MINNEAPOLIS, Oct. 21 .- (Special Telegram.)-Western conference football, as played by Minnesota, again asserted its Euperiority over that brand of the gridfron game played by the leading university of the Missouri valley conference, when the powerful Gophers, through better playing in every department of the same, triumphed over the flest Cornhuskers on Northrup field this afternoon by the score of 21 to 3. Two touchdowns, resulting from the forward pass; one touchdown coming through a straight drive at center, and one goal from placement gave Minnesota its victory over the Cornhuskers, A kick from placement in the closing minute of the contest by Owen Frank placed three points to the credit of the hard-fighting men from Lincoln. Minnesota has a powerful, offensive eleven and a staunch, rugged and defensive machine, against which the visitors were unable to gain consistently.
