

# A SQUARE-DEAL

Is assured you when you buy Dr. Pierce's family medicines--for all the ingredients entering into them are printed on the bottle-wrappers and these are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless--even to the most delicate women and children.

Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles in them, viz.--pure triple-refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or other organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures even the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on-coughs, caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages--no medicine will do that--but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

To find out more about the above mentioned diseases and all about the body in health and disease, get the Common Sense Medical Adviser--the People's Schoolmaster in Medicine--revised and up-to-date book of 1000 pages--which treats of diseased conditions and the practical, successful treatment thereof. Cloth-bound sent post-paid on receipt of 31 cents in one-cent stamps to pay cost of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

## Scott's Bluff Club Discusses Irrigation Needs With Senators

SCOTT'S BLUFF, Neb., Nov. 16.-(Special.)--The Scott's Bluffs Commercial club gave a banquet in honor of the visit to our city of Senators Brown and Hitchcock and Representative Kinkaid. The guests came here to acquaint themselves at first hand with the great problems that are up for consideration affecting irrigation in this state and the interstate questions which are raised by the attitude of the Wyoming delegation, and drainage and sugar industry and its development here.

The first question was given preponderance of attention, because of the immediate necessity of knowing whether Wyoming will be permitted to depreciate the value of Nebraska interests and materially injure the pioneers who have built up this inland empire for the sake of new construction in Wyoming and for people who are not yet on the land. Some time ago the secretary of the interior at a meeting in Mitchell heartily approved of first taking care of the canals already upon the ground. At that time nearly all of the old canals asked for supplemental water from the Pathfinder reservoir, but for some reason none of these applications have yet the approval of the secretary.

A committee, consisting of the president and secretary of the Scott's Bluff club, Charles A. Merrill and G. L. Shumway, and A. L. Bowen, J. C. McCreey and A. V. Officer, met the guests, and after a whirl around the country and a visit to and through the sugar factory, they were quite familiar with the needs of the valley.

Beach Coleman officiated as toastmaster. Fred Wright spoke at some length upon the needs of the old ditches of the valley, and responses were heard from W. F. De Vault, of Bayard, Colonel Lyman of the Minutare Sentinel, A. B. Wood of Gering, Dr. Faulk of Mitchell, Attorney Kearney of Morrill.

J. T. Whitehead, president of the Water Users' association, spoke on seepage and drainage; M. J. Huffman of Gering, on sugar beets and the men who grow them; S. H. Warrick of Alliance, on intensive farming from a banker's standpoint; William Morrow, solution of some of the homesteaders' troubles; F. C. Simmons, on the sugar industry; Don Price, state engineer, and C. N. Wright also made addresses.

Norris Brown, M. P. Kinkaid and G. M.

## NEMAHA COUNTY LAYMEN AT MEN AND RELIGION FEAST

PERU, Neb., Nov. 16.-(Special.)--One hundred and two men attended the banquet provided in connection with the men and religion forward movement of Nemaha county. Dean E. L. House of the state normal was toastmaster and introduced the following speakers at the close of the three-course dinner: Mr. Kelley, "Business Men and Religion"; Coach Thacker, "What is a Man?"; Rev. J. H. Sutt, "Man and His Religion"; Superintendent Doremus, Auburn, "Men and Action"; Rev. J. H. Salisbury, Auburn, "The Men and Religious Movement"; C. R. Welden, "The Brotherhood Idea"; and E. H. Dort, Auburn, "The Auburn Brotherhoods."

Under the chairmanship of Rev. Mr. Darrow an organization of a local brotherhood was effected, with the following officers: President, M. C. Lefter, Methodist; vice president, H. B. Duncanson, Baptist; vice president, C. R. Welden, Christian; vice president, C. B. Hendricks, secretary-treasurer, Earle Fisher.

## DOANE RESTING UP FOR GAME WITH BELLEVUE

CRETE, Neb., Nov. 16.-(Special.)--The Doane Tigers are taking it easy for a few days after the game with the university and are preparing in a leisurely way for their next contest, that with Bellevue on November 25. Coach Johnson allowed all the varsity to take a lay off Monday, and still a few on Tuesday, but they will all be back in the game in a day or so. The scrubs play the Wesleyan scrubs at Crete Saturday, November 18, so that the coach is spending most of his time whipping the second team men into shape for this contest. The scrubs played a better lineup than they did two weeks ago, when the Wesleyan second men beat them, and expect to turn the tables next Saturday.

Much interest is being taken in the Bellevue game, and in all probability there will be a goodly number go from Doane to Bellevue with the team to witness the fray between the Tigers and the Elks. Doane has made a better showing

## FAIRBURY PROHIBITIONISTS CLAIM NEW POLICE OFFICE

FAIRBURY, Neb., Nov. 16.-(Special.)--The prohibitionists of this city have stirred up quite a bit of excitement since election by their attorney, W. J. Moss, claiming that H. Y. McCloskey was elected police magistrate at the recent election and that he is entitled to the office held by Roy E. Riley. Seven or eight parties of this city wrote Mr. McCloskey, objecting to his election at the general election. It is said the last legislature passed a law abolishing the office of police judge in cities of the first class and creating instead the office of police magistrate; also providing for his election at the general election, instead of at the city election.

Attorney Moss asked the canvassing board of Jefferson county to declare Mr. McCloskey elected, but it conferred with County Attorney Frank L. Bain. Mr. Bain took a trip to Lincoln and asked counsel of the attorney general. Mr. Bain advises that the attorney general of Nebraska held that the person holding the office of police judge would hold for the term for which he was elected, when the office of police magistrate would then be filled as provided by law. It is said that Moss may carry the case up to a higher court.

## Electroliners for Humboldt

HUMBOLDT, Neb., Nov. 16.-(Special.)--At a meeting of the Commercial club Tuesday evening it was decided to plant a large number of trees in the park to take the place of those removed about a month ago and place in a number of electroliners about the square for the purpose of securing better light service.

## Mattox-Dunlap

NEBRASKA CITY, Neb., Nov. 16.-(Special.)--Robert W. Mattox, aged 58 years, and Mrs. Hannah Lizale Dunlap, aged 46 years, were united in marriage at the home of the bride at Douglas this morning. Both are well known residents of that part of the county.

## Funds for Odd Fellows' Home

HUMBOLDT, Neb., Nov. 16.-(Special.)--The local lodge of Rebekahs, in order to raise some money to donate toward the new Odd Fellows' home at York, gave a calico carnival last night, proving a success.

### DOLLAR GAS CASE UP SOON

Lincoln Will Soon Know Whether Ordinance Passed is Legal.

### MUCH MONEY MAY BE PAID BACK

Company Has Big Bond to Insure Payment in Case Suit is Lost--Harman Files Expense Account.

(From a Staff Correspondent.) LINCOLN, Nov. 16.-(Special.)--The dollar gas case, wherein an ordinance passed by the city council of Lincoln more than five years ago, is to be tested as to its validity, in the United States supreme court, will come up for hearing before that tribunal at the sitting beginning December 4, according to word received by City Attorney Foster today. The city will be represented at the hearing by Attorney W. M. Morning and City Attorney Foster, while the gas company will have E. C. Strode and Halleck F. Rose conduct its side of the litigation.

More is at stake in this case than any other piece of litigation to which the city of Lincoln was ever a party. The ordinance was to have gone into effect January 1, 1907, but was held up by court proceedings which will end only in the highest court in the land. If the case is decided against the company it will be liable for the 20 cents per thousand cubic feet it has charged for gas since the date the ordinance should have become operative and effective.

The total refund in that event will amount to something more than \$300,000 for which the gas company put up a bond of \$50,000 at the time the case was appealed to the United States supreme court. The question whether this refund can be collected if consumers have not kept their receipts, in the opinion of attorneys here, will be one for settlement in case the city wins in the litigation. The majority of those who have expressed themselves in the matter say that the collections can be made despite the failure of any of the consumers to retain their gas receipts.

### Error Found in Statutes

Dawson and Kimball counties are without jurisdiction, as far as the judicial districts of the state are concerned, in Cobbey's 1311 statutes. Both are in the Thirteenth district, according to the appointment bill passed at the last session of the state legislature.

### Dan Stephens' Majority

According to official figures, Dan Stephens carried the Third district by 3,346, or 334 less than the majority rolled up by Congressman Latta a year ago. Elliott polled 72 more votes than Boyd did in 1910, while Stephens did not come up to Latta's mark by 3,392 votes.

### Harman's Expense Bill

The expense statement of C. E. Harman of Holdrege, who opposed Thomas Hall for the State Railway commission at the late election, was filed today with Secretary of State Willard. The total amount of the statement is \$25,712 yesterday, amended the statement today by adding \$49.20 to the original statement.

### NORTHWESTERN RAILROAD IS WORTH THIRTY-ONE MILLION

(From a Staff Correspondent.) LINCOLN, Nov. 16.-(Special Telegram.)--The present value of the Northwestern railroad in this state, according to figures announced by the railway commission today, is \$31,365,833.69. The appraisal has just been completed under the provisions of the physical valuation act and includes 1,263.6 miles of track. The reproduction value, new, is given as \$38,195,255.31, or \$8,229,421.62 lower than the railroad's figures on the same item. A hearing will be held by the commission December 12, at which time the company may show cause why the valuation should be altered in any particular.

### House at Syracuse Burned

NEBRASKA CITY, Neb., Nov. 16.-(Special.)--The house on the farm of J. Han McKee, north of Syracuse, was burned with all of its contents, while the family were away from home. The house was occupied by L. L. Lord and he and his family lost everything. There was only a light insurance on either house or contents.

### Bootlegger Fined Hundred

BROKEN BOW, Neb., Nov. 16.-(Special.)--Willie Moore again bobbed up in

district court on Monday of this week and pleaded guilty before Judge Hostetter to a charge of bootlegging. He was fined \$100 and costs and committed to jail until the fine was paid. This same Moore is under indictment charged with arson in connection with the burning of the old court house. The case will probably come up in district court some time next week.

## Hall County Grand Jury Finishes Work

GRAND ISLAND, Neb., Nov. 16.-(Special.)--The grand jury, formally charged with the general duty of investigating the conditions in the county with reference to law enforcement made a report yesterday, having investigated the public institutions, and part of its findings has been made public. Indictments were returned against four prisoners in the county jail and against F. F. Kanert, the complainant being a young girl of 14 years. The accused was required to give a new bond. The investigation is believed, from the witnesses called, to have included also the situation with reference to the Albert law. No indictments have been returned, however. The jury was composed almost wholly of well known farmers, prominent in the affairs of the county.

## STATE AUDITOR SANCTIONS LIFE INSURANCE CHANGE

(From a Staff Correspondent.) LINCOLN, Nov. 16.-(Special.)--The Bankers' Life insurance company of Des Moines, Ia., has been given permission to do business in this state as a legal reserve company, although members will be continued on the assessment plan. New members will be written on the legal reserve basis. The state auditor does not believe that equity can be maintained between the two classes of members, but as the Iowa insurance department has approved the plan Auditor Barton thinks that no good to the members of the organization could come of his attempts to hold out on the matter and so has authorized the issuing of a license.

In setting out his position on the matter, Auditor Barton has issued the following statement with regard to the new plan of the Des Moines company: "The Nebraska department believes that it is impossible to maintain exact equity between the two classes of members on the assessment plan. Neither does it approve of the manner in which the change has been brought about, in that it was not submitted to the members for their approval, but inasmuch as it comes before our department as an accomplished fact, and that the directors in changing the plan had consulted with and secured the unqualified approval of the Iowa department, it is not thought that any benefit to the members would result from refusal."

No question is raised as to the honesty or sincerity of the management in making this change, either can it be doubted that a change was desirable, but in any mutual company the members comprise the company. It is their duty to do with as they see fit in accordance with the law, and we can only regret that the directors did not take a little more time and submit the whole matter candidly to the members.

The law of Iowa provides that the directors of a company of this class may take such action and bring about the results accomplished in this case. We think, however, that such a law is open to severe criticism and is calculated to void its own utility.

## DAMAGE SUIT GROWS OUT OF SALE OF WRONG DRUG

BROKEN BOW, Neb., Nov. 16.-(Special.)--A case that is attracting considerable attention before Judge Hostetter in district court this week is the \$,000 damage suit brought by J. E. Moses of this place against the Barber-Matthews Drug company of Callaway, growing out of the death of his wife, Mrs. Fitta Moses, that occurred a little over a year ago. The case was one in which Mrs. Moses was alleged to have purchased tartaric emetic by mistake from an unregistered clerk, instead of cream of tartar which was asked for, dying later from an overdose of the poison. The drug clerk, John Christopherson, had a hearing at the time in county court on the charge of manslaughter, but was not held to the district court. The plaintiff in the present case contends that as the clerk was not registered, the proprietors of the drug store are responsible for the alleged mistake, hence the damage suit. The case has taken up the best part of the week, as both sides have a host of witnesses and the examinations are thorough and lengthy.

## Boy Drugged by Mule

HEATRICE, Neb., Nov. 16.-(Special Telegram.)--Merle Hottelmaier, the little son of J. A. Hottelmaier, a farmer, was probably fatally injured today while leading a mule. He became entangled in the rope in some manner and was dragged a hundred feet. His leg was splintered and he received internal injuries which will likely prove fatal.

## Ice Plant for Seaward

SEWARD, Neb., Nov. 16.-(Special.)--W. G. Dickinson has sold his apartment house to L. J. Wilford, who will start a plant to manufacture artificial ice here.

More Economical than the Cheap and Big Can Kind -- and MUCH BETTER

WHY? Because Calumet Baking Powder is more certain in its results--the baking is always lighter, more delicious and more evenly raised. You never have a spoiled batch of baking by its use. It requires less--hence goes further.

IS the "full value" baking powder--the highest quality baking powder at a medium price. And we guarantee that it will give you more real satisfaction than any baking powder you have ever used--ask your grocer. Free--large handsome receipt book, illustrated in colors. Send 4c and slip found in pound can. Calumet Received Highest Award--World's Pure Food Exposition

## DRINK AND OPIUM

Habits cured by a thorough and scientific course of treatment which removes the craving or necessity for liquor or drugs, imparts new strength to every organ, and builds up the general health. Proven efficacious by 20 years' use and the cure of more than 500,000 patients. Beware of imitations. The genuine Keeley treatment is administered in this state only at THE KEELEY INSTITUTE, 25th and Cass Streets, OMAHA, NEB.

## To Attain Success as a Stenographer

The typewriter operator who thinks one thing and does one thing secures a better result than if her thoughts are divided.

A keyboard with a key for every character and the keys arranged in straight lines so simplifies the operation of typewriting that accuracy is secured without mental strain.

On the SMITH PREMIER keyboard there is a key for every capital letter, a key for every small letter, and a key for every character. To print any letter or any character the operator strikes one key once.

Nothing could be simpler; therefore anything more difficult is a handicap.

You are invited to call at the offices at 19th and Douglas streets where, if you desire, the machine will be demonstrated. We assure you, too, that your interest in the machine will not result in "cannassers" making your life miserable until you buy.
