in full. Mr. and Mrs. Michelson of Meane, the complaining witnesses, were given the amount with interest that young Scheringer is alleged to have taken from them and the legal costs were all settled. Prosecutor Deal was at first inclined to hold Scheringer under some sort of bond to prevent him from doing further mischief; but at the earnest solicitation of both the complaining witnesses and the father he reluctantly allowed the matter to be settled before reaching district court.

Grant Drake of this place has sworn out a warrant against Thomas Turnbull of Callaway, charging him with selling mortgaged property of some value. The warrant was issued from Judge Swind's court and Sheriff Kennedy started for Callaway today to serve it. Turnbull, it is alleged, was preparing to leave the country and was converting his property into ready cash. A civil action also is pending against Turnbull.

No arrests have as yet been made in connection with the wholesale breaking into of stores at this place on last Tuesday night. Both city and county officers are working hard on the case.

DENTAL SOCIETY HOLDS TWO DAYS' SESSION AT KEARNEY

KEARNEY, Neb., Oct. 18.—(Special.)—The two days' meeting of the Northwestern District Dental society, closing today, held here was one of the most enthusiastic and helpful meetings of this society.

Instead of members conducting clinics showing their own methods of doing work this year a departure was made in the program and a special subject was selected. The subject this year was, "The Making of Amalgam (silver) Fillings," and was ably presented by Dr. Walter G. Crandall of Spencer, Ia., president of the Iowa State association, and under his guidance the members made many interesting experiments and tests of materials and combinations, as well as preparing the cavities for making fillings.

A banquet was given the visiting members Tuesday evening which was served by the women of the Methodist church, and on Wednesday morning all were treated to an automobile tour about the city and vicinity by the Commercial club.

His preliminary was set for tomorrow and his bail was set at \$1,500. This he was unable to secure and was committed to jail.

Emerson's conduct was in deep contrast to that of yesterday when he indicated that it was his purpose and desire to kill somebody and anything to have a wild time, he asserted.

Munroe Expresses Good Will to Omaha

When President David Cole and Chairman George E. Haverstick of the executive committee of the Commercial club learned of the promotion of J. A. Munroe to the vice presidency of the Union Pacific and Oregon Short Line, they were right on the "job" with hearty and sincere congratulations. From Chicago has just come a response to Mr. Cole, which voices the same sentiment in the following words:

"Thank you indeed for the club's and your own greeting. I want to be as near your class as I can. Omaha must be kept at 100 per cent point on every map. Co-operation will be our watchword and good will to the people our aim."

"J. A. MUNROE."

A similar expression of good feeling to-

ward Omaha has been received by Mr. Haverstick, only in different words.

The sign may be seen from a considerable distance and is taken by many to mean "Information Bureau." All sorts of questions are asked the girls in the booth.
