From time immemorial, sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair, for curing dandruff and falling hair, and for making the hair grow. In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date drug-gist can supply his patrons with a ready-to-use product, skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical Company of New York put an ideal remedy of this sort, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented. If you have dandruff or if your hair is turning gray or coming out, don't delay, but get a bottle of this remedy today, and see what a few days' treatment will do for you. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Sherman & McCune, 16th and Harney Sts., 16th and Dodge Sts.
