Large Number from This City Successful on Second Day.

## SOUTH OMAHANS ALSO DRAW

Many Who Win Out on Second Day Should Be Able to Secure Good Farms on the Indian Reservation.

Omahans continue to be lucky in the big land drawing for the Indian lands of South Dakota and a large number of residents of Omaha and South Omaha landed on the second day's drawing. Many of these should be able to secure good farms because of the small percentage of those who will follow up their success by filing on the land.

## VENO IGNORES STATE LAWS

If He Has Certificate County Clerk Does Not Know of It.

## OFFICE BARREN OF SHEEPSKIN

Continues to Accept Customers and Makes Rides to Suit What He Thinks He Can Get.

"Dr." Dudley N. Veno, who is advertising marvellous cures in Omaha and using testimonials from vacant lots and employing the names of those who never heard of Veno, is operating in defiance of the laws of the state of Nebraska.

If Veno has a certificate from the state board of health, it is not registered in the county clerk's office. Practicing without a certificate, or without registration of the certificate in the county in which he practices, makes him liable to prosecution and a fine of \$50 to \$200 for each offense.

The certificate on which every reputable physician prides himself and which he hangs in a conspicuous place on his walls, is not visible in Veno's office at 145 Farnam street.

Those who are being treated by Dr. Veno may save themselves money by the knowledge of this fact. If they think themselves bilked, that an unregistered physician has no standing in a court of law and cannot collect money from patients by bringing suit. The state supreme court has passed on this point.

As to Payments.

"Reputable physicians do not demand money of their patients in advance," said an Omaha doctor last night, "and if people will decline to pay in advance to a doctor suspected of being a fake they won't have to pay at all as the doctor cannot collect unless he is registered. If the doctor is a fake, however, he will probably refuse to give any treatment until he has at least a part of the money."

Deputy County Attorney Magney says it is the duty of the county attorney's office to prosecute any man against whom complaint is made that he is practicing medicine without a certificate or without having his certificate registered. So far no specific complaint against Veno has been made.

Officers of the Douglas County Medical society say it is not their policy to prosecute such cases, as osteopaths, Christian Scientists and others would then cry "persecution." It is within the province of the state board of health to prosecute, but, presumably, the board has not heard of Dr. Veno. No member of the board lives in Omaha.

Veno did a running business all day Wednesday, in the face of the news of Wednesday morning as to his testimonials. Not only Omahans, but people from out in the state, having read his lurid advertisements, are coming to him.

He makes a price that suits the pocket-book of the patient. George E. Hayward and G. H. Fitchett, both afflicted with rheumatism, went to consult Veno Wednesday morning. On coming out they met on the sidewalk and compared notes.

"Doctor" is busy.

"He told me he would give me a course of treatment for \$12," said Hayward, "and told me to come back this afternoon. He was too busy to start on me this morning."

"He told me it would cost me \$50," said Fitchett. "If I had come down with my old suit on, as you did, I suppose I would have got off easier. I know now why he asked me so many questions. I told him I spent a winter in California for my health and I guess he decided I had money. I am well enough known in Omaha that he may try to put me off indefinitely. He told me to come tomorrow."

It develops that Veno operated here four years ago under the name of Mayo and the records of the county clerk show that Mayo never had a certificate registered. Why the "doctor" decided to change from the name Mayo to Veno is not known.

## Vinton Club Gives

## Support to Hoye

Fred Hoye was promised the support of the republicans of the Second ward last night when the Vinton club entertained the republican candidates. Over 60 members of the club attended.

The meeting was held at the club headquarters at 123 Vinton street. Among the candidates who spoke at the meeting were Judge Ben S. Baker, Judge A. L. Sutton, Judge W. G. Sears, Robert Smith, Judge Bryce Crawford, W. G. Urs, Frank Best, Fred Hoye and Harry B. Zimman.

Fred Hoye, who has been a resident of the Second ward for the last forty-two years, was given an ovation when he was called upon.

## TWO SIOUX CITY TEAMS

## TO PLAY OMAHA ELEVENS

Local followers of the gridiron game will have a chance to witness two fast eleven games from Sioux City Saturday afternoon when Morningside college clashes with Creighton on the Creighton field and the local high school team meets the Sioux City High school warriors at Rourke park.

Morningside and Sioux City High are both classed as fast teams, and the two Omaha elevens will have to work hard to pull off a double victory. A striking coincidence of the preparations for the two games is that Morningside and Sioux City High held scrimmage together, as have Creighton and Omaha High, and in both cases the high school lads made good showings against their older opponents.

The Sioux City lads are touted as fast exponents of the forward pass and have several trick plays which are sure ground gainers. Phelps at fullback and Holmes, left tackle, are their particular "stars."

## Investigation Fails

to Silence Suicide Talk in Knabe Case

INDIANAPOLIS, Oct. 26.—If Dr. Knabe was murdered, as appears, I am satisfied she was murdered by a person with whom she was acquainted and that she voluntarily let this person into her apartment. But the theory of suicide still will not let itself be neglected.

With this statement Captain William Hollis, chief of the detective department, tonight summed up the result of the day's activity of the police in the investigation of the circumstances of the death of Dr. Helen Knabe, former state bacteriologist, whose throat was cut while she lay in her bed at an undetermined hour last Monday night.

Captain Hollis declared he did not intend to reflect upon the character of Dr. Knabe in saying he believed she knew her murderer if she was murdered.

Some of Dr. Knabe's own friends today suggested to the police the idea that she ended her own life should not be cast aside, though the knife with which she killed had disappeared. They said she recently had been dependent over her debts, that even her furniture and instruments were the property of her cousin, Miss Augusta Knabe.

Miss McPherson said she had pulled Dr. Knabe's nightdress down over her body. Miss Knabe that she had laid a pillow across the body.

Two cigars were found today in the apartment where Dr. Knabe lived alone. Miss McPherson told detectives she distinctly remembered Dr. Knabe had brought the cigars home from a banquet of a medical society as a joke.

## Catholic Church to

## Change Land Tenure

KANSAS CITY, Mo., Oct. 26.—Property of the Catholic church is no longer to be vested in the bishops of the various dioceses in the United States, according to a ruling received today by Bishop Thomas F. Lillis of Kansas City from Monsignor Falconio, the apostolic delegate in Washington. The term "in fee simple" is to be abolished and parish corporations on the plan of the New York dioceses are to be formed, wherever the law of the state permits. Where it does not the title of tenure known as "corporation sole" is to be adopted.

## HOGS SHOW GAIN OF

## FOUR MILLIONS FOR SEASON

CINCINNATI, Oct. 26.—(Special Telegram.)—The current supply of hogs in markets is considerably increased in the last week. The total western slaughtering totaled 550,000, compared with 525,000 the preceding week and 570,000 two weeks ago. For the corresponding time last year the total was 350,000 and two years ago 450,000. From March 1 the total is 15,000,000, against 12,000,000 a year ago, an increase of 2,000,000 hogs. The total two years ago was 14,000,000. Eight months of the summer season end at the close of October. Running calculations make it appear to be a gain of something over 4,000,000 in comparison with last year, and that with the single exception of 1908 the total will be unequaled by previous records. Prominent places compare as follows from March 1 to October 25:
