Piatti, Esq., Chairman Democratic County Central Committee: Some two weeks ago I had a talk with Mr. Fanning of your committee, at which time he stated that there were some judges and clerks of election which he thought were not eligible to serve. I told him that if he would have the proper affidavits filed I would at once remove any election official not entitled to serve.

"At the last primary the democratic party had a mejority of all the election beards in every ward in the cities of Omaha and South Omaha and in every county precinct, as the following table will show. Registry Fraud Trial is Started; New Complaints

Half a dozen witnesses called by the state in the trial of Albert Anderson, charged with perjury and illegal registration in the Third ward, failed to prove anything in county court Thursday afternoon. Anderson registered from 801 North Sixteenth street, a rooming house. The witnesses said they know Anderson and the house. They said they couldn't swear he lived there on September 5, when he registered, but neither could they swear he didn't live there. Joseph Lipsey, owner of the house, was ordered to bring in the register,

which is supposed to show the names of all persons living there. Ten new complaints charging perjury were filed early yesterday afternoon against F. Schiller, O. Harris, Frank Olon, Joseph Hamilton, Charles Goodrich, F. F. Harold, Oscar Hart, Guy Franklin

County Commissioner O. J. Pickard is finding his campaign for re-election anything but a triumphal march. Mr. Pickard is being confronted with unpleasant questions by such persons as manage to find him. He is not in his usual haunts much these days. There is a suspicion that the same questions are being asked by many voters who do not see Mr. Pickard, though the answers they get may be just as satisfactory.

Some months are Pickard tried to hand Sinte Representative John H. Grossman a token of appreciation for securing anl-

ary increases for county commissioners at the hands of the legislature. In a little speech Pickard told Mr. Grossman how pleased he was with his efforts. It happened in an open meeting of the board and Mr. Grossman refused the proffered envelope.

Why all the fuss about presenting such resolution? Why seal it up and present with a presentation speech expressing thanks? Echo answered, "Why?" All of the other commissioners said they knew nothing about it, but Mr. Pickard couldn't very well say that. When cornered he said he couldn't tell what was in the envelope without violating a confidence

Why Wet Shampoos Are Injurious to Hair

(Guide to Beauty.) "Avoid wet shampoos, if you would have soft, lastrons hair and plenty of it. More or less 'free' alkalt in shampoo mixtures robs the scalp of its necessary oil, and this, in a measure, causes hair to grow dull, brittle and unmanageable.

"The dry shampoo is rapidly gaining favor because of its cleansing and invigorating effect on both hair and scalp. If 4 ounces either of orris root or corn meal and 4 ounces of therox are mixed together and a tablespoonful sprinkled over the scalp, then brushed well through and out of the hair, all traces of dust and Jandruff will be removed. and the hair will take on a silken sheen and richness of color impossible by any other method."-Adv.
