We have started to move into the new space to give extra room to the children and junior section, but are waiting on trade just as usual.

Teachers will discriminate between the high grade Dry Goods offered in such stores as ours, rather than the junk displayed and advertised by some others.

Come in the morning if possible—store opens at 8 o'clock. Hard to give you our usual good service in the afternoon.

Thomas Kilpatrick & Co.

ATTACK UNIFORM LADING BILL

Jurisdictional Powers of Interstate Commission in Question.

MAKE TEST IN COUNTY COURT

Shackelford & Dickey Say Body Has Small Power and Exceeds It in Approving Shippers' Liability Bill.

First step in a battle for limitation of the jurisdictional powers of the Interstate Commerce commission was taken in county court Thursday afternoon, when Ferguson & Shackelford, attorneys, filed an \$87.50 suit against the Missouri Pacific railway, the depletion of which will involve the question of the commission's powers. The case will be fought through to the United States supreme court.

The suit is filed for Shackelford & Dickey, dealers in coal and ice. They ask judgment for \$57.50 for loss of 50,000 pounds of ice, shipped from Leavenworth, Kan., and consigned to Omaha on October 6, 6 this year. The ice was lost in a wreck. The plaintiffs asked payment of \$3.50 per ton, as this was the Omaha market value at the time the shipment was made. The company refused and offered to pay \$3 per ton, which was the invoice price at Leavenworth.

The company's attitude was taken under

the Interstate Commerce commission's order approving the uniform bill of lading, used in freight business by all railroads. One of the provisions of this bill is that the liability of a carrier for loss or damage cannot exceed the invoice price of the shipment. Under the common law the carrier would be liable for the market price at place of destination.

The plaintiffs contend that the commission exceeded its power when it approved the bill of lading; that it has only such power as specifically is given it by the interstate commerce act; that it has no authority to make laws and that the authorization of the bill of lading amounted to making a new law.

County Judge Leslie must pass upon the jurisdictional power of the commission if the case comes to trial before he goes to the district bench, in which case Bryce Crawford, the next county judge, must rule.

Whichever way the case is decided in county court it will be carried up through the district and state supreme courts and to the United States supreme court.

LYNCH IS DISCHARGED ON AN ASSAULT CHARGE

County Commissioner John Lynch, who was arrested Sunday morning charged with assaulting William Tessor over an alleged political squabble, was discharged by Judge Crawford in police court Thursday morning.

It was alleged by Tessor that Lynch asked him that party he registered under and when he informed Lynch that he had registered as a socialist the county commissioner assaulted him. There was no testimony introduced into the trial which bore out Tessor's statement.

Mr. Lynch was placed on the stand and told his story. He said he was walking down Leavenworth street, near Sixteenth Sunday morning when he was accosted by Tessor. Lynch said he spoke to the man and kept on walking. He said Tessor then called to him and at the corner of Sixteenth and Leavenworth street he stopped and waited for Tessor. Mr. Lynch said Tessor walked up to him and said, "When are you going to blow up the court house again." Mr. Lynch said he asked why, and Tessor said, "So that you can graft another half million."

Mr. Lynch said he told Tessor to go about his business and be careful about what statements he made. Lynch said Tessor then came towards him and struck him on the head. In purely self-defense Mr. Lynch protected himself and as a result the pair were arrested. William Rapp, Bob Smith and George Shadroit, who were eye witnesses to the affair substantiated Mr. Lynch's story and swore that they heard part of the conversation relative to the court house matter.

In discharging Mr. Lynch, Judge Crawford said, "I don't take any stock in this story of Mr. Tessor's about the registration matter, because if Mr. Lynch would strike every man who did not register as he wished him to why he would be striking until doom's day. There is no evidence here which would warrant me fining Mr. Lynch."

Carrey Act Land Opening—14,000 acres at Jerome, Idaho, December 11, 1911. This land is part of the Great North Side Tract, which has a record of THREE YEARS FROM SAGE BRUSH TO BLUE RIBBONS AND SWEEPSTAKES. For all information, write or wire the Twin Falls North Side Land and Water Co., Milner, Idaho.

TEACHERS, PARENTS, KIDS

Opportunity of Co-Operation is Presented at Teachers' Convention.

VITAL SUBJECTS DISCUSSED

Parents May Learn Many Valuable Points as to the Proper Physical and Mental Training of the Child.

"When it comes to a matter of how reading, writing and arithmetic shall be inculcated into the system of youngsters, mothers and fathers are content to let teacher fight it out with the kids," says a prominent man at the convention. "Reversing matters, with daddy tolling to provide and mother stewing and fretting in the never-ending task of washing necks, ears and frocks, teachers let parents and the kids fight it out when these things are neglected. When youngsters squirm in their seats and declare that their feet are cold and their throats dry, then mother and teacher grow pale together. For Dr. Connell will be there in the morning."

"So, it would be a nice thing if teacher and parents could get closer together on the problem of the proper training of the child," she continued. "The proceedings of the teachers' convention furnish an excellent opportunity for this; in fact, the teachers want to get in closer touch with the parents." Acting on this suggestion, the teacher pointed out a number of the more attractive features of the program:

Some of the Subjects.
"Oral Methods in Teaching the Deaf" is the subject that will be dealt with at the Auditorium this evening at 7:45 o'clock by Carroll G. Pearce of Milwaukee.

At the same place Friday morning at 9 o'clock there will be an address on "The Value of Music in the Individual, Community and National Life," by Francis E. Clark, "The Need of Supervision in Play" will be illustrated at the same meeting by Henry S. Clark of Worcester, Mass. There also will be kindergarten and folklore dances by kindergarten assistants and teachers in the Omaha schools.

Friday evening at the Auditorium Francis G. Blair of Illinois will talk on "Waste in Education."

Friday afternoon several meetings of interest to parents are to be held. At the First Presbyterian church, Dr. H. K. Wolfe of the University of Nebraska will talk on "Aims in Education." Other meetings are scheduled as follows:

High school building, room 303, Dr. A. E. Winship of Boston on "Boys From 12 to 18."

High school gymnasium, "The Purpose of Physical Training," by Dr. Henry S. Curtis, Clark university.

Young Men's Christian Association auditorium, "Playground Movement," by Dr. Henry S. Clark.

Vocational Training.
Those outside the teaching profession interested in manual and vocational training will find papers of interest in the manual training section.

Stereopticon views of Germany by Dr. Foster of the University of Nebraska and "Life in Germany," by Dr. Winifred Hyde, who lived there several years while working for her doctor of philosophy degree, ought to be interesting. The German department of the Omaha High school will put on a drama with high school pupils in the roles.

"Organized Play for School Boys" ought

to command the attention of the parents of the same. E. F. Dowson in the physical training section discusses it. The primary and kindergarten program looks very entertaining with beautiful music by C. H. Miller, supervisor of music in Lincoln.

Is your husband cross? An irritable, fault finding disposition is often due to a disordered stomach. A man with good digestion is nearly always good-natured. A great many have been permanently cured of stomach trouble by taking Chamberlain's Tablets. For sale by all dealers.

SMALL LADS WRITING EARLY TO SANTA CLAUS

Christmas is almost two months off, but there seems to be a number of Omaha youngsters who believe that the early bird gets the worm. For Assistant Postmaster Woodard has piled up on his desk over a dozen letters addressed to Mr. Santa Claus, Sandy Claws, etc. In accordance with Postmaster General Frank Hitchcock's ruling last week letters will be sent to the Associated Charities, the Salvation Army and other charitable organizations instead of consigning them to the dead letter office as is usually the custom.

M. P. Engines to Be Able to Fight Fires

The Missouri Pacific Railroad company is preparing to equip every engine on the lines with fire fighting apparatus. The machine is an invention of W. B. Barton, fire prevention inspector of the system, and can be installed for \$35.

With the machine invented by Mr. Barton, an inch and one-fourth hose can be attached to a plug between the boiler check and injector, pressure turned on an air stream of water thrown sixty-five feet high.

The idea is that when there is a fire in the railroad yards or along the tracks, an engine can be run to the scene and in a short time water can be turned on. The Missouri Pacific engine tanks, on an and a stream of water thrown sixty-five feet high, it is figured, would be sufficient to put out an ordinary fire.

Serious Lacerations
and wounds are healed without danger of blood poisoning by Bucklen's Arnica Salve, the healing wonder. 25c. For sale by Beaton Drug Co.

Motorman Crushed Between Two Cars

E. F. Winquist may lose his right leg as the result of an accident which occurred at the Vinton street car barn, Thursday morning at 5:45 o'clock. The member was crushed between the bumpers of two cars, and the man was hurried to St. Joseph's hospital. Winquist was preparing to go out on his daily run, and at the time of the accident was standing at the rear of his car, adjusting the trolley. J. A. Naess, in charge of a car directly at the rear, intended to back, but instead made a mistake and moved forward. Winquist was caught between the two cars.

Building Permits.
John P. Johnson, 204 Lincoln street, frame dwelling, \$1,400; Modern Homes Construction company, 315 Vinton street, frame dwelling, \$1,700; G. Wharlock Car company, 144 South Eighteenth street, frame dwelling, \$1,000, and 1450 South Eighteenth street, frame dwelling, \$1,000; J. W. Colwell, 268 North Forty-fifth avenue, frame dwelling, \$2,500; P. Reinhardt, 423 Commercial avenue, frame dwelling, \$1,000; Joseph W. Baldrice, 137 North Thirty-ninth street, brick dwelling, \$34,000.

A Badge of Honesty

Is printed on the outer wrapper of every bottle of **Dr. Pierce's Favorite Prescription**

and it is the only medicine for woman's peculiar ailments, sold by druggists, the makers of which feel fully warranted in thus tugging the afflicted into their full confidence.

The more known about the composition of Dr. Pierce's Favorite Prescription the more confidently will invalid women rely upon it to cure their peculiar weaknesses and derangements. There's no secrecy about its make-up—no deceptive inducements held out to the afflicted. It's simply a good, honest, square deal medicine with no alcohol, or injurious, habit-forming drugs in its composition. Made wholly from roots. It can do no harm in any condition of woman's organism.

Devised and put up by a physician with vast experience in the treatment of woman's maladies. Its ingredients have the indorsement of leading physicians in all schools of practice.

The "Favorite Prescription" is known everywhere as the standard remedy for diseases of women and has been so regarded for the past 40 years and more. Accept no secret nostrum in place of "Favorite Prescription"—a medicine OF KNOWN COMPOSITION, with a record of 40 years of cures behind it.

It's foolish and often dangerous to experiment with new or but slightly tested medicines—sometimes urged upon the afflicted as "just as good" or better than "Favorite Prescription." The dishonest dealer sometimes insists that he knows what the proffered substitute is made of, but you don't and it is decidedly for your interest that you should know what you are taking into your stomach and system expecting it to act as a curative. To him its only a difference of profit. Therefore, insist on having Dr. Pierce's Favorite Prescription.

Send 31 one-cent stamps to pay cost of mailing only on a free copy of Dr. Pierce's Common Sense Medical Adviser, 1008 pages cloth-bound.

World's Dispensary Medical Association, Proprietors, R. V. Pierce, M. D., President, Buffalo, N. Y.

BREAKING OUT COVERED BODY

Where Scratched It Made Sores. Terrible Itching and Burning Kept Her from Sleeping. Cuticura Remedies Completely Cured Her. No Return.

"Three years ago this winter I had a breaking out that covered my whole body. It itched so it seemed as if I should go crazy. It first came out in little pimples on my back and spread till it covered my whole body and limbs down to my knees, also my arms down to my elbows. Where I scratched, it made sores, and the terrible itching and burning kept me from sleeping. I tried several remedies all to no purpose. When I used the Cuticura Soap and Ointment, I had only a few days before I could see they were beginning to heal, and the terrible itching was gone.

"Those that lived in the house at the time know how I suffered, and how the Cuticura Soap and Ointment cured me. I never take a bath without using the Cuticura Soap, and I do not believe there are better remedies for any skin disease than the Cuticura Soap and Ointment." (Signed) Miss Sarah Calikin, Waukegan Ill., Mar. 16, 1911.

Cuticura Soap and Ointment are for sale throughout the world, but to those who have suffered much, lost hope and are without faith in any treatment, a liberal sample of each together with 25-p. booklet on the care and treatment of the skin and scalp will be mailed free, on application. Address: Post-er Drug & Chem. Corp., Dept. 8A, Boston.
