SURPRISE TO STOCKHOLDERS Report to Railway Commission Shows Burlington State Traffic Increases Steadily for Three Years.

(From a Staff Correspondent.)
LINCOLN, Nov. 2.—(Special.)—Thirty thousand policyholders of the Union Fire Insurance company of this city will receive letters asking authority to vote an increase of \$100,000 in the capital stock of the company. It is believed this means a sweeping reorganization of the company, notwithstanding such a move was not sanctioned when the present interests took hold of the company through a contract made with the old board.

Cost of Registration.

It has cost the city of Lincoln \$28 in wages of supervisors to take the registration of voters this fall in this city, in close to 10 cents apiece. This does not include the rents on buildings where registration occurs or the cost of supplies, all of which will run the expense up to fully \$100 more.

ATTACK OF GALL STONES CAUSES BANKER'S SUICIDE

LINCOLN, Neb., Nov. 2.—(Special Telegram.)—Charles J. Beale, a Waverly banker, shot and killed himself at his home there this afternoon shortly after 5 o'clock. The affairs of his bank are in good condition, according to H. N. Meeker of Greenwood, who is president of the bank, and who reached Waverly early tonight. In a note left on a dresser near where he committed the deed Beale said:
"I feel I will never get over this spell. This is an awful thing to do. Good-by, Flora, Ralph, Minnie and Zella."
The first named was his wife and the rest his children. According to the statement of a Waverly physician, Beale was afflicted with gall stones and he had not taken any regular course of treatment for the cure of the disease. Beale was 69 years old and had been in this state more than forty years. His reputation was of the best. He and his son conducted the affairs of the Bank of Waverly.

NEBRASKA CITY, Nov. 2.—(Special.)—The Mission pool hall, owned by De-frate & Tubbs, was robbed a few nights ago by burglars who entered a back window. They secured \$82 from the cash register, which was all in silver, but they refused to take a fine gold watch, and all of the nickels and pennies that lay in plain view. This is the second burglary that has occurred in the business district within a week and no trace has been obtained of the guilty parties.

Nebraska Alliance Catholics Build a New Church

ALLIANCE, Neb., Nov. 2.—(Special.)—Elaborate preparations are being made for the dedication of the new Catholic church at Alliance on November 12. The Rt. Rev. Richard Scannel, bishop of Omaha, will be present and preach the dedicatory sermon. Solemn high mass will be sung, the officiating priests being Rev. T. P. Haler, celebrant, and Rev. James Ahearne and Rev. B. F. Galvin, deacon and subdeacon, respectively. Rev. James Stenson will be master of ceremonies.

Special music is being prepared by a choir chosen from the best singers of Alliance. Dinner and supper will be served in the basement of the church by the women of the parish and the occasion will be made memorable for all who attend.
The church is of gothic architecture and is undoubtedly the finest in western Nebraska. The cost, without interior decorations, will reach \$23,000, and it is doubtful if its equal has ever been constructed in the west for the money expended. Rev. W. L. McNamara, the pastor, has had much experience in erecting buildings and he has personally supervised the building of this edifice in the minutest detail.
The material is of white Denver brick with stone facings and makes a most handsome appearance and very pleasing to the eye. The outside dimensions are 106 feet long fifty-two feet wide and forty-nine feet high, to the apex of the roof, the belfry being sixty-six feet high. The seating capacity is 500, without the choir loft.
There are ten large stained glass win-

dows, donated by the following: Knights of Columbus, Daughters of Isabella, Young Ladies' Sociality, C. A. Newberry, T. J. O'Keefe, Michael and Elizabeth McNamara, Mrs. Frank Gilleran, Mrs. Mary McDermott, Mr. and Mrs. John Brennan and Miss Margaret Barry.
The main altar was donated by Mr. and Mrs. Michael McNamara and the side altars by the Knights of Columbus and the Daughters of Isabella. The pews, confessionals, altar railing and vestment cases were donated by Rev. W. L. McNamara. The vestments, sacred vessels, candleabra and other accessories are the gifts of a number of friends of Frank McNamara, among the priests of the Omaha diocese. The steam heating plant was given by C. A. Newberry.

Since Father McNamara's coming to Alliance, St. Agnes' academy, costing over \$60,000, and St. Joseph's hospital have been erected, and it is due to his untiring zeal that both have been completed.
When he arrived here five years ago this November the Catholic church property consisted of a small frame church and a parsonage residence, the total value being about \$10,000. The value of the new church, the academy, the hospital and the new parsonage residence approximates \$100,000.

IOWA CONCERNS COMPLAIN File Objection to Rate on Glucose to Atlantic Seaboard.

CHARGE UNFAIR DISCRIMINATION Party of Cheyenne Indians at Washington Makes Request for More Pasture Land and for Improvements.

(From a Staff Correspondent.)
WASHINGTON, Nov. 2.—(Special Telegram.)—The state of Iowa, ex-rel George Cannon, attorney general, the board of railroad commissioners of Iowa, the Clinton Sugar Refining company and J. C. Hubinger Bros. Company, today filed an in exhaustive complaint with the Interstate Commerce commission against the Atlantic Coast line and nearly 100 other railroad and transportation companies, complaining that the rate on glucose from the state of Iowa has been advanced and all efforts to secure a reduction and equalization of the rate has been denied.
The state of Iowa is in the region known as the "corn belt" and the complainants, the Clinton Sugar Refining company and J. C. Hubinger Bros. Company, are each located in the eastern part of the state and in the midst of the supply of raw material, while the market for the manufactured product is largely in eastern cities and the Atlantic seaboard. It is asserted that the rates for the raw material from the corn belt region to the eastern market have been reduced, while the rate on the glucose manufactured from the same territory, to the eastern markets and the seaboard, is maintained, and by reason of this discrimination an unfair advantage is given to eastern plants and an unjust rate made against the complainants in favor of the eastern manufacturers.

Cheyennes at Washington.

One of the most interesting delegations of Indians in point of its personnel which has been in Washington for some time to consult with the commissioner of Indian affairs, arrived in Washington yesterday. These Indians are Northern Cheyennes, whose reservation is known as Lamo Deer, on the Tongue river, Mont. The party consists of Chief Big Head Man, Tall Bull, Lone Elk and Little Sun, all of whom took part in the Custer fight. The most picturesque Indian of the bunch is Red Water, a Carlisle graduate, and now chief of Indian police, and with him is Willis Roland, who served as a scout under General Miles. These two act as interpreters.
Red Wing stands six feet, five inches in his moccasins, tips the beam at 240 pounds and while at Carlisle was the star of the foot ball team. Superintendent J. Reddy of their reservation accompanies them.

This particular tribe of Cheyennes numbers 1,000 and all are prosperous, owning \$50,000 worth of cattle and 6,000 head of horses. They sold \$38,000 worth of the range beef cattle this fall at top notch prices.
These Indians are good workers thrifty and ambitious and are here seeking permission to have additional pasture land in order to accommodate their increasing herds and also want more irrigated land and a fund set apart out of their own trust funds to further certain improvements upon their reservation.

BELLEW DIES OF PNEUMONIA Actor Passes Away in Salt Lake City After Short Illness.

WILL TAKE BODY TO NEW YORK He Was Prominent as an Actor and Playwright and Achieved Distinction as an Explorer in Australia.

SALT LAKE CITY, Utah, Nov. 2.—Kyrie Bellew, one of the foremost actors of the English speaking stage—author and explorer, died here early this morning of pneumonia, after a brief illness. Mr. Bellew was taken ill last Friday, but although a portion of his Salt Lake engagements were cancelled, his illness was not considered serious until yesterday morning when congestion of the lungs set in.
His body will be taken to New York today, accompanied by the members of "The Mollusc" company, in which Mr. Bellew was playing at the time he was taken ill.
In addition his successes as a romantic actor, Mr. Bellew was a successful dramatist and adaptor. He arranged and presented a successful English adaptation of "La Tosca", and was author of the English version of "Charlotte Corday" and other plays.

Stars in Many Plays.

The parts played by Mr. Bellew covered a wide field, ranging from Shakespeare to modern comedy, but perhaps his greatest success was his performance of "Raffles" in the drama of that name. He also created the leading roles in the "The Thief," "Brigadier Gerard," "A Gentleman of France" and other successes.

His private life was as varied and adventurous as the roles he presented. He was born at Calcutta, India, in 1851; of English parents, his father being the chaplain of Calcutta cathedral. For seven years he was a cadet in the British navy, but the discovery of gold in Australia lured him from the service and he spent a number of years in Australia working as a miner at Ballarat and as a reporter on Melbourne newspapers.
He made his stage debut at the Theatre Royal in Brighton, England, in the early eighties and achieved immediate success. He came to America as leading man at Wallace's theater, New York. Later he became co-star with Mrs. James Brown Potter, in Shakespearean repertoires, in a tour that embraced all English-speaking countries of the world.

Explores North Queensland.

In 1900 he again felt the call of adventure and headed an expedition into North Queensland, which extended over two years. He returned to the stage in 1902 at the head of his own company.
His work as an explorer gained him a fellowship in the Royal Geographical society and he was a member of many clubs.
Mr. Bellew was unmarried and is survived by a sister known now as Sister Monica in a convent near Paris.
Mr. Bellew always maintained his British citizenship, his home being at Thamefield Dray, Berkshire, England.

Prof. Osler Is Right. Youth Succeeds Age. Gray Hair Is the First Sign of Age

Osler isn't the only man who turns
down old age. In the business world
the "young man" is always the one who
picks the plums. It is an age of "new
thought," "new talent," etc., and the
old man is passed by in the race.
One of the first signs of coming age
is the appearance of gray hairs. When
you see them, act promptly. Wyeth's
Sage and Sulphur Hair Remedy will
correct this sign, which so often deceives
people into thinking that age is really
upon them. It is a well known fact that
Sage and Sulphur will darken the hair.
Wyeth's Sage and Sulphur combines
these old time remedies with other
agents, which remove dandruff and
promote the growth of the hair.
The manufacturers of this remedy
authorize the druggists to sell it under
guarantee that the money will be re-
funded if it fails to do exactly as re-
presented.
Don't look old before your time. Get

Welcome Words To Women

If, you are an intelligent thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is one tried and true honest square-deal medicine OF KNOWN COMPOSITION, sold by druggists for the cure of woman's ills. The makers of

Dr. Pierce's Favorite Prescription

for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, in plain English, on every bottle-wrapper. Is this not a significant fact worthy of careful consideration?

Women use Dr. Pierce's Favorite Prescription in preference to all other advocated medicines sold by druggists for their peculiar weaknesses and ailments because it is

THE ONE REMEDY which contains no alcohol or habit-forming drugs, is not anything like advertised secret compounds or patent medicines.

THE ONE REMEDY for women devised by a regularly graduated physician of vast experience in woman's ailments and carefully adapted to her delicate organism.

THE ONE REMEDY good enough that its makers are not afraid to print its every ingredient on its outside bottle-wrapper.

It's foolish—often dangerous to be over-persuaded into accepting a secret nostrum in place of this time-proven medicine of KNOWN COMPOSITION. World's Dispensary Medical Association, Buffalo, N. Y.
