SOCIALIST VOTE SHOWS GAIN

More Socialists Than Democrats Vote in Banner County.

IG GAIN IN SOME COUNTIES

Director of Union Fire Insurance Company Says He Was Paid to Withdraw as a Member of the Board of Directors.

LINCOLN, Neb., Nov. 13.—(Special).—For the first time in the history of the state there have been more socialist than democratic votes cast in one of its counties.

Banner however was not the only county in the state to show a decided increase in the number of socialist votes cast—there were several others as well.

Table with 3 columns: County, Socialist vote, Total vote. Lists counties like Adams, Buffalo, Cass, etc.

The comparisons of the various votes were made on J. H. Burleigh's vote this year and the vote on A. T. Hunt and William Wenner in 1909—the previous off-year election.

J. A. Donovan, a former director of the Union Fire Insurance company, today filed an affidavit in district court in which he declares that J. H. Wait, secretary of the company, gave him a check for \$2,000 to withdraw as a member of the directors' board.

This is another move in the case wherein Charles Rose of Grand Island is suing to prevent the Union Fire and The Woodman Fire Insurance companies from consolidating.

Donovan, who lives at Chapman, says that he refused to take the money at first, but when told that other officers of the company had accepted compensation to step aside, he agreed to the proposition.

In the answer of the defendant company Saturday it was denied that any money had been paid to officers of the Union Fire Insurance company.

H. H. Wheeler, whose name has been known over the state for several years past, has been elected a member of the Nebraska house of representatives from this county.

He Heard that Meat and Lumber Men Were for Lorimer

CHICAGO, Nov. 12.—Reports current in Springfield that the meat packing and lumber interests were urging the election of William Lorimer as United States senator because he was an advocate of high protective tariff, were related before the senatorial investigating committee today by State Senator Albert E. Isley, a democrat who opposed Lorimer. Isley testified he gave this information to Alfred S. Austrian, an attorney, just before the first Lorimer investigation, but said it was based merely on rumor and he had no evidence to sustain it. Attorney Austrian was interested in obtaining evidence in the Lorimer case. D. W. Holstlaw, who previously had confessed to having received \$2,500 in one sum and \$700 more from the "jackpot" for his vote as state senator, was re-examined concerning telegrams and letters relating to his coming to Chicago. After Lorimer was elected in 1908 the witness said he came to Chicago in response to a telegram from John Broderick, then a state senator, from whom he said he received the money. The witness identified a bank deposit slip for \$700, which he said represented bribe money received by him from Broderick in August, 1909. The key to success in business is the judicious and persistent use of newspaper advertising.
