Men's Column

You Will Find Bennett \$15 Suits in Every Line of Business and Professional Life

Ask the men who wear Bennett \$15 suits why they wear them and variously they will answer: "Because I have always found them thoroughly satisfactory in looks and wear." "Because they cost about a fourth less than other clothes of the same grade." "Because the Bennett variety of styles, fabrics and patterns is so large that I can always get exactly what I want."

These are the reasons for the clothing preference of this store and these are the reasons why 25 per cent of the men who compare the values around town eventually buy here; these are the reasons why you should come here if you want value-received for every dollar of clothes money you spend.

\$5.00 Buys a Boy's Fine Suit Plus a Second Pair of Trousers

The suits are made of good quality serges and other honest materials--pure wool, guaranteed fast colors, thoroughly reliable workmanship, a good variety of styles.

Even without the extra trousers they would be unsurpassed at the price. If \$5.00 isn't the price you wish to pay, we have other two-pants suits at \$3.50, \$4.00 and \$6.00.

We challenge comparison of our boys' blue serge suits at \$4.00 and \$5.00. Of heavy serge cloth, full lined, peg top trousers, double-breasted coats.
