

ALDRICH PLAN NOT ENDORSED

Trans-Mississippi Congress Resolutions Touch it Lightly.

PARCELS POST IS TURNED DOWN

Committee Thinks it Would Menace Development of Small Towns—Fight is Carried to the Floor.

KANSAS CITY, Mo., Nov. 12.—Having failed in their efforts to have their pet measures accepted by the committee on resolutions, friends of state's rights and the parcels post carried their fight to the floor of the Trans-Mississippi Commercial congress today when the resolution committee's report came up for adoption.

When the congress adjourned at noon the state rights advocates, led by W. W. Garwood of Denver, who sought the adoption of an amendment opposing the taxing by lease or royalty of any natural resources of a state by the national government had lost their fight, and the parcels post question had not come to a vote.

The monetary question, which it was thought would precipitate a battle, did not cause a ripple. A resolution recommending the careful consideration of the plan fostered by the national monetary commission was adopted.

The officers, headed by A. C. Trumbo, Muskogee, Okla., for president as submitted by the nominating committee were elected.

Chairman Ralph Faxon of Garden City, Kan., presented the resolutions committee's report. It directly opposed the parcels post and was not firm enough on state rights to satisfy some of the delegates.

Minority Report Submitted. Several times during the reading of the report Dr. George F. Neal of Fort Madison, Ia., a member of the committee who failed to attend the meeting last night, gave notice that he had a minority report to read. Upon completing his report, Mr. Faxon said:

"Mr. President, as I understand it there is no authorized minority report to be heard. I therefore—"

But Faxon got no further. Dr. Neal was on his feet and shouting: "There is a report," he said. "Furthermore, I demand to be heard. I am old enough to be this man's father and I think I have a right to be heard."

Mr. Faxon agreed to hearing the report and, amid cheers, Dr. Neal read it. The report stood for the parcels post, an enlargement of state's rights and votes for women. After reading the report Dr. Neal began to discuss the resolution and then his opponents began to use parliamentary tactics to beat him. Under the cross fire Dr. Neal became somewhat perturbed and shouted an indignant reply.

A motion by Martin Egan, a delegate from the Philippines, to lay the report on the table was adopted.

Garwood Charges Gag Rule. When the discussion of the report of the regular resolutions committee was begun, the discussion centered for more than an hour on the Shafroth state's rights resolution defended by Mr. Garwood. Believing that an attempt was being made to prevent the resolution receiving due consideration, Mr. Garwood arose and despite the insistence of various delegates that he was out of order, said:

"There seems to be a desire on the part of many in this convention to shut off discussion. This should not be permitted. Everyone has a right to be heard. And that is not the only fault of congress. Why does it not declare for something. A man that rides in the middle of the road never gets any place. Yet that is what this congress appears to be doing."

The majority report declaring against the parcels post was adopted this afternoon by 90 to 40.

After a strenuous session that extended into the early hours of today, the resolutions committee of the Trans-Mississippi Commercial congress framed a set of resolutions for presentation to the congress, declaring that the Aldrich currency plan "may be" a step in the right direction, but refusing to give complete endorsement to the plan. The resolution adopted by the committee on the subject of currency reads:

"We realize that the monetary system of the United States is inadequate for the needs of the country and strongly urge upon congress the necessity for remedial legislation. We believe that the plan suggested by the National Monetary committee may be a step in the right direction and recommend its careful and conservative consideration. There is no more important question at this time before the American people and it should be considered strictly from the standpoint of economics and business."

Parcels Post Rejected. The committee rejected a resolution favoring a parcels post, declaring such a law would be a menace to the development of small towns, and commending the Interstate Commerce commission for its stirring action intended to lower the express rates on small parcels.

The committee rejected resolutions favoring woman suffrage. Summarized, the resolutions recognize and pay tribute to the patriotism and drainage work, both national and state as elements in western development.

Urge the nations to issue \$50,000,000 in bonds for the improvement of the rivers and harbors from the Atlantic to the Pacific and from the lakes to the gulf.

Endorse the establishment of a national department of health. Declares in favor of government aid for the construction of good roads.

Endorse the action of the daughters of the American revolution in moving to build a national highway from ocean to ocean and asks national aid for it. Favor the despoiling of Galveston harbor to thirty-five feet at low tide by the national government.

Brandeis Stores Big Purchase

ALL THE MEN'S OVERCOATS and SUITS FROM AN EASTERN WHOLESALE TAILOR At a Sacrifice of About One-Third Their Actual Value

SALE BEGINS Saturday OLD STORE Main and Second Floors

NO FRESH EGGS IN CHICAGO

Butter and Egg Board Refuses to Make Quotations on Extras.

MAY BE ECHO OF SUIT
Exchange is Defending Itself Against the Charge of Conspiracy to Raise Prices.

CHICAGO, Nov. 12.—Fresh eggs in Chicago today were like jewels, beyond price. At least, so the butter and egg board here would have the public believe.
"There are not enough fresh eggs coming into Chicago to make price quotations worth while," said President G. W. Bull of the butter and egg board. "We cannot place a value on fresh eggs if there are none and this seems to be the condition. If we named a quotation, it would have to be an ideal one—what would be the price in case fresh eggs were being brought in."

Quotations on the two highest grades of newly gathered eggs, "extras" and "delmo extra," have been suspended and the butter and egg board will take action tomorrow on a resolution to discontinue quotations on "firsts" and "ordinary firsts." If the vote is affirmative it will mean that there will be no prices for Chicago on eggs of any sort, as cold storage and refrigerator eggs are not quoted.

CHIEF OF POLICE OF ABERDEEN IS REMOVED
ABERDEEN, S. D., Nov. 12.—(Special)—After going into executive session, the board of city commissioners at a special meeting removed Seth Richmond, chief of police, and appointed Patrick Kierley temporarily to fill the vacancy. It is claimed Richmond advanced \$10 of a \$25 bond required of a woman who was arrested at night to insure her appearance next morning. The woman appeared for trial, and was fined, and paid the fine and refunded the chief's share of the bond money, but the commissioners

contented the chief's action was improper. The affair of the bond occurred on July 21, but no action was taken until Thursday of this week. Chief Richmond's resignation was asked by Police Commissioner Rasmussen, and when he refused to resign, the board removed him from office.

COMMERCIAL ASSOCIATION ORGANIZED AT YANKTON

YANKTON, Nov. 12.—(Special)—The Yankton Commercial association has re-organized here with 130 members. Directors chosen were Messrs. Ferris, Gurney, Roans, Magner, Lusk, W. J. Fante, M. M. Bennett, Olof Nelson, John Max, and W. E. Heaton.

Little Bob Roy MacGregor, 5 years old, was attacked by a vicious dog here and received three very serious bites in the face before he was rescued.
