

BRIEF CITY NEWS

Have Root Print It.
 Egyptian Chocolates Co., Myers-Dillon, Glas, Elco, Fixtures, Burrows-Granden, Om. Mach. Wks, Mach. Designers, bidra, Lead Thieves Sentenced—William Brown and George Uder, charged with the theft of lead and leather from Union Pacific cars and arrested by special Officer Vizard, were sentenced to fifteen and twenty days, respectively, by Judge Crawford Thursday morning.

Fined for Shooting—Richard Norris, the deputy sheriff employed as watchman in the Union Pacific shops and who engaged in a quarrel with George Keese in Tommy Hart's saloon Tuesday night was fined \$10 and costs in police court Thursday morning. Norris fired a shot at Keese, but missed.

Borg is Improving—A. P. Borg, the old man who was found cold and hungry by Constable Ed Simpson Wednesday afternoon in an old shack at Twenty-ninth and Hillson avenue, and who was taken to the county hospital is reported to be doing nicely and the doctors have no fears for his recovery.

Stroud to Represent Commercial Club—T. F. Stroud will attend the annual convention of the American Road Builders in Rochester, N. Y., in December, as a representative of the Omaha Commercial club. The club would like to hear from others, living in any part of the state, who would go to represent Nebraska.

Dinner for C. T. Moge—Charles T. Moge, city editor of the Daily News for the last two years, who will go Saturday to Indianapolis to become city editor of the Sun, was given a farewell dinner by the editorial and reportorial staff of the News at the Rome Wednesday night. He was presented with a silver-handled knife engraved with his initials.

Suit for Delay in Transit—Suit for the recovery of \$2,750 is filed in the office of the United States circuit clerk by Charles E. Mitchell and W. E. Hilliken of Newell, S. D., against the Northwestern. The plaintiffs state that they shipped 108 horses and nineteen colts to the South Omaha Horse and Mule company last June, and that shipment was delayed and the stock so neglected that they were worth \$2,750 less when sold than they were when shipped.

The Bloom of Youth To the Aged Cheek

(From Eastern Style Reporter.)
 Even with advancing age it is an easy matter for women to quickly regain that charming smoothness and delightful tint and youthful bloom to their age-marrowed or furrowed cheeks. Merely dissolve a small package of mayatone in one-half pint witch-hazel, then freely apply this lotion to the face, neck and arms, and massage lightly until it disappears.

Continued using will gradually banish wrinkles, sallowness and blotches and give to the skin a delightful clearness and smoothness. The mayatone lotion is soothing to tender skins, and its use discourages the growth of hair or fuzz, and removes pimples, blackheads and other facial blemishes. Such delightful results follow the use of the mayatone lotion that artificial aids to beauty are not required.—Adv.

When Buying Baking Powder

For this is the baking powder that makes the baking better. It leavens the food evenly throughout; puffs it up to airy lightness; makes it delightfully appetizing and wholesome. Remember, Calumet is moderate in price—highest in quality. Ask your grocer for Calumet. Don't take a substitute.

OMAHA DAIRIES IMPROVING

Condition Such that Inspector Will Now Watch Adulteration.

BOSSIE MAKES HIS REPORT

Dairy Inspector Congratulates City on the Outcome of Recent Milk Contest at Milwaukee, When Omaha Was Second.

Claude F. Bossie, dairy inspector for the city of Omaha, in his report to Commissioner of Health R. W. Council, praises the cleanliness of the product of the smaller dairies and congratulates Omaha on the outcome of the milk contest at Milwaukee in October, when this city captured second prize. He concludes his report with the statement that hereafter the dairy and milk inspector will "devote as much time as possible to the preventing of the adulteration of milk and cream."

Miss Jontz is Back from Tour of East

Miss Ida V. Jontz, general secretary of the Associated Charities of Omaha, has returned from Columbus, O., where she attended the world's purity congress at Nebraska's representative.

While on her trip of little more than a week Miss Jontz visited several cities for the purpose of investigating juvenile courts, detention schools, philanthropic and charitable agencies.

She was especially interested in the application of the new law in Chicago, which provides that families in need shall be given a dollar for each child in the family, and sought information about it.

HALLOWEEN SOONERS TO BE TRIED FRIDAY

Five boys will be brought before the juvenile court judge charged with being "Halloween sooners." The boys were detected breaking lamps on Twenty-seventh street, at Jackson and Dewey avenue. One of the lads was employing an up-to-date hand-made night-shooter, which was a credit to his ingenuity, and was one of the most effective weapons ever trained on a street lamp. O. A. Scott, superintendent of street lighting, talked with the boys and found that three of them were old-timers and that they simply couldn't wait until the ghostly Halloween to execute their pranks, and so began two weeks before and kept it up at intervals until detected. "I'm going to make this lamp breaking in Omaha a luxury," said Superintendent Scott to the father of one of the boys who will be tried.

The implicit confidence that many people have in Chamberlain's Colic, Cholera and Diarrhoea Remedy is founded on their experience in the use of that remedy and their knowledge of the many remarkable cures of colic, diarrhoea and dysentery that it has effected. For sale by all druggists.

Officials of Rock Island Road Are Touring the Lines

Traveling on a special train and out on a tour that will cover every mile of the system, President Mudge, T. E. Gorman, A. C. Ridgway and John Sebastian, first, second and third vice presidents, respectively; H. Gower, freight traffic manager; L. M. Allen, passenger traffic manager; J. A. Stewart, general passenger agent of the lines west of the Missouri river; J. B. Smalley, general superintendent of the second division; A. E. Sweet, general manager of the second district, and A. W. Kelso of the Nebraska division, all of the Rock Island, arrived in Omaha Thursday forenoon and remained until 3 o'clock, going to Fairbury, where they will look over the new passenger depot being erected on the site of the one recently destroyed by fire.

The tour of the Rock Island official special is being made for the purpose of familiarizing the general officers to familiarize themselves with the condition of the road and to get an idea of what is needed in the way of betterments, both out on the line and in the cities, through which it passes. The entire trip is being made during the daytime. Thursday the train came in from Des Moines and after remaining in Omaha a little more than three hours, left for Lincoln, where the first stop was made, then proceeding to Fairbury.

The plan of the general officers is to pick up the division officers along the line and carry them to the ends of their respective divisions, thus having an opportunity to talk with them and exchange views regarding existing conditions. From here to Fairbury the party was accompanied by John E. Utz, general agent of the Rock Island in the Omaha territory.

Important Announcement.
 All the rugs which we bought from the eastern retailer's stock will be sold next Monday, and the prices by reason of our fortunate deal will be actually lower than high class rugs have ever before been sold in Omaha.

PLANS FOR FACTORY COLONY

Guild and Tukey Want Some One to Erect Building.

HOME FOR INFANT INDUSTRIES

Will Shape Plan for Consideration of Commercial Club Industrial Committee—Thinks It Would Pay.

A six or eight-story factory building, modern in every particular, to be a home for twenty or thirty small factories now inadequately housed, is the plan of Chairman H. A. Tukey of the real estate committee of the Commercial club and Commissioner Guild.

The two are working on a plan of action to lay before the industrial committee of the club. It is the idea either to induce some individual with a suitable building to play father to the factory colony or to organize a company to build in a suitable location.

They believe that a thoroughly modern building, fireproof, well heated, well lighted and with the best freight elevators and adequate power facilities, would at the same time afford small factories better quarters than they can now find at a rental no greater than they now pay, and return to the owners a good profit on their investment.

NEGRO ROBS PAWNBROKER OF HIS OWN REVOLVER

Jacob Winthobe, a pawn broker conducting a shop at 464 1/2 South Tenth street, is out a \$10 revolver as the result of his cupidity, and an unknown negro is "in" the value of the gun for the same reason. Last night the negro entered Winthobe's store and asked to see a gun. Several were shown him, but the negro seemed dissatisfied and at the same time blinked several coins suggestively. Winthobe, fearing to lose a sale, brought out his own gun which happened to be loaded and showed it to the stranger. During the demonstration the negro pointed it at Winthobe and, after cursing him heartily, disappeared, gun and all.

Column Finders and Paragraphers on Typewriters

The Smith Premier machine is equipped with a column finding, column skipping and paragraphing device suitable for instantly setting the carriage at any one of several predetermined column positions.

Four keys at the right of the key-board, numbered 1, 2, 3 and 4, work in connection with four adjustable stops on a graduated rack at the rear of the machine.

This device is valuable for quickly setting the carriage at any one of the several fixed indentations, or paragraphs, as in addressing envelopes or paragraphing in correspondence, tabulating or doing work in columns.

The rack bar is reversible, so that two sets of stops may be set up for various forms covering eight column positions.

See this new and convenient time saving device, 400,000 use the Smith Premier.

There must be some advantage.

It is the policy of this concern not to "punish" a man for inquiring about our machine. You can visit our office or ask for a demonstration with no fear of future annoyance from salesmen until your order is placed.
