WAIT SUGGESTS NEW LAW
Secretary Would Have Authority Over Corporations.

ELEVATOR COMPANY APPEALS
Nye - Schneider - Fowler Company Makes Further Objection to the Judgment of Court in Gundy Suit.

(From a Staff Correspondent) LINCOLN, Neb., Nov. 7.—(Special)—Secretary of State Wait has proposed to the statute revision committee a change in the law relating to the collection of an annual state tax against corporations. The change suggested by the state official sets out that upon the publishing of the names of the delinquent corporations September 1 of each year the governor shall forthwith declare all their charters forfeited and the right of such corporations to do business shall be redefined illegal unless the fees are remitted by the 30th of November next following.

A proviso is also appended which gives the secretary of state the authority to reinstate such corporations as may have become delinquent. The reinstatement for same is to be made within a year following the date of the delinquency.

On the ground that the state supreme court in the opinion previously rendered is based on an erroneous view of the law, attorneys for the "Nye-Schneider-Fowler" company today asked that tribunal for a judgment in its favor in a case in which the estate of M. R. Gundy is the other party.

Gundy died as the result of a fall from one of the company's elevators. He was at that time employed as a workman at the company's plant there. The jury in the district court trial of the case awarded the dead man's heirs judgment in the sum of \$3,200.

In a brief filed in behalf of the state in the ouster suit against Chief of Police Donahue of Omaha, former Attorney General Arthur Mullen calls attention to what he terms an utter disregard of law by Donahue's attorneys. A statement made by the legal corps of the Omaha official is that should their client be ousted from office at the present time by the state supreme court, then he could immediately be reappointed to the office. This, according to Attorney Mullen, would effectually disqualify Chief Donahue from again holding office and place him beyond the hope of coming into possession of the position which he had attained through the Fire and Police Board. The attorney for the state in his brief filed today supports this contention with a citation from a New York case.

Governor Aldrich Says Entire State Ticket Will Win

(From a Staff Correspondent) LINCOLN, Neb., Nov. 6.—(Special)—Upon his arrival from a week's campaign of the state Governor Aldrich today declared that the republican state ticket would be elected from top to bottom. "Every man is going in by a substantial majority," said he, "and we're going to carry the state for every one of the six men on the ticket."

"Wherever I have made speeches I have had just as large crowds as Mr. Bryan had, I believe, and they were just as attentive and gave me just as respectful hearings as he received. I believe from the talk that the majority of the voters saw the justice of my contentions in meeting Mr. Bryan's statewide plea to republicans to 'vote the fusion ticket.'

Two Suits Against Mark Coad Estate

FREMONT, Neb., Nov. 6.—(Special)—Valeria Alenspach, the divorced wife of the late Mark M. Coad, is still after money from the estate. In county court Saturday Judge Stinson held that she could not recover on a claim which she had filed against the estate for money alleged to have been loaned Coad. Her case probably will go to the district court.

Among the other claims filed against the Coad estate is one of a former Fremont dreamer for the purchase price of some mining stock. She claims that when she bought the stock of Coad she took a written agreement back that he was to return the money if the stock did not pay big returns.

WATSON HOTEL AT NEBRASKA CITY DAMAGED BY FIRE

NEBRASKA CITY, Nov. 6.—(Special)—A fire broke out in the third story of the Watson hotel at an early hour Sunday morning. It had gained good headway before it was discovered and the firemen experienced a great deal of trouble in holding it in check, and it was not until after daylight before it was declared out. The entire east side of the hotel, including the saloon on the first floor, was gutted because of a light shaft extending up through that part of the building. The landlord of the hotel some time since began suit against the Sicil Hotel company, which owns this property, because of alleged failure to fix up the building and the heating plant. The dining room had been closed several weeks and D. P. Long, who was in charge of the furniture in the building, was taking only lodgers. Those who were in the building were aroused by Night Clerk Charles Reed and got out in good shape. The hotel company had arranged to remodel the building, but could not get possession. There was no insurance on the furniture in the hotel and the hotel property loss is partially covered by insurance, which is estimated at something over \$5,000. The loss of Tucker & Imm's saloon is over \$2,000 on fixtures and fully that much more on stock. There was a light insurance. The total loss will be over \$15,000. The hotel will be placed in the hands of the contractors as soon as possible, and most of the wall will be torn down and remodeled.

Fremont Man Badly Injured.

FREMONT, Neb., Nov. 6.—(Special)—H. J. Lee will be badly disfigured as a result of being burned last evening. One ear is nearly burned off and is face will be badly scarred. His injuries are serious and painful and it will be some time before he will be able to be out. The barn and automobile were entirely destroyed. Loss about \$1,500, with no insurance.

Demurrer Filed in South Omaha Police Board Ouster Suit

(From a Staff Correspondent) LINCOLN, Neb., Nov. 6.—(Special)—Postmaster James Beaver of Scribner was probably fatally hurt in the streets of Scribner when run down by an automobile driven by August Kurtz, a photographer of West Point. Beaver's leg was broken and he suffered concussion of the brain and internal injuries. He has not regained consciousness. A surgeon operated this morning to remove pressure from the brain.

NEW HIGH SCHOOL BUILDING AT STANTON TO BE DEDICATED

ETANTON, Neb., Nov. 6.—(Special)—The new high school building, which has been under the hands of the contractors for over a year, is at last ready for occupancy. The high school grades will move into the new building Monday, November 13, and the remainder of the school will not move until dedication, Friday, November 24. The dedication will be a public affair and will take place Friday afternoon and evening. Chancellor Avery of the State University will deliver the address of dedication. Besides this a splendid program consisting of speeches, music, singing and drills will take place in the assembly room in the afternoon. The members of the senior class will serve punch and entertain the guests. Specimens of the work of the pupils of the school will be on exhibit for the public inspection in the lower rooms. In the evening another splendid program will be rendered at the Raabe opera house.

WILLIAM SAVAGE DROWNED NEAR NEBRASKA CITY

NEBRASKA CITY, Neb., Nov. 6.—(Special)—William Savage, while walking on a sail boat in front of this city at noon Sunday made a mis-step and fell into the swift running current of the river and was drowned before assistance could reach him. A large crowd dragged the river all afternoon for the body without success. He was 50 years of age and leaves a widow and five children.

Large Crowd Hears Aldrich at Aurora

AURORA, Neb., Nov. 6.—(Special)—Governor Aldrich closed the campaign in Hamilton county last evening with an address to a large audience in the opera house. Judge G. F. Washburn, republican candidate for district judge in the district, opened the meeting with a brief address and received an enthusiastic reception. Chairman E. O. Bergeson presided.

MULE KILLED BY TRAIN.

TABLE ROCK, Neb., Nov. 6.—(Special)—Passenger train No. 44, southbound, Saturday morning struck three mules north of town belonging to Mr. DeFart, near residence, killing two of them and crippling the third so that it had to be killed.

WHITE BRIDE OF JAPANESE DENTIST KILLS HERSELF

ROCK SPRINGS, Wyo., Nov. 6.—(Special)—Mrs. Josie Uyeno, aged 25 years, died today from the effects of an overdose of morphine, taken with suicidal intent several days ago. Deceased was an American girl and was married to a Japanese dentist about a year ago at Baton, N. M. Mrs. Uyeno left a note asking that her father, J. G. Montgomery of Medicine Lodge, Kan., be notified. The note bore the following also:

"Joe has driven me to destruction. He has refused to pay the rent. This is awfully embarrassing to me. I would rather die."

The landlord, however, says that the rent has been paid every month in advance.

BELLIE FOURCHE, S. D., Nov. 6.—(Special)—With \$500 in bank and just ready to prove up on his homestead, Lars S. Laingen, a young claimholder near Empire, forty-five miles northeast of here, disappeared and not the slightest trace of him has been found. Laingen was last seen when he went to Empire and purchased a padlock for his shack, declaring that it had just been robbed. He went back to put the padlock on and has not since been heard from. His brother and another homesteader adjoining found their shacks robbed the next day, and it is feared that Laingen may have encountered the robbers and met foul play.

Operation of Standard Oil Company in Wyoming Brings Up Matter.

OMAHA IS THE LOGICAL POINT
Standard Will Seek Outlet for Its Immense Supply at Casper, Where Refineries Have Been Built.

Now that the Standard Oil company is said to have bought heavily in the new oil fields near Casper, Wyo., where it has built refineries, there is considerable talk of the probability that the Standard will get ahead of the Lander oil people in the construction of a pipe line to Omaha.

"The construction of a pipe line to Omaha by the Standard seems feasible enough," said G. W. Wattles of the Commercial club committee appointed to cooperate with the Wyoming oil men in plans for a pipe line.

"The Lander man who is at the head of the Lander pipe line movement is now in Europe after the necessary capital. We have not heard from him for some time, and until we do we will not know how his negotiations are progressing. In the meantime, the Standard may get ahead of him."

Omaha would be the logical point for the distribution of the product of the Wyoming fields, think members of the Commercial club committee, and bringing it here by pipe would save an enormous expense in transportation.

KENNEDY OF OMAHA IN CROSS-COUNTRY RUN

LINCOLN, Neb., Nov. 6.—(Special)—At the tryouts to pick a team of six men for the cross country team held Monday night, the work of Al Kennedy of Omaha was a distinct feature of the long distance run. The tryouts resulted in the selection of the following men: Captain Anderson, Al Kennedy, Kirby Swanson, Clyde Gales, F. B. Spalding and R. T. Boggs. Anderson and Swanson are the only two veterans on the team. Anderson, Kennedy and Swanson finished together, and easily outdistanced the rest of the squad. About twenty contestants took part in the preliminaries.

The run included a hike to the state fair grounds and back, a distance of about three miles. The six will go to Lawrence, Kan., to compete against the other schools of the Missouri valley in the cross country run to be held on November 18—the day of the Nebraska-Kansas foot ball game. Nebraska's showing at the tryouts was entirely satisfactory and Coach Clapp expects the team to make a strong showing at the western intercollegiate meet, to be held in Iowa City.

America, rather than send the millions to Brazil and pay for an article that chemists class among the drugs and not among the foods.

But it remained for the man who has coffee, morphine or whiskey to sell, to have the supreme nerve to say: "You only imagine your disorders. Keep on buying from me."

The underscoring is ours.) Burley blacksmiths, carpenters, laborers and athletes have discontinued or cut down the use of coffee; as there is not a person who reads this and will not be able to find the same conditions existing among his own circle of acquaintances, is it not well for the Brazilians to sit up and take notice?

Isn't it curious these "burly"

strong men should pick out coffee to "imagine" about? Why not "imagine" that regular doses of whiskey are harmful, or daily slugs of morphine.

If "Imagination" makes the caffeine in coffee clog the liver, depress the heart and steadily tear down the

nervous system, bringing on one or more of the dozens of types of diseases which follow broken-down nervous systems, many people don't know it.

The harrowing tale goes on.
