POISON IS FOUND IN LIVER

Death of Chicago Policeman Was Caused by Arsenic.

WARRANT FOR MRS. VERMILYA

Police Will Charge Her with Murder of Arthur Bissonette, Who Died at Her Home.

CHICAGO, Nov. 3.—Prof. Walter Haines of Rush Medical college reported to Coroner Hoffman today that he had found abundant arsenic in Policeman Arthur Bissonette's liver to cause death.

After the announcement that Bissonette's death was caused by poison Chief of Police McVeeny prepared to swear out a warrant for Mrs. Louis Vermilya charging her with the murders of Arthur Bissonette and Richard T. Smith, an Illinois Central conductor, who died mysteriously while a roomer at Mrs. Vermilya's home.

Other deaths were: FRED BRINKAMP, first husband of Mrs. Vermilya, leaving \$5,000 to the widow. CHARLES VERMILYA, second husband, died two years ago, leaving \$2,000. FRANK BRINKAMP, son by first marriage, died a year ago, leaving mother \$1,000.

Other deaths were: RICHARD T. SMITH, died a year ago, while rooming at her home; reported to have left her \$2,000 life insurance, and declared by some to have been a third husband.

Other deaths were: CORA BRINKAMP, daughter, died when 8 years old at former home, Barrington, Ill. Florence Brinkamp, daughter, died at 4 years of age at Barrington.

The decision to arrest Mrs. Vermilya was made after a conference by the examining doctors, Coroner Hoffman, Chief of Police McVeeny, State's Attorney Wayman and other officers.

Other bodies to be exhumed. Previous to the examination Coroner Hoffman had declared he would cause to be exhumed the bodies of at least part of the others to see if arsenic could be found.

When first examined after Bissonette's death Mrs. Vermilya declared the policeman was engaged to marry her. This was disproved by the discovery later of his will, made only a short time before, leaving all his property, amounting to about \$1,500, to his fiancée, Miss Laura Rivard of Minnesota. Other statements made by her also were proved to be untrue and Captain Harding, while unwilling to arrest her, immediately placed her under surveillance.

She then became seriously ill, suffering from convulsions and appearing to be in almost the same condition that had marked both Smith and Bissonette before their deaths. An extra guard was placed over her and nurses kept at her side constantly.

Last night she asked permission to call her lawyer and make a will. A doctor was then called, who announced that she was suffering from pneumonia.

Reports from Peoria, Ill., where Mrs. Vermilya formerly had lived, indicated that dead bodies had possessed a morbid fascination for her.

Frank Brinkamp, added further suspicion against Mrs. Vermilya when her sister told the police that Brinkamp had feared a violent death and that there had been an agreement with his wife that whichever died first, the survivor would investigate the cause of death.

Mrs. Rivard at Kankakee. MARSHALL, Minn., Nov. 3.—Miss Lydia Rivard, to whom Policeman Arthur Bissonette left his estate, lives near here. She is about 21 years old and two months ago went to Kankakee, Ill., where she has relatives. The relatives here did not know that the girl was engaged to the officer, but they admitted she had corresponded with him for two years.

Appalling Scenes in Hankow.

HONG KONG, China, Nov. 3.—Delayed dispatches from Hankow sent via Wu Hu, describe the situation there on the night of November 1 as appalling. A great conflagration was sweeping over the city and fighting was in progress in several quarters between the rebels and loyalists. The imperial batteries were firing explosive shells into the native quarter, while the rebels on the other side of the river had brought long range guns into play from the Wu Chang fortifications and were firing with fair effect on the loyalist positions.

Basis for New Constitution.

PEKING, Nov. 3.—The National assembly today completed a draft of the basis on which it proposes to construct the new constitution of China. It was submitted to the throne and accepted immediately. The tentative plan provides for the perpetuity of the Manchou dynasty, but the power of the emperor is closely restricted by the constitution which is to be written by the national assembly and subject to an amendment by parliament. The imperial princes are made ineligible to the office of premier, members of the cabinet and administrators of the provinces.
