

The Polo and Reversible Coats

Are Favored by Smart Dressers

We were first to introduce these popular coats in Omaha—the clever style and unmatched quality of the first ones sold has sent scores of women here for theirs—the modest prices have invariably effected an immediate decision.

The Polo Coats appeal to women who seek the latest ideas, but the coats are adapted to so many uses, and are so cleverly fashioned that one could find nothing more suitable and practical.

They come in tan, white and reversible combinations of gray and purple and tan and green.

The double-tone coats present a very striking appearance and the reversible feature affords the luxury of two coats—worn as your fancy chooses and to suit the occasion.

Junior and small women's sizes.

Prices—\$17.50, \$19.75, \$22.50, \$25.00 and \$29.75.

Girls' Coats

Are modeled closely after those of older folk, possessing all the style and good service, and priced so moderately that it only remains to choose the favorite color and style.

Polo models, as illustrated, are stylish and warm; or, you may choose from an unusually wide range in coats of broadcloth, velvet, chinchilla, plush, caracul and mannish mixtures.

For ages 6 to 16 years. Prices \$5.90, \$6.50, \$7.50, \$8.50, \$9.75, \$10 to \$19.75.

DES MOINES CLUB IS BUSY

Convention Committee Says Many Visitors Come.

ARBITRATION REPORT COMES UP
Conductor Hlatt Ordered Discharged,
Together with Roberts, Both of
Whom Are Leaders Among
the Union Men.

(From a Staff Correspondent.)
DES MOINES, Oct. 28.—(Special Telegram.)—The convention committee of the Commercial club made public today its work during the last season in securing conventions for Des Moines. The committee secured 125 conventions at a cost of \$8,000. These conventions represented an attendance of one day for each person of \$2.00 and the club estimates that the persons coming here left an average of \$10 a day in the city for expenses. This does not include the state fair and other established institutions. The club is going after 250 conventions for next year.

Suit was begun in court today by the local commercial organizations to compel the Board of Supervisors to change the method of handling the bridge funds of the county. It is claimed that the supervisors divide up the county and each one has absolute authority in a district and that no accounts whatever are kept. This plan has resulted in an enormous expense to the county.

The suit is to compel the entire board to pass on every bill and to do bridge work by contract only.

ALL BOOST FOR LAND SHOW

(Continued from First Page.)

dividual, but also as mayor of Omaha, I say in all sincerity that the Land show as conducted at the den this year is as great and good an institution as Ak-Sar-Ben or any other public enterprise, which has ever come to my notice," said Mayor James C. Dahiman. "The exhibits were not only of high educational value, but they all brought out with startling distinctiveness the fact that the great west is 'The Promised Land' and showed the way to livelihood to the shorts in a way that could be accomplished in no other manner. The Land show is certainly a fine thing for any city and it has done an immense amount of good for Omaha. I sincerely hope that we will have another next year and I will, if called upon, do all in my power to that end."

Samson Boasts Show.
"It's a fine, big show," said H. J. Penfold, secretary of the Knights of Ak-Sar-Ben, speaking of the Omaha Land show, "and I'm proud of it just as I am proud of Ak-Sar-Ben and of all the big things that are coming to Omaha. I don't know of anything that I would rather see occupying the den that has been made famous as the home of Ak-Sar-Ben. I don't believe anyone could go to life show and come away without being benefited in some degree, depending upon the individual. Everyone in Omaha ought to be proud of the show."

Commission Man Likes It.
Charles G. Trimble of the Trimble Bros. Commission company had nothing but praise for the show. He said: "The Omaha Land show is far superior to that of last year in every respect. It has brought to this city people who would not otherwise have come here. It certainly has fulfilled its mission and I sincerely trust that next year we will have a larger and better show, if possible. People have come to this city and to me, whom I had never before met and they all agree with me when they say that the show is producing results."

Exhibits Shown at the Land show were the best I have ever seen at a show of this kind," said Ralph K. Nelson, manager of the Paxton hotel. "I attended the show about a week ago and was surprised to see exhibits that passed in and out through the gates, showing the great interest that the people of Omaha and the state took in the show. It is a great thing for Omaha, it not only boosts the city, but also brings much trade. I know that we had hardly a vacant room during the show."

Al. V. Drescher said that the Land show was certainly a great institution and that the good it has done for Omaha and the west is beyond computation. "We live in a strictly agricultural country," said Mr. Drescher, "and a big exhibit of the products of this country, like the one just closed, attracts the attention of the entire country to the wonderful resources of this section. Besides Omaha has secured a wonderful amount of healthy advertising from the show."

Brandeis Writes Appreciation.
Hugo H. Brandeis has expressed his appreciation of the Land Show in the following letter to C. C. Rosewater, president of the show:

"Permit me to express the sentiments, which I feel sure must be shared by thousands of others, that the Omaha Land Show has been a notable success. It has been an impressive spectacle and a great educational exposition as well. I attended the show on Society Hill, but because of the great crowds I was able to see only a portion of the interesting features. I was so impressed that I attended the following evening with more time at my disposal, and found the exhibits wonderfully entertaining. I visited the Land Show in Chicago a year ago and I can say that the Omaha Land Show far surpassed it in every particular. I regard it as the greatest exposition of its kind that has ever been held. Accept my sincere congratulations on the success of the Land Show, which was due in such large measure to your own activities."

DEPOSITORIES DESIGNATED FOR SAVINGS BANK FUNDS

NEW LAKE CARRIER WANTS THROUGH RATE ON FLOUR

WASHINGTON, Oct. 28.—Freight rates on millions of barrels of flour annually will be affected by proceedings instituted today before the Interstate Commerce commission looking to a reduction from 21 to 25 cents a hundred pounds between Minneapolis and New York City. The Flour City line, an independent lake carrier, asks the establishment of a new through rate between those points. Railroads operating between Buffalo and New York refuse to recognize the new route and exact from Buffalo a rate of 11 cents a hundred pounds on its traffic, while a rate of 33 cents is accorded so-called standard lines.

IMPERIAL ARMY DRIVES REBELS FROM HANKOW

(Continued from First Page.)

has been placed in supreme command of the land and naval forces, met today with prominent radical members of the National Assembly, who are planning for an entirely new Chinese cabinet, a constitutional government and the immediate summoning of a parliament. Yuan Shi Kai has postponed his planned departure from Chang Te for the south; he is expected he will soon return to Peking in the capacity of premier.

Insurgents Gain at Other Points.

SHANGHAI, China, Oct. 28.—Wireless dispatches from Hankow reports sweeping victory for the imperial troops there yesterday caused a flutter in Shanghai today. The reports were received even in official circles with incredulity. Rebel sympathizers declared that the dispatches were undoubtedly sent from a government source to bolster up a faltering cause.

Whatever the situation around Hankow is, matters have grown more desperate for the government cause in the vicinity of Shanghai and along the lower part of the Yang Tze river. There were persistent reports today that Ching Kiang, 100 miles above Shanghai, was about to fall into the hands of the rebels. Ching Kiang is the first of the series of lower river forts above Shanghai and is regarded here as the keystone of the defense of the city. If it falls it is conceded that all the forts below it as far as Wu Sung will quickly follow.

Wu Sung, ten miles above Shanghai, marks the city's last line of defenses.

West of Shanghai, the wealthy city of Su Chow is threatened, while above Ching Kiang, three important cities, Nanking, Yang Chow and Wu Hu, are believed to be in danger. All four of these cities re-remuneration, is coming to Shanghai, was quiet, there is open sympathy for the rebel cause, and probably little effective resistance will be offered to attack. It is believed that Sheng Hsuan Hual, the dismissed minister of posts and communications, is coming to Shanghai, where he has a magnificent home. More than 200 pieces of his baggage have ar-

STOCK MARKET IS QUIET

Wall Street Exchange Shows Little Trace of Friday's Turmoil.

STELL SHARES SLIGHTLY HIGHER

Statement issued by Chairman Gary Encourages Speculators—General Market is Firm and Steady.

NEW YORK, Oct. 28.—The stock market was quiet during the early trading today and there was no hint of the excitement produced yesterday by the wild trading in United States steel stocks. The course of the market yesterday had indicated that the heavy selling of steel stocks was over and the improvement was helped by the statement of Chairman Gary, relative to the government's dissolution suit.

It was apparent at the opening of the stock market that there was a good demand for steel stocks. The first transaction in the common stock was a block of 10,000 shares at 6 1/2 to 5 1/4. The stock was quickly raised to 5 1/2, a gain of 1/4 from yesterday's close. The preferred stock raised 3/4. Both issues lost much of their gain within half an hour, but held steady without further losses. The stock market in general showed a much firmer tone, some of the losses of yesterday being recovered.

HYMENEAL

Forstlund-Palmer.
FAIRBURY, Neb., Oct. 28.—(Special.)—At the home of Mr. and Mrs. Frank N. Hurd, Rev. E. B. Taft performed the ceremony uniting in marriage Miss Ethel G. Palmer of this city and Harry E. Forstlund of Needles, Cal. The bride is a daughter of Mr. and Mrs. W. N. Palmer of this city, and has lived in Fairbury for a number of years. The groom is a son of Mr. and Mrs. A. G. Forstlund, was raised in Fairbury, and is now employed in the Santa Fee offices in Needles, Cal. Mr. and Mrs. Forstlund leave Saturday for their home in Needles.

Givens-Kenyon.
WEST POINT, Neb., Oct. 28.—News has reached this city of the marriage at Vega, Tex., of Frank Givens, a son of Felix Givens of West Point, to Miss Hazel Kenyon. Mr. Givens was born and brought up in Cuming county and is now

RULING EXTENDS SCOPE OF FEDERAL LIABILITY LAW

MERIDIAN, Mass., Oct. 28.—Ruling in a damage suit involving the federal employers' liability act today, Circuit Judge Buckley held that if the cars causing the accident carried interstate shipments the state was without jurisdiction. The plaintiffs will attempt to show that the cars did not carry interstate matter.
