Whose Eyes, Sir, Will Your Suit Attract?

Show me a man with his pockets cut on the bias, with the three buttons on his coat gathered together like a nest of eggs...

Now the point is, it isn't the man, but the clothes. Ninety per cent of us do not really want these things...

The Bennett's store has sold more clothing for young men between 20 and 30 this season than ever before...

There is an exceptionally large stock of these suits at this store with every inch of the attractiveness and none of the cheap noisiness of the other kind...

And we can overcoat you as well as we can suit you. A vast collection made of all wool chevrons, kerseys, rough cloths and vicuna materials...

Here's the most convincing line of boys' clothes you ever saw--suits with an extra pair pants to match for only \$3.50

And no store shows an equally good assortment for the same money--many parents who have canvassed the town...

At \$4.00 is a line of suits that has proven exceptionally strong this season. Have both one and two pairs of pants...

Our \$5.00 line of "Duplex" suits represents the maximum of value-giving in boys' clothes. Hand tailored throughout...
