

**YOU** have the right to blame the dealer when your furniture goes wrong.

Furniture purchasing is an important transaction. It usually involves a fair sum of money; it always involves your comfort and satisfaction. The furniture we offer is not made simply to sell; it is made to wear. And first of all it is made to please. You will find nothing here that looks "cheap."

But you will find nothing here that does not represent true economy.

We recognize in Berkey & Gay furniture, which we exclusively sell here, the best value for the price. Back of it is the reputation of half a century of faithful furniture making and the standing guarantee of the makers themselves. To this we add our guarantee. We know the furniture and we recommend it unreservedly. With the many pieces on our floors and the large book of direct photographs we enable you to choose from over 2,000 different styles and designs.

### BLUFFS REJECTS COMMISSION

New Form of Government Voted Down in City Across River.

### LOST BY MAJORITY OF 402

Light Vote Cast and Small Amount of Interest Taken Generally by Electors—City Fathers Glad.

Every ward in the city Tuesday registered its protest against any change of the municipal form of government in Council Bluffs and defeated the attempt to enforce the commissioner plan by the decisive vote represented by the difference of 1,387 against 965 for the proposition.

In five of the fourteen city precincts the vote favored the change, but the majorities were weak in comparison to the vote where the stronger protests were registered against it. It will now be two years before it can again be brought forward.

A very languid interest was taken in the special election and less than 50 per cent of the total vote of the city was polled. Not a symptom of trouble, not an indication of ruffled tempers, was reported at any of the polling places. There was no "electioneering" in any sense of the term. The Sixth ward, where the greatest noise was made and the most extravagant claims asserted by those favoring the plan, gave a substantial majority in the negative.

The first precinct gave almost two to one negative and the other two, including East Omaha, gave small favorable majorities.

The Fifth ward, where the same claims were made, gave the largest majorities in the city against the proposition, more than five to one in the Second precinct and more than two to one in the First. The First precinct of the Third ward favored the plan by a small majority and the second precinct voted just two to one against it.

The only explanation is that Robert E. Wallace, who has been an enthusiastic leader of the movement, resides in the First precinct of that ward.

**Result in Detail.**  
The smallness of the vote and its simple character made the count easy and the result was known quickly after the polls closed at 7 o'clock. Following is the vote in detail:

### LEWIS WILL OPPOSE WHITE FOR PRESIDENCY OF MINERS

INDIANAPOLIS, Nov. 15.—Nominations for the international office of the United Mine Workers of America closed today and T. L. Lewis of Bridgeport, O., who last year was defeated for reelection as president, will oppose John P. White of Okaloosa, la., the incumbent.

Edwin Perry, secretary-treasurer for several years, will have no opposition. There are thirty-three candidates for the seven places as delegates to the American Federation of Labor, among them John Mitchell, former president of the Mine Workers. The election will take place on December 12.

### TWO OMAHA MEN ARE HURT

Carpenters in Armour Ice House at Memphis Get Broken Bones.

### TRUSS BREAKS; FALL 30 FEET

A. Menseau Sustains Crushed Foot, Three Have Broken Legs. One Has Ribs Torn—Memphis Man Also Hurt.

The five men seriously injured at Memphis, Neb., yesterday, while employed on an ice house, owned by Armour & Co., were brought to South Omaha hospital this morning. Two of them are Omaha men, J. W. Lawienn, 2816 Capitol avenue, and Amos Menseau, 2222 Poppleton avenue. The latter's right foot was injured. The company insists that none of the men were seriously hurt, yet their injuries are of such a nature that it was necessary to send them to the hospital. The other injured men are John Hill, Gilbert Richards and A. Williamson.

The accident occurred while the men were replacing part of the roof of the ice house of Armour & Co. The floor of the sawdust room underneath collapsed, when a truss broke, precipitating six carpenters and their helper to the bottom of the ice house, thirty feet below.

All of the men were severely injured, sustaining internal injuries, fractured wrists, arms and legs and other bruises.

### Duncan Says Tyranny Causes Big Revolt

ATLANTA, Ga., Nov. 15.—"International insurgency against aristocratic, governmental and judicial tyranny," is the way James Duncan, vice president of the American Federation of Labor, described "a craving for better conditions and for freedom which is permeating all movements of the middle class," before that organization today.

Mr. Duncan consumed the morning session by reading the voluminous report of the executive council and described labor conditions in Europe in a two-hour speech this afternoon.

For the next two days committee work will engage the attention of the delegates. President Gompers this evening invited them to offer any resolutions they had and in a few minutes the hopper was swamped. Action must be taken on every one of them and some report must be made on each to the convention.

Rochester, N. Y., and Seattle have entered the field with Richmond, Va., for the 1913 convention.

### Postal Bank Trustees Will Rescue Bonds

WASHINGTON, Nov. 15.—As the result of the first sale of postal savings bonds in New York recently at the low rate of 92.5, the trustees of the postal savings banks are considering the adoption of prompt methods to maintain the securities at their face value. They will announce their willingness shortly, it is asserted, to invest in these bonds at par the 20 per cent of postal savings deposits which the law places at their disposal for investment "in bonds or other securities of the United States."

If the 30 per cent at the disposal of the trustees should be insufficient at any time to maintain the parity of outstanding bonds, it is pointed out that the law authorizes the president to direct the withdrawal of 50 per cent, or all but 5 per cent of the remainder, for investment in bonds or other securities of the United States when in his judgment and general welfare and interests of the United States so require.

### COUNTY COMMISSIONERS TALK OVER GOOD ROADS

GRAND ISLAND, Neb., Nov. 15.—(Special Telegram.)—The second meeting of the Platte Valley Transcontinental Good Roads association was held in this city this afternoon. Prominent among those in attendance were Commissioner O. J. Pickard of Douglas county, H. E. Claiborne of Merrick county, Mayor George Weebe of Fremont, Dodge county; Gus Stevens of Hall, Eugene Deal of Keith, J. E. McNally of Colfax, Treas-

### Flying Car Strikes Wagons, Bumping Anderson Severely

J. M. Anderson, his wagon, and a wagon the property of the A. K. Nuckolls company, came off second best in an encounter with a northbound street car near the corner of Furlith and Chicago streets at 6:09 o'clock last night.

Mr. Anderson, who is a paperhanger and decorator, has a bruised head and several strains only, though he barely escaped death in the collision. Both wagons were wrecked, Anderson's being reduced to kindling wood.

The delivery wagon of the Nuckolls company, 501 1/2 Cuming street, was standing unattended at the place when the accident happened. In the darkness Mr. Anderson could not see it, and his horse as he drove north ailed on reaching it. Just then the street car driven by Motorman C. C. Gassaway came flying along, piling both wagons in a heap, with Mr. Anderson in the thick of the flying spokes, springs, shafts and frames. His wagon was loaded with paint and this trickled through the wreckage.

Mr. Anderson was taken to his home, 284 Seward street, where he was soon able to walk about as usual.

### YOUNG MAN KILLS HIMSELF TO AVOID FANCIED ARREST

DEER RIVER, Ia., Nov. 15.—(Special.)—After writing a note addressed to his father in which he said he must either kill himself or be disgraced by arrest, Harrison Stone, aged 22, who lives five miles southeast of here, committed suicide by blowing off the top of his head with a shotgun. Young Stone was unmarried, and there is no known motive for his act. As far as is known his arrest was not imminent. He is the son of W. C. Stone, a well-to-do farmer.

### New Find Indicates External Explosion

HAVANA, Nov. 15.—Exploration of the bottom of the Maine today, about 110 feet aft of the bow, revealed a plate identified as forming a portion of the outer hull of the ship on the port side near the keel and under the magazines, as having been blown inward, the upper part being folded inward. This apparently could result only from external pressure.

The engineer in charge and the other officers are maintaining reticence, but the discovery is strongly confirmatory of the theory of an external explosion.

One body was recovered today from the boiler room. It was that of an unusually tall man.
