

MAHONEY'S MOTIVE IS PLAIN
Is Simply Trying to Play Politics at Expense of Judge Leslie.
DID NOT WANT A CONVICTION
Democratic Organ Publishes Misleading Statement—English Says Leslie Could Not Do Otherwise.

Real motive of the fraudulent registration agitation started by John J. Mahoney, Charles Fanning's bookkeeper, democratic candidate for justice, became apparent when the democratic organ published a misleading report of the trial of Albert Anderson for perjury and of his discharge by County Judge Leslie, a republican candidate for district judge.

The purpose was to make the fraudulent registration cases so weak that Judge Leslie, as an honest and fair judge, availed by the statutes and the rules of evidence, would have to discharge the defendants and then to attack him for failing to hold the defendants.

Under the special statute on fraudulent registration the state might possibly have secured convictions, but the complaints against Anderson and others charge perjury, that is, false swearing.

A showing that Anderson registered where he did not live would have been sufficient to convict him of fraudulent registration, but to warrant holding Anderson for perjury the state had to show that he actually took oath and swore falsely that he lived in a certain precinct and ward. The registrars were unable to swear positively that Anderson was placed under oath at all. There was nothing for Judge Leslie to do but to discharge the defendant. Had he chosen to disregard the law in order to play to the gallery he might have held Anderson for trial. The democratic organ then could not have attacked him.

If so, however, there is absolutely no question but that Anderson's attorney would have appealed, and the appeal would have been sustained in all the higher courts. County Attorney English himself admitted Saturday morning that Judge Leslie's action was the only action that could be taken in the circumstances by an honest judge.

Plan is Considered for Better Lights

Charles W. Martin, Fred Dufrene, Fred D. Weed and W. T. Graham are heading a movement for a system of ornamental lighting on Farnam street, from Sixteenth to Twentieth. Mr. Martin says he may call a meeting soon of interested property holders, to talk over the proposition.

Mr. Martin believes in having three to five high power lights to the block, mounted on ornamental iron posts. An effort will be made to interest every property owner in the four blocks involved.

At a meeting Friday of the Omaha Manufacturers' Association, it was suggested that Omaha made posts should be used if the scheme is adopted. A. J. Vierling had at this meeting the design of an Omaha made post.

The association recommended that the Commercial club, Ad club and Real Estate exchange join forces in a movement for a better lighting system for the entire downtown district.

REPAIRER'S SKULL CRUSHED
Burlington Employee Meets Instant Death at Foot of Pierce St.

Gust Bakert Had Been in Employ of Road Six Months to a Day—Coroner Has Not Yet Found His Relatives.

Gust Bakert, aged 32 years, 1011 North Twenty-sixth street, South Omaha, met instant death at 10 o'clock Saturday morning when his skull was crushed between the draw bars of a coal and a freight car. The accident occurred at the foot of Pierce street.

Bakert was employed by the Burlington as a car repairer and was engaged in this line of work when the fatal accident occurred. He was kneeling on the track repairing the draw bar of a freight car when he was caught by a coal car pushed by a switch engine of which William Christy is engineer.

W. H. Downing, a switchman, who saw the car repairer at work, did not notice the engine on the same track until the car was almost on the unknowing workman. Downing gave a yell and sprang to the assistance of Bakert, but did not reach the spot until the workman was caught between the two couplers. Bakert was dragged a distance of about twenty feet before Downing could get to the engine to stop the engine. Downing then dragged the body from between the couplers. The body was taken in charge by the coroner, who will hold an inquest Monday morning.

Park Board Accepts Public Playground from Dr. Gifford

Dr. Harold Gifford has addressed a communication to the Park board in regard to the donation of the strip of land for a public playground, in which he asks that the city accept the land for the children and to spend some money on it for swings, etc., in order to make the playgrounds a success. Dr. Gifford believes that the city needs at least ten playgrounds for the children and he thinks that if the first one is a success other persons who take pride in Omaha will follow with like donations. The Park board will improve the grounds given by Dr. Gifford and will place merry-go-rounds, swings, seesaws and the like there within the next few months.

While the board was in session Friday it was decided to make an eighteen-hole golf course at Fontenelle park and also to build a ball diamond there.

BROWN MAKES CUPID LIPS
Tells the Jury He is an Expert at Beauty Culture Game.

CIGAR GIRL ON WITNESS STAND
Tells that Brown Offered Her \$25 for Her Time if She Would Go on the Witness Stand in His Debit.

How to transform a mouth that looks like a knothole in the board fence around the ball park into a beautiful pair of Cupid's bow lips was demonstrated by Harry Boyd Brown Saturday morning in Judge Sutton's court before the jury that is hearing Mrs. Lillian Bell's \$5,000 libel suit against Brown, J. W. Elwood and the Madame Josephine Doyd beauty culture system.

This and the testimony of Miss May Dineen, cigar girl at the Her Grand hotel, that Brown offered her \$25 "for her time" if she would testify for the defense were the feature of Saturday morning's sitting.

To combat the testimony of the prosecution that no one connected with the Boyd system was competent to instruct on beauty culture Brown took the stand and declared himself an expert. For half an hour Brown worked his hands in demonstration of the various movements employed, he said, in making cupid's bow lips. As he worked he explained just how, in his opinion, the movements would produce the desired results.

Wanted a Subpoena. Miss Dineen had refused to come into court unless subpoenaed and came finally as an unwilling witness. Cross-examined, she said Brown came up to her cigar counter, bought a cigar, smiled a little and asked her if she wanted to make some easy money. She said she told him she guessed if there were any easy money to be made he would make it. Miss Dineen said she paid no more attention to Brown at this time, as she meets people like that every day. Later, he came again, she said.

"He offered me \$25 for my time," said Miss Dineen, "and to testify, but for my time. I told him I didn't want the money and didn't want to testify. I didn't want to get into this thing at all. I don't want any newspaper notoriety or whatever it is. I never expected him to pay me any money and he hasn't paid me any."

The testimony of Miss Dineen which Brown desired was to the effect that she saw Mr. Brown show Mrs. Bell proof sheets of the pamphlets in which the Boyd system used her picture and Mrs. Bell made no objection. Miss Dineen said she saw Brown show Mrs. Bell some paper with her picture on it, but she didn't know what the paper was and didn't hear any of the conversation between Mrs. Bell and Brown.

A. W. Jefferis, attorney for the defendants, objected continually when Amos E. Henley, attorney for Mrs. Bell, was examining Miss Dineen about the \$25 proposition. "Don't get excited," Henley repeatedly advised Jefferis. "I'm not changing you with this. I know it's a surprise to you."

Woman is the Better—Better Half

Man only thinks he is the lord of creation. His strength is the puppet crown. The power behind the throne pulls the strings. Woman rules by wit, by art, by subtlety; but chief of her weapons are beauty of face and grace of line. Women feel their sovereignty grow less over years, therefore as their weight increases. This is a fatal error. To prevent, woman must be graceful. Man will not escape slavery, but he will be some one else's slave. That's the rub. Dominate your figure by means of Marmola Prescription Tablets. Reduce it, if necessary, or hold its trimness intact. You can do so by taking a tablet after every meal and at bedtime. That is the only requirement. No exercising is necessary, no dieting need be done. The tablet, unaltered, will take off a pound a day, and best of all, first of all, where it shows the most, as on chin, abdomen, hips, etc. Anticipate no ill effects, only advantage and a strengthening of your bonds over some man. The tablets are inexpensive, one large case obtainable of the Marmola Co., 528 Farmer Bldg., Detroit, Mich., or any good druggist, costing only seventy-five cents, and they are also non-injurious, and exactly in accordance with the famous fashionable formula, 1/2 oz. Marmola, 1/2 oz. Pfd. Ex. Sacchara, Aromatic, 3/4 oz. Peppermint Water.—Adv.
