SAGE TEA, USED BY OUR GRAND-MOTHERS TO DARKEN THE HAIR

Restores Gray Hair to Natural Color, Stops It from Coming Out and Makes It Grow.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea" and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

This remedy is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

If your hair is losing color or coming out, start using Wyeth's Sage and Sulphur today, and see what a change it will make in a few days' time.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Sherman & McConnell Drug Co., Cor. 16th and Dodge, Cor. 15th and Harney, Cor. 24th and Farnam, 207-9 N. 16th St., Loyal Hotel.
