PACKERS EXPECT COURT VICTORY

Judge Kohlsaat Asserts Effectiveness of Custody of Defendants Not Questioned.

WILL GIVE DECISION TODAY Government Seeks to Quash Habeas Corpus Proceedings.

COUNSEL FINISH ARGUMENTS Court Asks for List of Citations in the Case.

REMARK AROUSES ATTENTION Judge Asserts There is Not Much Question, but that Packers Were in Custody Sufficient to Justify Writ.

CHEGAGO, Nov. 1.—Indicted packers who are seeking a ruling from the United States supreme court on the validity of the Sherman anti-trust act, expressed themselves as much encouraged late today, when United States Circuit Judge C. C. Kohlsaat said he saw little reason to question the effectiveness of the custody of the defendants, upon which the disputed habeas corpus proceedings originated.

Although Judge Kohlsaat announced that he would not hand down his decision on the government's motion to quash the habeas corpus writ until tomorrow morning, the defense hailed the court's practical decision of the point of custody as a forerunner of victory for the packers in the habeas corpus fight.

Comment regarding the point of custody was made by the court while United States District Attorney James H. Wilkinson was concluding his arguments against the packers' writ.

"I don't think there is much question but these parties were in custody that would justify the issuance of the writ," said Judge Kohlsaat.

The remark challenged instant attention from lawyers, defendants and spectators in the court room.

Counsel for both sides today finished their arguments on the government's motion to quash and Judge Kohlsaat asked for a list of citations advanced in the last two days. The court then announced that his decision would be ready tomorrow morning.

SAYS ROOSEVELT DOES NOT KNOW ALL FACTS ABOUT STEEL TRUST WASHINGTON, Nov. 17.—Chairman Stanley of the house steel trust investigating committee had a conference today with President Taft after which he made a statement regarding former President Roosevelt's editorial in the Outlook on the government's prosecution of the United States Steel corporation.

"I doubt that any one man," said Mr. Stanley, "will make up the minds of the American people as to the good or evil of the steel corporation. I believe there are a great many facts in the case which Mr. Roosevelt does not know. I doubt that Henry C. Frick and Judge Elbert Gary made Mr. Roosevelt their father confessor with perfect candor."

Mr. Stanley said the Sherman anti-trust law was a competent statute, but he believed it could be improved. He indicated that his conference with the president related to the subject.

WRITES STORY OF HER LIFE Next Move in the Harvester Case is Up to the Combine

WASHINGTON, Nov. 17.—The next move looking to the voluntary disintegration of the International Harvester company rests with that corporation. The negotiations between the Department of Justice and the company have been temporarily suspended pending action by officials of the so-called harvester trust upon the department's objections to the plan of resolution submitted by the representatives of the company.

SAYS SHERMAN ACT IS WEAK Senator Cummins Criticizes Tobacco Reorganization Plan.

WASHINGTON, Nov. 17.—Changes in the Sherman anti-trust law to prohibit such a reorganization as that sanctioned in the American Tobacco company case and to prevent such delays in prosecution as have occurred in the bestreut hearing, were indicated today by Senator Cummins at the hearing before the Interstate Commerce committee of the senate.

"Questioning H. B. Martin of the anti-trust league, who opposed any amendment to the Sherman law, Senator Cummins referred to the degree in the tobacco company case authorizing the reorganization of four companies and called attention to the announced report of the Department of Justice not to interfere with the reorganization.

"I do not believe the organization of four companies will restore competition, but in the minds of the authorities, it is apparently in harmony with the anti-trust law," said Senator Cummins. "In my opinion the anti-trust law will not maintain competition and it ought to be amended and strengthened."

Senator Cummins referred to a possible limitation of the capital stock of corporations, a divorcing of manufacturing business from sources of supplies and a separation of business and transportation elements as changes in the law would lead to better competition.

Mr. Martin said the anti-trust league of which he is secretary, proposes to fight the dissolution decree in the American Tobacco case on the ground that it does not comply with the anti-trust law. He declared that succeeding officials of the government in the last twenty-one years had failed to enforce the law properly.

"Do you claim they betrayed their trust?" asked Senator Cummins. "That is strong language," said Mr. Martin, "but in some cases I believe they did."

Senator Cummins said that in his opinion when a certain course had been pursued over a period of years by public officials it indicated there was either something essential lacking in the law or that all public officials constituted "a band of rascals."

"It is hardly conceivable," he said, "that all our judges, attorney generals, presidents and other officials have been in a conspiracy to defeat this law. It would seem that the law could be so amended that questions of doubt would be removed and that public condemnation would fall on the man who failed to enforce its provisions."

SOCIALIST EDITOR IS AGAIN INDICTED FORT SCOTT, Kan., Nov. 17.—Fred D. Warren, the socialist editor of Girard, Kan., who was pardoned by President Taft on the occasion of his conviction for using the mails improperly, was indicted a second time by the federal grand jury here today. The charge is, circulating improper matter in his paper. He gave bond and was released.

In Geneva street cars were derailed. In this city and in Zurich theater audiences were thrown into a panic and rushed into the streets. At Chamonix enormous avalanches rushed down Mont Blanc. The seismic motion was from north to south.

Historic Building Damaged. BERLIN, Nov. 17.—The earthquake of last night, which was felt in a wide area of central Europe, severely damaged the castle of Hohensollern on the Steep Zollerberg, near Hechingen, Prussia. Statues were disfigured and great cracks appeared in the towers.
