Hotel Clerk Held on Perjury Charge

James Wilson, clerk of the Lipsy rooming house at 301 North Sixteenth street, and one of the registrars of the First precinct of the Third ward, was arrested on a warrant charging perjury and arraigned before Judge Leslie in county court Monday morning. He pleaded not guilty and was released in \$500 bail, furnished by M. J. Salvito, to appear for hearing Friday afternoon. The specific charge against Wilson is that he "doctored" the rooming house register in order to aid the defense of Albert Anderson, charged with perjury for fraudulent registration, and then on the witness stand swore that the register was correct. Anderson was discharged in county court Friday. The complaint against Wilson is made by John J. Mahoney, democratic candidate for police judge, and County Attorney English. In the Anderson hearing it was necessary for the prosecution to prove that Anderson registered as living at the rooming house and that he did not live there. Neither charge was proven. The prosecution asserts its failure to prove the latter charge was due to Wilson's "doctoring" of the register and his swearing that it was correct.

HANDSOME MAN IS ENMESHED

Woman He Sought as Housekeeper Disappointed and Goes Insane.

ARRESTED ON FEDERAL CHARGE

Doctor Admits He is Handsome Man in Town and that He is Easy to Get Along With if He Has His Way.

Dr. Jerome Campbell, who admits that he is the handsomest man in Lincoln, Neb., has been arrested and taken to North Platte to stand trial for sending non-soluble matter through the mails. He was indicted in Omaha a short time ago by the federal grand jury. The doctor advertised for a housekeeper, and among the replies was one from Mrs. Grace Deputy, who, at the time lived at 41 North Eighteenth street in Omaha. Correspondence was exchanged between the two, and some of the letters written by Campbell found their way into the office of the United States district attorney. The indictment followed.

For some reason an agreement was not reached between Campbell and Mrs. Deputy and she brooded over the outcome, it is said, until she was driven insane. At any rate an insanity charge was brought against her in district court on September 2. It was found at the hearing that she was a resident of Lancaster county and she was ordered sent there. She was taken in charge by her mother and is now said to be in the asylum at Lincoln.

In dickering with Mrs. Deputy Campbell said that he was easy to get along with as long as he had his way, and he incidentally mentioned that he weighs 215 pounds, stands over two feet in height and is admittedly the handsomest man in town. It was not this statement, however, on which the indictment hinges. He wanted Mrs. Deputy to take the place of his wife, who he said died some time ago, and he offered her the liberal remuneration of \$3 a week. She held out for \$4.

Knitting Fad Hits Omaha Women and Keeps Them Busy

The knitting craze has struck Omaha women. In fact they are in the fad neck deep. Grandmother knitting a pair of red mittens for small Johnny is a familiar sight. But this year knitting is no longer confined to grandmothers. All the women are knitting—school girls, debutantes, busy housewives and society matrons.

The local stores cannot buy yarn fast enough to meet the demands of the victims of the fad. One store recently sold \$300 worth of yarn in one day. The clerk at the yarn counter in another store says she is selling twice as much yarn this fall as she sold last year at this time.

In several of the stores there are demonstrators teaching an eager circle of women of various ages and station the art of crocheting and knitting with the gaily colored yarns.

The yarns are of more brilliant and beautiful colors than ever. The greens, purples, reds and yellows are enough to make a humble woolly lamb wonder what the world is coming to.

All sorts of garments are being crocheted. It is possible for a girl to crochet her whole outfit and apparel and be in the height of style, for not only jackets and caps, but also crocheted stoles and mufflers are strictly "the thing." Sofa pillow tops, college robes and even gaily colored flowers are crocheted. The crocheted handbag is also the latest style.

It is believed the high altitude of the mountains affected his brain. He calmed down when he reached the Omaha station, but was locked up for the night.

Miss Remington operates nearly a million typewriters, and she ought to know.

No other carbon paper manifolds like RED SEAL, or gives such bright, clear impressions, or such good, all-around service.

And, of course, it follows that no other sells like RED SEAL.

Gray Hair Denotes Age. Is Your Hair Faded or Streaked With Gray?

How often one hears the expression, "She is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young. The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become manifest. If your hair has become faded or gray, try Wyeth's Sage and Sulphur Hair Remedy, a preparation which a chemist by the name of Wyeth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair. It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear. Don't neglect your hair. Start using Wyeth's Sage and Sulphur today, and you will be surprised at the quick results. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agent, Sherman & McConnell, 16th and Harney Sts., 16th and Dodge Sts.

HE REDUCED 57 POUNDS

New Method of Flesh Reduction Proves Astonishingly Successful.

JOHNSTOWN, Oct. 30.—The truth of the claim made by Hon. H. T. Stetler of Johnstown, Pa., that he reduced his weight by fifty-seven pounds in an incredibly short time has been fully established.

The facts are, as proven by a careful investigation, that Stetler received, at his own request, on forty days' trial, from Prof. D. G. Burns of No. 17 West Thirty-eighth street, New York, a simple, invisible device, weighing less than one ounce, which when worn as directed, acts as an infallible flesh reducer, dispensing entirely with dieting, medicines and exercises. The results with Stetler, as with other prominent men and women, were gratifying and astonishing. It is said that the offer to send these outfits for forty days' free trial has been extended for a time.
