OPEN KEARNEY HOSPITAL SOON

Plans Being Made to Put Institution for Tuberculosis Patients in Running Order at an Early Date.

LINCOLN, Neb., Nov. 3.—(Special.)—The state board of public lands and buildings today made official announcement that it had declined to raise its offer of \$1,000 for ten acres adjoining the state school for the deaf at Omaha.

The opinion of the members of the state board was that it would be infinitely better to have the money rather than the land. Further, the board recommended that better use be made of the land now available for school uses rather than go to the expense of buying more.

Tubercular Hospital. The matter of opening the new tubercular hospital at Kearney was taken up at the meeting at which the Omaha matter was turned down. Armstrong of this city and had visited here several times within the past few years. Mr. Armstrong was only 23 years old and lived in Cedar Rapids, Iowa, where another of his uncles, S. G. Armstrong, is a wealthy clothing merchant. He was compelled to go west some time ago on account of lung trouble. He was the proprietor of a large clothing establishment at Tucson.
